To Live and Defy in LA Felicia Angeja Viator, 2020-02-25 How gangsta rap shocked America made millions and pulled back the curtain on an urban crisis How is it that gangsta rap so dystopian that it struck aspiring Brooklyn rapper and future superstar Jay Z as over the top was born in Los Angeles the home of Hollywood surf and sun In the Reagan era hip hop was understood to be the music of the inner city and with rare exception of New York Rap was considered the poetry of the street and it was thought to breed in close quarters the product of dilapidated tenements crime infested housing projects and graffiti covered subway cars To many in the industry LA was certainly not hard edged and urban enough to generate authentic hip hop a new brand of black rebel music could never come from La La Land But it did In To Live and Defy in LA Felicia Viator tells the story of the young black men who built gangsta rap and changed LA and the world She takes readers into South Central Compton Long Beach and Watts two decades after the long hot summer of 1965 This was the world of crack cocaine street gangs and Daryl Gates and it was the environment in which rappers such as Ice Cube Dr Dre and Eazy E came of age By the end of the 1980s these self styled ghetto reporters had fought their way onto the nation s radio and TV stations and thus into America s consciousness mocking law and order crusaders exposing police brutality outraging both feminists and traditionalists with their often retrograde treatment of sex and gender and demanding that America confront an urban crisis too often ignored
