To Dwell In Unity The Jewish Federation Movement In America Since 196:

To Dwell in Unity Philip Bernstein, 1983 Behold how good and how pleasant it is for brethren to dwell in unity the Psalmist declares The Council of Jewish Federations CJF an association of 200 Jewish federations embracing 800 communities in the U S and Canada strikingly exemplifies this spirit Unique among all Jewish organizations the federation movement has brought together the most diverse philosophies views and priorities to work together for the purposes which all share Book Jacket **Black Power, Jewish Politics** Marc Dollinger, 2024-04-02 Black Power Jewish Politics expands with this revised edition that includes the controversial new preface an additional chapter connecting the book s themes to the national reckoning on race and a foreword by Jews of Color Initiative founder Ilana Kaufman that all reflect on Blacks Jews race white supremacy and the civil rights movement **Inventing the "American Way"** Wendy L. Wall, 2009-09-03 In the wake of World War II Americans developed an unusually deep and all encompassing national unity as postwar affluence and the Cold War combined to naturally produce a remarkable level of agreement about the nation s core values Or so the story has long been told Inventing the American Way challenges this vision of inevitable consensus Americans as Wendy Wall argues in this innovative book were united not so much by identical beliefs as by a shared conviction that a distinctive American Way existed and that the affirmation of such common ground was essential to the future of the nation Moreover the roots of consensus politics lie not in the Cold War era but in the turbulent decade that preceded U S entry into World War II The social and economic chaos of the Depression years alarmed a diverse array of groups as did the rise of two alien ideologies fascism and communism In this context Americans of divergent backgrounds and beliefs seized on the notion of a unifying American Way and sought to convince their fellow citizens of its merits Wall traces the competing efforts of business groups politicians leftist intellectuals interfaith proponents civil rights activists and many others over nearly three decades to shape public understandings of the American Way Along the way she explores the politics behind cultural productions ranging from The Adventures of Superman to the Freedom Train that circled the nation in the late 1940s She highlights the intense debate that erupted over the term democracy after World War II and identifies the origins of phrases such as free enterprise and the Judeo Christian tradition that remain central to American political life By uncovering the culture wars of the mid twentieth century this book sheds new light on a period that proved pivotal for American national identity and that remains the unspoken backdrop for debates over multiculturalism national unity and public values today Forthcoming Books Rose Army, 1984 **The Cumulative Book Index** , 1984 A world list of books in the English language *American Book Publishing Record* , 1984-04 Subject Guide to Books in Print , 1983 **Pro-Russian Organizations in Poland after 1986** Przemysław Witkowski, 2025-11-13 This book shows how for 35 years Russia has been supporting its agents of influence and allies in a seemingly highly hostile society Poland Conspiracy narratives ideological harmony and old alliances from the period of the Eastern Bloc are primarily the glue that binds the Russian network of influence In depth journalistic

investigations spy trials and embarrassing email leaks here you can find many answers to how Moscow works when it wants to influence the political situation in third countries in this case Poland The Polish case study of the pro Russian camp shows how the Kremlin operates in NATO s eastern flank wanting to increase political polarization supporting radicalism and strengthening the message of extremists from both the right and the left This book tells us what political circles Moscow s Polish allies come from their goals and their beliefs It also shows their international alliances outlining the Russian network of influence in the European Union and more broadly The author also tries to impose on this set of political entities a network of concepts doctrines and theories the Moscow center uses to show permanent mechanisms of action As a result this book ceases to be just a case study of Poland and becomes a much more helpful study allowing the use of patterns obtained from many years of research summarized in this publication to understand Russia s influence in other regions Having examined the reasons for cooperation with Russia ideological geopolitical and historical in a country as reluctant to form alliances as Poland and understanding the mechanisms of selection and influence on such actors by the Kremlin we can transfer this knowledge to understand the pattern to other countries It will be of interest to researchers of Russian and Polish politics right wing nationalism and hybrid warfare *Public Opinion* ,1899 The Library of Congress Author Catalog Library of Congress,1953 *America, History and Life* ,1981 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide **America** ,1950 The Jesuit review of faith and culture Nov 13 2017 **The New Statesman and Nation** ,1956 **New Statesman and Nation** ,1956 **Christianity Today** ,1979 **Religion Index Two** ,1993 Yearbook of International Organizations ,
