both of John Yow's delightful books into one convenient e-book. While birding literature is filled with tales of expert observers spotting rare species in exotic locales, John Yow reminds us in *The Armchair Birder* that the most fascinating birds can be the ones perched right outside our windows. In thirty-five engaging and sometimes irreverent vignettes, Yow reveals the fascinating lives of the birds we see nearly every day. Following the seasons, he covers forty-two species, discussing the improbable, unusual, and comical aspects of his subjects' lives. Yow offers his own observations, anecdotes, and stories, as well as those of America's classic bird writers such as John James Audubon, Arthur Bent, and Edward Forbush. This unique addition to bird literature combines the fascination of bird life with the pleasure of good reading. In his follow-up volume *The Armchair Birder Goes Coastal*, Yow now journeys to the shore and shares his encounters with some of the most familiar and beloved coastal birds. Out of his travels from North Carolina's Outer Banks down the Atlantic coast and westward along the Gulf of Mexico, come colorful accounts of twenty-eight species, from ubiquitous beach birds like sanderlings and laughing gulls to wonders of nature like roseate spoonbills and the American avocets. Along the way, Yow delves deeply into the birds' habits and behaviors, experiencing and relating the fascination that leads many an amateur naturalist to become the most unusual of species—a birder.

***The Armchair Birder Goes Coastal*** John Yow, 2012-05-01. With his distinctively witty anecdotal and disarming voice, John Yow now journeys to the shore and shares his encounters with some of the most familiar and beloved coastal birds. Out of his travels from North Carolina's Outer Banks down the Atlantic coast and westward along the Gulf of Mexico, come colorful accounts of twenty-eight species, from ubiquitous beach birds like sanderlings and laughing gulls to wonders of nature like roseate spoonbills and the American avocets. Along the way, Yow delves deeply into the birds' habits and behaviors, experiencing and relating the fascination that leads many an amateur naturalist to become the most unusual of species—a birder. Seasonally organized chapters explore the improbable, the wonderful, and the amusing aspects of these birds' lives. Yow embellishes his observations with field notes, anecdotes, and stories from some of America's finest naturalists, including John James Audubon, Arthur Cleveland Bent, Rachel Carson, and Peter Matthiessen. Combining the endless fascination of bird life with the pleasure of good reading, *The Armchair Birder Goes Coastal* is the perfect companion for any nature lover's next trip to the beach.

*Philosophical Foundations of Tax Law* Monica Bhandari, 2017. This collection brings together major themes and difficult questions in the philosophical foundations of tax law. It allows the reader to consider how tax systems should move forward in the modern world with a sound philosophical basis to provide the practical tax system that the state requires and citizens deserve.

*Sense of Place, Identity and the Revisioning of Curriculum* Terry Locke, 2023-08-12. This book explores intersections between sense of place, the formation of identity, indigeneity, and colonisation literature and literary study, the arts, and a revisioned school curriculum for the Anthropocene. Underpinning the book is a conviction that sense of place is central to the fostering of the change of heart required to secure the survival of human life on earth. It offers a coherent overview of seemingly disparate realities on a geographically and historically

sprawling canvas The book is a work of literary non fiction drawing on a range of sources literary works and criticism theoretical research empirical studies and artworks Of its very nature the book enacts an extensive cultural critique After establishing a cross disciplinary foundation for sense of place the book describes its relationship to identity with reference to such terms as attachment dispossession reclamation and representation It shows how a hopeful narrative for planet stewardship can be developed by the uptake of indigenous and traditional discourses of place It concludes with the envisioning of a place conscious curriculum and ways in which an activist agenda might be pursued in the Anthropocene
