

Praise for

# *To Hear Only Thunder Again: America's World War II Veterans Come Home*

*"Social historians and the general reader will find this book quite informative."*

*-The Journal of Popular Culture*

*"The author is to be commended for looking at a phase of  
World War II history that has not been fully investigated by the historian....  
This book needs to be added to anyone's library interested in the  
management of war and its aftermath."*

*-Journal of America's Military Past*

# To Hear Only Thunder Again Americas World War Ii Veterans Come Home

**John Ibson**

## **To Hear Only Thunder Again Americas World War II Veterans Come Home:**

**To Hear Only Thunder Again** Mark David Van Ells, 2001-01-01 The paucity of scholarly literature on World War II veteran readjustment might lead one to believe these nearly sixteen million men and women simply took off their uniforms after the War and reintegrated into society with ease Mark D Van Ells path breaking work is the first serious analysis of the immense effort that was required to avoid the potential social decay so often associated with veteran reintegration To Hear Only Thunder Again explores the topical issues of educational health employment housing medical and personal readjustment faced by veterans while continuously situating these issues against the backdrop of society's political response Never before or since had Americans taken such a keen interest in veterans affairs While post World War II America was spared the problem of veteran unemployment and while veterans were not associated with crime and political disorder as had often been the case after World War I the package of readjustment benefits devised that allowed for such a smooth transition was extremely expensive Veterans of later wars never received as much assistance and consequently experienced more difficulty returning to civilian life Van Ells work ensures that these lessons of the Second World War are not entirely lost To Hear Only Thunder Again provides an unprecedented exploration of a period largely neglected by military historians

The Warrior Image Andrew J. Huebner, 2011-12-01 Images of war saturated American culture between the 1940s and the 1970s as U S troops marched off to battle in World War II the Korean War and the Vietnam War Exploring representations of servicemen in the popular press government propaganda museum exhibits literature film and television Andrew Huebner traces the evolution of a storied American icon the combat soldier Huebner challenges the pervasive assumption that Vietnam brought drastic changes in portrayals of the American warrior with the jaded serviceman of the 1960s and 1970s shown in stark contrast to the patriotic citizen soldier of World War II In fact Huebner shows cracks began to appear in sentimental images of the military late in World War II and were particularly apparent during the Korean conflict Journalists filmmakers novelists and poets increasingly portrayed the steep costs of combat depicting soldiers who were harmed rather than hardened by war isolated from rather than supported by their military leadership and American society Across all three wars Huebner argues the warrior image conveyed a growing cynicism about armed conflict the federal government and Cold War militarization

**Soldados Razos at War** Steven Rosales, 2017-04-18 This book explores the catalysts that motivated Mexican American youth to enlist from World War II through the Vietnam War Provided by publisher

*A Companion to Harry S. Truman* Daniel S. Margolies, 2012-07-30 With contributions from the most accomplished scholars in the field this fascinating companion to one of America's pivotal presidents assesses Harry S Truman as a historical figure politician president and strategist Assembles many of the top historians in their fields who assess critical aspects of the Truman presidency Provides new approaches to the historiography of Truman and his policies Features a variety of historiographic methodologies

**Warfare State** James T. Sparrow, 2011-05-01 Although common wisdom and much scholarship assume

that big government gained its foothold in the United States under the auspices of the New Deal during the Great Depression in fact it was the Second World War that accomplished this feat Indeed as the federal government mobilized for war it grew tenfold quickly dwarfing the New Deal's welfare programs Warfare State shows how the federal government vastly expanded its influence over American society during World War II Equally important it looks at how and why Americans adapted to this expansion of authority Through mass participation in military service war work rationing price control income taxation and the war bond program ordinary Americans learned to live with the warfare state They accepted these new obligations because the government encouraged all citizens to think of themselves as personally connected to the battle front linking their every action to the fate of the combat soldier As they worked for the American Soldier Americans habituated themselves to the authority of the government Citizens made their own counter claims on the state particularly in the case of industrial workers women African Americans and most of all the soldiers Their demands for fuller citizenship offer important insights into the relationship between citizen morale the uses of patriotism and the legitimacy of the state in wartime World War II forged a new bond between citizens nation and government Warfare State tells the story of this dramatic transformation in American life

