back to the twelfth century but this ancient cultural ritual has changed radically since then evolving with the times and adapting to local conditions For many Jewish American families a child's bar mitzvah or bat mitzvah is both a major social event and a symbolic means of asserting the family's ongoing connection to the core values of Judaism Coming of Age in Jewish America takes an inside look at bar and bat mitzvahs in the twenty first century examining how the practices have continued to morph and exploring how they serve as a sometimes shaky bridge between the values of contemporary American culture and Judaic tradition Interviewing over 200 individuals involved in bar and bat mitzvah ceremonies from family members to religious educators to rabbis Patricia Keer Munro presents a candid portrait of the conflicts that often emerge and the negotiations that ensue In the course of her study she charts how this ritual is rife with contradictions it is a private family event and a public community activity and for the child it is both an educational process and a high stakes performance Through detailed observations of Conservative Orthodox Reform and independent congregations in the San Francisco Bay Area Munro draws intriguing broad reaching conclusions about both the current state and likely future of American Judaism In the process she shows not only how American Jews have forged a unique set of bar and bat mitzvah practices but also how these rituals continue to shape a distinctive Jewish American identity *Youth and the digital era.
