Barnes,1995 Twentieth Century Fiction George Woodcock,1983-04-01 A Fabric of Defeat Bryant Simon,2000-11-09 In this book Bryant Simon brings to life the politics of white South Carolina millhands during the first half of the twentieth century His revealing and moving account explores how this group of southern laborers thought about and participated in politics and public power Taking a broad view of politics Simon looks at laborers as they engaged in political activity in many venues at the polling station on front porches and on the shop floor and examines their political involvement at the local state and national levels He describes the campaign styles and rhetoric of such politicians as Coleman Blease and Olin Johnston himself a former millhand who eagerly sought the workers votes He draws a detailed picture of mill workers casting ballots carrying placards marching on the state capital writing to lawmakers and picketing factories These millhands politics reflected their public and private thoughts about whiteness and blackness war and the New Deal democracy and justice gender and sexuality class relations and consumption Ultimately the people depicted here are neither romanticized nor dismissed as the stereotypically racist and uneducated rednecks found in many accounts of southern politics Southern workers understood the

political and social forces that shaped their lives argues Simon and they developed complex political strategies to deal with those forces

Peculiar Whiteness Justin Mellette, 2021-03-01 Peculiar Whiteness Racial Anxiety and Poor Whites in Southern Literature 1900-1965 argues for deeper consideration of the complexities surrounding the disparate treatment of poor whites throughout southern literature and attests to how broad such experiences have been While the history of prejudice against this group is not the same as the legacy of violence perpetrated against people of color in America individuals regarded as white trash have suffered a dehumanizing process in the writings of various white authors Poor white characters are frequently maligned as grotesque and anxiety inducing especially when they are aligned in close proximity to blacks or to people with disabilities Thus as a symbol much has been asked of poor whites and various iterations of the label e.g. white trash tenant farmers or even people with a little less money than average have been subject to a broad spectrum of judgment pity compassion fear and anxiety Peculiar Whiteness engages key issues in contemporary critical race studies whiteness studies and southern studies both literary and historical Through discussions of authors including Charles Chesnutt Thomas Dixon Sutton Griggs Erskine Caldwell Lillian Smith William Faulkner and Flannery O'Connor we see how whites in a position of power work to maintain their status often by finding ways to recategorize and marginalize people who might not otherwise have seemed to fall under the auspices or boundaries of white trash

The Literary Mother Susan C. Staub, 2007-06-13 The essays in this book examine the ideology of motherhood in British and American literature from the 16th to the 21st centuries This book looks at the institution of motherhood that is at various cultural interpretations and manipulations of maternity Presenting mothers whose roles are often empowering yet confining these essays scrutinize three distinct aspects of motherhood its social and cultural construction the significance of maternal absence and finally its representation as an agent of social change Literary works examined include William Shakespeare's *Venus and Adonis* Daniel Defoe's *Roxana* John Steinbeck's *The Grapes of Wrath* Faulkner's *The Sound and the Fury* Charles Dickens' *Dombey and Son* Harriet Jacobs' *Incidents in the Life of a Slave Girl* Dorothy Leigh's *The Mother's Blessing* and W.S. Penn's *Killing Time with Strangers* among others

From Good Ma to Welfare Queen Vivyan Campbell Adair, 2000 Through this exploration the connection between textual representation and social productions of the Real become startlingly apparent

The Angelic Mother and the Predatory Seductress Ashley Craig Lancaster, 2012-06-20 In *The Angelic Mother and the Predatory Seductress* Ashley Craig Lancaster examines how converging political and cultural movements helped to create dualistic images of southern poor white female characters in Depression era literature While other studies address the familial and labor issues that challenged female literary characters during the 1930s Lancaster focuses on how the evolving eugenics movement reinforced the dichotomy of altruistic maternal figures and destructive sexual deviants According to Lancaster these binary stereotypes became a new analogy for hope and despair in America's future and were well utilized by Depression era politicians and authors to stabilize the country's economic decline As a result the complexity of women's lives