*The Mourning After* John Ibson, 2018-11-01 On the battlefields of World War II with their fellow soldiers as the only shield between life and death a generation of American men found themselves connecting with each other in new and profound ways Back home after the war however these intimacies faced both scorn and vicious homophobia *The Mourning After* makes sense of this cruel irony telling the story of the unmeasured toll exacted upon generations of male friendships John Ibson draws evidence from the contrasting views of male closeness depicted in WWII era fiction by Gore Vidal and John Horne Burns as well as from such wide ranging sources as psychiatry texts child development books the memoirs of veterans children and a slew of vernacular snapshots of happy male couples In this sweeping reinterpretation of the postwar years Ibson argues that a prolonged mourning for tenderness lost lay at the core of midcentury American masculinity leaving far too many men with an unspoken ache that continued long after the fighting stopped forever damaging their relationships with their wives their children and each other

### **Contesting the Postwar City** Eric

Fure-Slocum, 2013-06-28 Focusing on mid century Milwaukee Eric Fure Slocum charts the remaking of political culture in the industrial city Professor Fure Slocum shows how two contending visions of the 1940s city working class politics and growth politics fit together uneasily and were transformed amid a series of social and policy clashes Contests that pitted the principles of democratic access and distribution against efficiency and productivity included the hard fought politics of housing and redevelopment controversies over petty gambling questions about the role of organized labor in urban life and battles over municipal fiscal policy and autonomy These episodes occurred during a time of rapid change in the city's working class as African American workers arrived to seek jobs women temporarily advanced in workplaces and labor unions grew At the same time businesses and property owners sought to re establish legitimacy in the changing landscape This

study examines these local conflicts showing how they forged the postwar city and laid a foundation for the neoliberal city

*Postwar* Laura McEnaney, 2018-09-07 When World War II ended Americans celebrated a military victory abroad but the meaning of peace at home was yet to be defined From roughly 1943 onward building a postwar society became the new national project and every interest group involved in the war effort from business leaders to working class renters held different visions for the war's aftermath In *Postwar* Laura McEnaney plumbs the depths of this period to explore exactly what peace meant to a broad swath of civilians including apartment dwellers single women and housewives newly freed Japanese American internees African American migrants and returning veterans In her fine grained social history of postwar Chicago McEnaney puts ordinary working class people at the center of her investigation What she finds is a working class war liberalism a conviction that the wartime state had taken things from people and that the postwar era was about reclaiming those things with the state's help McEnaney examines vernacular understandings of the state exploring how people perceived and experienced government in their lives For Chicago's working class residents the state was not clearly delineated The local offices of federal agencies along with organizations such as the Travelers Aid Society and other neighborhood welfare groups all became what she calls the state in the neighborhood an extension of government to serve an urban working class recovering from war Just as they had made war the urban working class had to make peace and their requests for help large and small constituted early dialogues about the role of the state during peacetime *Postwar* examines peace as its own complex historical process a passage from conflict to postconflict that contained human struggles and policy dilemmas that would shape later decades as fatefully as had the war

**World War II in Literature for Youth** Patricia Hachten Wee, Robert James Wee, 2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939-1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource

