Airman's Guide Boone Nicolls,2016-12-01 This top selling reference guide has been revised and updated throughout to reflect the latest information for U S airmen *The Leatherneck* ,1996 *Members of the Regiment* Michele Nancy,2000-04-30 Many extraordinary women traveled west with their Army officer husbands between 1865 and 1890 and discovered a world that was completely controlled by the United States Army The Army as a public institution colored virtually every aspect of their domestic lives Army directives customs and traditions imposed social obligations on these women and the world of the frontier Army garrison continually challenged their sense of what it meant to be true women Remarkably they flourished and established a defined role for themselves that went beyond the conventional definition of true womanhood The shared values loyalties and patriotism within the institutional environment of the frontier garrison transcended gender As distinctly masculine as the Army garrison was perceived to be the officers wives shared with their comrades in arms an unequivocal commitment to the Regiment Because of their presence the frontier garrison became a much different place to live as they subtly and slowly changed the very nature of the institution through their efforts to bring some notion of proper society to these rugged circumstances Unlike most studies which focus only on farm and frontier women this volume details the experiences of the women who viewed the world from within garrison walls *Today's Military Wife* Lydia Sloan Cline,2003 Provides essential information on military benefits family services financial affairs protocol housing moving and sponsorship for wives of American servicemen **Today's Military Wife** Lydia Sloan Cline,1998 Information on health care benefits socials and protocols financial affairs housing moving orders overseas separations and more The Cumulative Book Index ,1994 A world list of books in the English language American Book Publishing Record ,2003 **Forthcoming Books** Rose Army,2001-06 **Department of Defense Appropriations for 1999: Secretary of and Chief of Staff of the Army** United States. Subcommittee on Department of Defense,2004 *Homefront 911* Stacy Bannerman,2015-10-06 The hallmarks of America s War on Terror have been repeated long deployments and a high percentage of troops returning with psychological problems Family members of combat veterans are at a higher risk of potentially lethal domestic violence than almost any other

demographic it is estimated that one in four children of active duty service members have symptoms of depression and nearly one million veterans of Iraq and Afghanistan require increased care due to physical or psychological trauma. But despite these staggering trends civilian America has not been mobilized to take care of the families left behind. The American Homefront, which traditionally has been rallied to support the nation's war efforts, has disappeared. In *Homefront 911* Stacy Bannerman, a nationally recognized advocate for military families, provides an insider's view of how more than a decade of war has contributed to the emerging crisis we are experiencing in today's military and veteran families as they battle with overwhelmed VA offices, a public they feel doesn't understand their sacrifices, and a nation that still isn't fully prepared to help those who have given so much. Bannerman, whose husband served in Iraq, describes how extended deployments cause cumulative, long-lasting strain on families who may not see their parent, child, or spouse for months on end. She goes on to share the tools she and others have found to begin to heal their families and advocates policies for advancing programs, services, and civilian support all to help repair the broken agreement that the nation will care for its returning soldiers and their families. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history, books about World War II, the Third Reich, Hitler, and his henchmen, the JFK assassination conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more.
