POETIC EXPERIENCE

INTRODUCED AND EDITED BY
KAREN ARMSTRONG

Tongues Of Fire An Anthology Of Religious And Poetic Experience

Karen Armstrong

Tongues Of Fire An Anthology Of Religious And Poetic Experience:

Tongues of Fire Karen Armstrong, 1987 Inspired by the Channel 4 series of the same name *Tongues of Fire* is a rich and exciting anthology which touches on all aspects of the religious experience Religion today is too easily dismissed as an irrelevance in the lives of those with no particular faith *Tongues of Fire* sharpens and revokes this view by bringing together a number of works that will be well known to most readers with many others drawn from a wide variety of sources and cultures that will not Thus Milton Vaughn Donne and Blake are found alongside Judah Ha Levi and Jalallu ddin Rumi divided not by faith and belief but by theme and treatment into a series of chapters that accentuate their common features rather than their differences Penguin Books *The Columbia Granger's Guide to Poetry Anthologies* William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology

Tongues of Fire Karen Armstrong, 1985 **Redcrosse: Remaking Religious Poetry for Today's World** Ewan Fernie, 2012-11-22 Do poetry and criticism matter in today's world How can the poetry of the past help us tackle the changing nature of religious faith and national identity This book explores the creation of *Redcrosse* a new poetic liturgy for St George's Day and a unique collaborative work written by the critic Ewan Fernie the theologian Andrew Shanks and the major contemporary poets Jo Shapcott Michael Symmons Roberts and Andrew Motion Leading writers including John Milbank Salley Vickers and Sarah Apetrei together with authors of *Redcrosse* itself reflect on the creation of the liturgy and its central inspiration Edmund Spenser's epic Renaissance poem *The Faerie Queene* as well as on its two premieres in St George's Chapel Windsor and Manchester Cathedral and its sometimes controversial public reception Including the full text of *Redcrosse* the volume triumphantly shows that a new poetic work really can address some of the most pressing concerns of our time **Binding the Ghost** Ed Simon, 2022-04-19 *Binding the Ghost* is both manifesto and example of a new variety of reading that centers a theological perspective in considering what literature actually does Neither dogmatic nor apologetic sectarian or denominational this mode of reading acknowledges the inherently charged strangeness of writing and fiction whereby authors have the ability to seemingly create entire universes from words alone Ed Simon considers the theological depth resonance and mystery of the acts of reading and writing His lyrical incisive essays cover subjects such as the incarnational poetics of reading a physical book as opposed to reading online the historical relationship between monotheism and the development of the alphabet how the novel and Protestantism developed interiority within people the occult significance of punctuation and the functional similarities between poetry and prayer *Binding the Ghost* presents a humane sacralization of reading and writing that takes into account the wonder enchantment and mystery of the very idea of poetry and fiction *A History of God* Karen Armstrong, 2011-08-10 Why does God exist How have the three dominant monotheistic religions Judaism Christianity and Islam shaped and altered the conception of God How have these religions influenced each other In this stunningly intelligent book Karen Armstrong one of Britain's foremost commentators on religious affairs traces

the history of how men and women have perceived and experienced God from the time of Abraham to the present The epic story begins with the Jews gradual transformation of pagan idol worship in Babylon into true monotheism a concept previously unknown in the world Christianity and Islam both rose on the foundation of this revolutionary idea but these religions refashioned the One God to suit the social and political needs of their followers From classical philosophy and medieval mysticism to the Reformation Karen Armstrong performs the near miracle of distilling the intellectual history of monotheism into one superbly readable volume destined to take its place as a classic Praise for History of God An admirable and impressive work of synthesis that will give insight and satisfaction to thousands of lay readers The Washington Post Book World A brilliantly lucid spendidly readable book Karen Armstrong has a dazzling ability she can take a long and complex subject and reduce it to the fundamentals without oversimplifying The Sunday Times London Absorbing A lode of learning Time The most fascinating and learned study of the biggest wild goose chase in history the quest for God Karen Armstrong is a genius A N Wilson author of Jesus A Life *The Battle for God* Karen Armstrong, 2011-08-10 In the late twentieth century fundamentalism has emerged as one of the most powerful forces at work in the world contesting the dominance of modern secular values and threatening peace and harmony around the globe Yet it remains incomprehensible to a large number of people In *The Battle for God* Karen Armstrong brilliantly and sympathetically shows us how and why fundamentalist groups came into existence and what they yearn to accomplish We see the West in the sixteenth century beginning to create an entirely new kind of civilization which brought in its wake change in every aspect of life often painful and violent even if liberating Armstrong argues that one of the things that changed most was religion People could no longer think about or experience the divine in the same way they had to develop new forms of faith to fit their new circumstances Armstrong characterizes fundamentalism as one of these new ways of being religious that have emerged in every major faith tradition Focusing on Protestant fundamentalism in the United States Jewish fundamentalism in Israel and Muslim fundamentalism in Egypt and Iran she examines the ways in which these movements while not monolithic have each sprung from a dread of modernity often in response to assault sometimes unwitting sometimes intentional by the mainstream society Armstrong sees fundamentalist groups as complex innovative and modern rather than as throwbacks to the past but contends that they have failed in religious terms Maintaining that fundamentalism often exists in symbiotic relationship with an aggressive modernity each impelling the other on to greater excess she suggests compassion as a way to defuse what is now an intensifying conflict BONUS This edition contains an excerpt from Karen Armstrong's *Twelve Steps to a Compassionate Life* **The Great Transformation** Karen Armstrong, 2009-02-24 From one of the world's leading writers on religion and the highly acclaimed author of the bestselling *A History of God* *The Battle for God* and *The Spiral Staircase* comes a major new work a chronicle of one of the most important intellectual revolutions in world history and its relevance to our own time In one astonishing short period the ninth century BCE the peoples of four distinct regions of the civilized world created the religious