**A Nation of Veterans** Olivier Burtin, 2022-09-20 *A Nation of Veterans* examines how the United States created the world's most generous system of veterans benefits Though we often see former service members as an especially deserving group the book shows that veterans had to wage a fierce political battle to obtain and then defend their advantages against criticism from liberals and conservatives alike They succeeded in securing their privileged status in public policy only by rallying behind powerful interest groups including the Veterans of Foreign Wars the Disabled American Veterans and the American Legion In the process veterans formed one of the most powerful movements of the early and mid twentieth century though one that we still know comparatively little about In examining how the veterans movement inscribed martial citizenship onto American law politics and culture *A Nation of Veterans* offers a new history of the U.S. welfare state that highlights its longstanding

connection with warfare It shows how a predominantly white and male group such as military veterans was at the center of social policy debates in the interwar and postwar period and how women and veterans of color were often discriminated against or denied access to their benefits It moves beyond the traditional focus on the 1944 G I Bill to examine other important benefits like pensions civil service preference and hospitals The book also examines multiple generations of veterans by shedding light on how former service members from both world wars as well as Korea and the Cold War interacted with each other This more complete picture of veterans politics helps us understand the deep roots of the military welfare state in the United States today

**A Companion to American Military History** James C. Bradford, 2009-11-03 With more than 60 essays A Companion to American Military History presents a comprehensive analysis of the historiography of United States military history from the colonial era to the present Covers the entire spectrum of US history from the Indian and imperial conflicts of the seventeenth century to the battles in Afghanistan and Iraq Features an unprecedented breadth of coverage from eminent military historians and emerging scholars including little studied topics such as the military and music military ethics care of the dead and sports Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and identifies areas where conflicting interpretations are in need of further study

**The Morenci Marines** Kyle Longley, 2015-06-15 In 1966 nine young men left the Arizona desert mining camp of Morenci to serve their country in the far flung jungles of Vietnam in danger zones from Hue to Khe Sanh Ultimately only three survived Each battled survivor's guilt difficult re-entries into civilian life and traumas from personally experiencing war and losing close friends along the way Such stories recurred throughout America but the Morenci Marines stood out ABC News and Time magazine recounted their moving tale during the war and in 2007 the Arizona Republic selected the Morenci Nine as the most important veterans story in state history Returning to the soldiers Morenci roots Kyle Longley's account presents their story as unique by setting and circumstance yet typical of the sacrifices borne by small towns all across America His narrative spotlights a generation of young people who joined the military during the tumultuous 1960s and informs a later generation of the hard choices made many with long term consequences The story of the Morenci Marines also reflects that of their hometown a company town dominated by the Phelps Dodge Mining Corporation where the company controlled lives and the labor strife was legendary The town's patriotic citizens saw Vietnam as a just cause moving Clive Garcia's mother to say He died for this cause of freedom Yet while their sons fought and sent home their paychecks Phelps Dodge sought to destroy the union that kept families afloat pushing the government to end a strike that it said undermined the war effort Morenci was also a place where cultures intermingled and the nine friends included three Mexican Americans and one Native American Longley reveals how their backgrounds affected their decisions to join and also helped the survivors cope with Mike Cranford racing his Harley on back roads at high speeds while Joe Sorrelman tried to deal with demons of war through Navajo rituals Drawing on personal interviews and correspondence that sheds new light on

the Morenci Nine Longley has written a book as much about loss grief and guilt as about the battlefield It makes compelling reading for anyone who lived in that era and for anyone still seeing family members go off to fight in controversial wars

**Gale Researcher Guide for: Submarine Warfare and the Entry of the United States into World War I** Mark D. Van Ells, 2018-09-28 Gale Researcher Guide for Submarine Warfare and the Entry of the United States into World War I is selected from Gale's academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research

*Failing Our Veterans* Mark Boulton, 2014 Returning Vietnam veterans had every reason to expect that the government would take care of their readjustment needs in the same way it had done for veterans of both World War II and Korea But the Vietnam generation soon discovered that their G I Bills fell well short of what many of them believed they had earned Mark Boulton's groundbreaking study provides the first analysis of the legislative debates surrounding the education benefits offered under the Vietnam era G I Bills Specifically the book explores why legislators from both ends of the political spectrum failed to provide Vietnam veterans the same generous compensation offered to veterans of previous wars *Failing Our Veterans* should be essential reading to scholars of the Vietnam War political history or of social policy Contemporary lawmakers should heed its historical lessons on how we ought to treat our returning veterans Indeed veterans wishing to fully understand their own homecoming experience will find great interest in the book's conclusions