was often overlooked in favor of stock characters incapable of individuality Lancaster studies a variety of works including those by male authors William Faulkner Erskine Caldwell and John Steinbeck as well as female novelists Mary Heaton Vorse Myra Page Grace Lumpkin and Olive Tilford Dargan She identifies female stereotypes in classics such as *To Kill a Mockingbird* and in the work of later writers Dorothy Allison and Rick Bragg who embrace and share in a poor white background *The Angelic Mother and the Predatory Seductress* reveals that these literary stereotypes continue to influence not only society's perception of poor white southern women but also women's perception of themselves Erskine Caldwell James Korges, 1969 Erskine Caldwell *American Writers* 78 was first published in 1969 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions This pamphlet series has been hailed by critics teachers and librarians as an ideal means of introducing both students and general readers to American writers of all periods Choice has commented For the small library this series offers at small cost introductions by reputable critics of dozens of significant authors and the larger the library the greater the number of undergraduate students looking for a place to start on some writer The New York Times Book Review has called the pamphlets extraordinarily good pointing out that they are just long enough 48 pages to permit a real survey of an author's work and short enough to attract the casual reader the anxiety ridden student and the professor desperate for the straight word on an unfamiliar writer *The Humor of the Old South* Donaria Inge, Edward J. Piacentino, 2021-10-21 The humor of the Old South tales almanac entries turf reports historical sketches gentlemen's essays on outdoor sports profiles of local characters flourished between 1830 and 1860 The genre's popularity and influence can be traced in the works of major southern writers such as William Faulkner Erskine Caldwell Eudora Welty Flannery O'Connor and Harry Crews as well as in contemporary popular culture focusing on the rural South This collection of essays includes some of the past twenty five years best writing on the subject as well as ten new works bringing fresh insights and original approaches to the subject A number of the essays focus on well known humorists such as Augustus Baldwin Longstreet Johnson Jones Hooper William Tappan Thompson and George Washington Harris all of whom have long been recognized as key figures in Southwestern humor Other chapters examine the origins of this early humor in particular selected poems of William Henry Timrod and Washington Irving's *The Legend of Sleepy Hollow* which anticipate the subject matter character types structural elements and motifs that would become part of the Southwestern tradition Renditions of *Sleepy Hollow* were later echoed in sketches by William Tappan Thompson Joseph Beckman Cobb Orlando Benedict Mayer Francis James Robinson and William Gilmore Simms Several essays also explore antebellum southern humor in the context of race and gender This literary legacy left an indelible mark on the works of later writers such as Mark Twain and William Faulkner whose works in a comic vein reflect affinities and connections to the rich lode of materials initially popularized by the Southwestern humorists Literary Obscenities Erik M. Bachman, 2018-03-22 This comparative historical study explores the

broad sociocultural factors at play in the relationships among U S obscenity laws and literary modernism and naturalism in the early twentieth century Putting obscenity case law s crisis of legitimation and modernism s crisis of representation into dialogue Erik Bachman shows how obscenity trials and other attempts to suppress allegedly vulgar writing in the United States affected a wide ranging debate about the power of the printed word to incite emotion and shape behavior Far from seeking simply to transgress cultural norms or sexual boundaries Bachman argues proscribed authors such as Wyndham Lewis Erskine Caldwell Lillian Smith and James T Farrell refigured the capacity of writing to evoke the obscene so that readers might become aware of the social processes by which they were being turned into mass consumers voyeurs and racialized subjects Through such efforts these writers participated in debates about the libidinal efficacy of language with a range of contemporaries from behavioral psychologists and advertising executives to book cover illustrators magazine publishers civil rights activists and judges Focusing on case law and the social circumstances informing it Literary Obscenities provides an alternative conceptual framework for understanding obscenity s subjugation of human bodies desires and identities to abstract social forces It will appeal especially to scholars of American literature American studies and U S legal history I Hear America ... The People's Writer Wayne Mixon, 1995 Most critics have considered Caldwell to be only a minor southern writer often associating him with his worst writing Yet Saul Bellow suggested he deserved the Nobel Prize and William Faulkner once characterized him as one of the five best writers of his time alongside himself Thomas Wolfe Ernest Hemingway and John Dos Passos

Reading Erskine Caldwell Robert L. McDonald, 2006-01-24 Erskine Caldwell has been compared to literary giants like Faulkner and Hemingway yet he has also been reviled as peddler of pop trash Was he a genius or just a shooting star whose brilliance faded long before he stopped writing Caldwell began his career in the late 1920s and gained fame for revealing the gritty backwoods South in novels such as his seminal Tobacco Road He wrote prolifically sometimes as much as a book a year As the editor of this book maintains perhaps anyone who wrote so much would inevitably stumble These 12 essays explore a variety of issues They discuss Caldwell as humorist social commentator modernist and revolutionary novelist They examine his themes and tropes political images social injustice the environment ideological struggles and his use of artistic devices short stories cubist strategies repetition A generous bibliography includes not only books on Caldwell but also chapters and forewords journal articles essays news items and obituaries The reader is encouraged to look at Caldwell with fresh eyes to press beyond his controversial image and to compare his works especially his early ones to those of any of the top names in literature