*The Sower and the Seer* Joseph Hogan, Jon Lauck, Paul Murphy, Andrew Seal, Gleaves Whitney, 2021-02-17 This collection of twenty two essays a product of recent revivals of interest in both Midwestern history and intellectual history argues for the contributions of interior thinkers and ideas in forming an American identity The Midwest has been characterized as a fertile seedbed for the germination of great thinkers but a wasteland for their further growth *The Sower and the Seer* reveals that representation to be false In fact the region has sustained many innovative minds and been the locus of extraordinary intellectualism It has also been the site of shifting interpretations to some a frontier to others a colonized space a breadbasket a crossroads a heartland As agrarian reformed and Michigander Liberty Hyde Bailey expressed in his 1916 poem *Sower and Seer* the Midwestern landscape has given rise to significant visionaries just as their knowledge has nourished and shaped the region The essays gathered for this collection examine individual thinkers writers and leaders as well as movements and ideas that shaped the Midwest including rural school consolidation women's literary societies Progressive era urban planning and Midwestern radical liberalism While disparate in subject and style these essays taken together establish the irrefutable significance of the intellectual history of the American Midwest

*Those Who Have Borne the Battle* James Wright, 2012-05 At the heart of the story of America's wars are our citizen soldiers those hometown heroes who fought and sacrificed from Bunker Hill at Charlestown to Pointe du Hoc in Normandy and beyond without expectation of recognition or recompense Americans like to think that the service of its citizen volunteers is and always has been of momentous importance in our

politics and society But though this has made for good storytelling the reality of America's relationship to its veterans is far more complex In *Those Who Have Borne the Battle* historian and marine veteran James Wright tells the story of the long often troubled relationship between America and those who have defended her from the Revolutionary War to today shedding new light both on our history and on the issues our country and its armed forces face today From the beginning American gratitude to its warriors was not a given Prior to World War II the prevailing view was that as citizen soldiers the service of its young men was the price of citizenship in a free society Even Revolutionary War veterans were affectionately but only temporarily embraced as the new nation and its citizens had much else to do In time the celebration of the nation's heroes became an important part of our culture building to the response to World War II where warriors were celebrated and new government programs provided support for veterans The greater transformation came in the wars after World War II as the way we mobilize for war fight our wars and honor those who serve has changed in drastic and troubling ways Unclear and changing military objectives have made our actions harder for civilians to stand behind a situation compounded by the fact that the armed forces have become less representative of American society as a whole Few citizens join in the sacrifice that war demands The support systems seem less and less capable of handling the increasing number of wounded warriors returning from our numerous and bewildering conflicts abroad A masterful work of history *Those Who Have Borne the Battle* expertly relates the burdens carried by veterans dating back to the Revolution as well as those fighting today's wars And it challenges Americans to do better for those who serve and sacrifice today

Wheels of Courage David Davis, 2020-08-25

Out of the carnage of World War II comes an unforgettable tale about defying the odds and finding hope in the most harrowing of circumstances *Wheels of Courage* tells the stirring story of the soldiers sailors and marines who were paralyzed on the battlefield during World War II at the Battle of the Bulge on the island of Okinawa inside Japanese POW camps only to return to a world unused to dealing with their traumatic injuries Doctors considered paraplegics to be dead enders and non-hoppers with the life expectancy of about a year Societal stigma was so ingrained that playing sports was considered out of bounds for so-called crippled bodies But servicemen like Johnny Winterholler a standout athlete from Wyoming before he was captured on Corregidor and Stan Den Adel shot in the back just days before the peace treaty ending the war was signed refused to waste away in their hospital beds Thanks to medical advances and the dedication of innovative physicians and rehabilitation coaches they asserted their right to a life without limitations The paralyzed veterans formed the first wheelchair basketball teams and soon the Rolling Devils the Flying Wheels and the Gizz Kids were barnstorming the nation and filling arenas with cheering incredulous fans The wounded warriors turned playmakers were joined by their British counterparts led by the indomitable Dr Ludwig Guttmann Together they triggered the birth of the Paralympic Games and opened the gymnasium doors to those with other disabilities including survivors of the polio epidemic in the 1950s Much as Jackie Robinson's breakthrough into the major leagues served as an opening salvo in the civil rights movement these athletes

helped jump start a global movement about human adaptability Their unlikely heroics on the court showed the world that it is ability not disability that matters most Off the court their push for equal rights led to dramatic changes in how civilized societies treat individuals with disabilities from kneeling buses and curb cutouts to the Americans with Disabilities Act of 1990 Their saga is yet another lasting legacy of the Greatest Generation one that has been long overlooked Drawing on the veterans own words stories and memories about this pioneering era David Davis has crafted a narrative of survival resilience and triumph for sports fans and athletes history buffs and military veterans and people with and without disabilities

**American Dream Deferred** Frederick W. Gooding Jr.,2019-11-27 As the largest employer of one of the world s leading economic and geo political superpowers the history of the federal government s workforce is a rich and essential tool for understanding how the Great Experiment truly works The literal face of federal policy federal employees enjoy a history as rich as the country itself while reflecting the country s evolution towards true democracy within a public space Nowhere is this progression towards democracy more apparent than with its internal race relations While World War II was a boon to black workers little is known about the nuanced ongoing struggles for dignity and respect that black workers endured while working these good government jobs American Dream Deferred challenges postwar narratives of government largess for African Americans by illuminating the neglected stories of these unknown black workers Comfort Joyce Moyer Hostetter,2014-09-12 In the wake of World War II Ann Fay Honeycut grapples with her father s trauma and the physical and emotional effects of polio finding healing in the unlikeliest of places Now that Daddy has returned from fighting Hitler and Ann Fay is home from the polio hospital life should get back to normal But Ann Fay discovers she no longer fits easily into old friendships and Daddy has been traumatized by the war Her family and social life are both falling apart Ever responsible she tries to fix things until she finally admits that she herself needs fixing She travels to the Georgia Warm Springs Foundation founded by Franklin D Roosevelt where she finds comfort healing and even a little romance Although this invigorating experience does not solve all her problems it does give Ann Fay a new view of herself In this Parents Choice Awards Recommended Book sequel to Blue Ann Fay makes new friends reevaluates old relationships and discovers her unique place in the community Settling Down R. Saxe,2007-12-09 This book examines the lost voices of returning World War II veterans in the immediate postwar years and shows how the developing Cold War silenced or altered dissenting opinions that many vets expressed upon their return

- Interactive and Gamified eBooks

## **To Hear Only Thunder Again Americas World War Ii Veterans Come Home Introduction**

In the digital age, access to information has become easier than ever before. The ability to download To Hear Only Thunder Again Americas World War Ii Veterans Come Home has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download To Hear Only Thunder Again Americas World War Ii Veterans Come Home has opened up a world of possibilities. Downloading To Hear Only Thunder Again Americas World War Ii Veterans Come Home provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading To Hear Only Thunder Again Americas World War Ii Veterans Come Home has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download To Hear Only Thunder Again Americas World War Ii Veterans Come Home. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading To Hear Only Thunder Again Americas World War Ii Veterans Come Home. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading To Hear Only Thunder Again Americas World War Ii Veterans Come Home, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download To Hear Only Thunder Again Americas World War Ii Veterans Come Home has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

## **FAQs About To Hear Only Thunder Again Americas World War Ii Veterans Come Home Books**

1. Where can I buy To Hear Only Thunder Again Americas World War Ii Veterans Come Home books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