and philosophical traditions that have continued to nourish humanity into the present day Confucianism and Daoism in China Hinduism and Buddhism in India monotheism in Israel and philosophical rationalism in Greece Historians call this the Axial Age because of its central importance to humanity's spiritual development Now Karen Armstrong traces the rise and development of this transformative moment in history examining the brilliant contributions to these traditions made by such figures as the Buddha Socrates Confucius and Ezekiel Armstrong makes clear that despite some differences of emphasis there was remarkable consensus among these religions and philosophies each insisted on the primacy of compassion over hatred and violence She illuminates what this family resemblance reveals about the religious impulse and quest of humankind And she goes beyond spiritual archaeology delving into the ways in which these Axial Age beliefs can present an instructive and thought provoking challenge to the ways we think about and practice religion today A revelation of humankind's early shared imperatives yearnings and inspired solutions as salutary as it is fascinating Excerpt from *The Great Transformation* In our global world we can no longer afford a parochial or exclusive vision We must learn to live and behave as though people in remote parts of the globe were as important as ourselves The sages of the Axial Age did not create their compassionate ethic in idyllic circumstances Each tradition developed in societies like our own that were torn apart by violence and warfare as never before indeed the first catalyst of religious change was usually a visceral rejection of the aggression that the sages witnessed all around them All the great traditions that were created at this time are in agreement about the supreme importance of charity and benevolence and this tells us something important about our humanity

The Columbia Granger's Dictionary of Poetry Quotations Edith P. Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers' belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect one's problem solving capacity *Intoxicating Minds* is in the author's words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain's neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally *Intoxicating Minds* considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies

[Twelve Steps to a Compassionate Life](#) Karen Armstrong, 2010-12-28 Karen Armstrong explains how to practise the religion of compassion that her last books have preached In November 2009

Armstrong and TED launched The Charter of Compassion which states that We call upon all men and women to restore compassion to the centre of morality and religion to cultivate an informed empathy with the suffering of all human beings even those regarded as enemies To date it s been signed by over 48 000 people on the Web including such figures as The Dalai Lama and Queen Noor Dave Eggers and Meg Ryan www.charterforcompassion.org Out of the ideals of that Charter has come this humane accessible indispensable short book for our times Jerusalem Karen Armstrong,2011-08-10 Venerated for millennia by three faiths torn by irreconcilable conflict conquered rebuilt and mourned for again and again Jerusalem is a sacred city whose very sacredness has engendered terrible tragedy In this fascinating volume Karen Armstrong author of the highly praised A History of God traces the history of how Jews Christians and Muslims have all laid claim to Jerusalem as their holy place and how three radically different concepts of holiness have shaped and scarred the city for thousands of years Armstrong unfolds a complex story of spiritual upheaval and political transformation from King David s capital to an administrative outpost of the Roman Empire from the cosmopolitan city sanctified by Christ to the spiritual center conquered and glorified by Muslims from the gleaming prize of European Crusaders to the bullet ridden symbol of the present day Arab Israeli conflict Written with grace and clarity the product of years of meticulous research Jerusalem combines the pageant of history with the profundity of searching spiritual analysis Like Karen Armstrong s A History of God Jerusalem is a book for the ages **BONUS** This edition contains an excerpt from Karen Armstrong s Twelve Steps to a Compassionate Life *The Lost Art of Scripture* Karen Armstrong,2019-11-05 A book that shines fresh light on the world s major religions to help us build bridges between faiths and rediscover a creative and spiritual engagement with holy texts from the New York Times bestselling author of A History of God An unusual often dazzling blend of theology history and neuroscience The New Yorker The significance of scripture may not be immediately obvious in our secular world but its misunderstanding is perhaps the root cause of many of today s controversies The sacred texts have been co opted by fundamentalists who insist that they must be taken literally and by others who interpret scripture to bolster their own prejudices These texts are seen to prescribe ethical norms and codes of behavior that are divinely ordained they are believed to contain eternal truths But as Karen Armstrong shows in this chronicle of the development and significance of major religions such a narrow peculiar reading of scripture is a relatively recent modern phenomenon For most of their history the world s religious traditions have regarded these texts as tools that enable the individual to connect with the divine to experience a different level of consciousness and to help them engage with the world in more meaningful and compassionate ways The Case for God Karen Armstrong,2009-09-22 **NATIONAL BESTSELLER** A nuanced exploration of the role of religion in our lives drawing on insights of the past to build a faith for our dangerously polarized age from the New York Times bestselling author of The History of God Moving from the Paleolithic age to the present Karen Armstrong details the great lengths to which humankind has gone in order to experience a sacred reality that it called by many names such as God Brahman Nirvana Allah or Dao Focusing

especially on Christianity but including Judaism Islam Buddhism Hinduism and Chinese spiritualities Armstrong examines the diminished impulse toward religion in our own time when a significant number of people either want nothing to do with God or question the efficacy of faith Why has God become unbelievable Why is it that atheists and theists alike now think and speak about God in a way that veers so profoundly from the thinking of our ancestors Answering these questions with the same depth of knowledge and profound insight that have marked all her acclaimed books Armstrong makes clear how the changing face of the world has necessarily changed the importance of religion at both the societal and the individual level Yet she cautions us that religion was never supposed to provide answers that lie within the competence of human reason that she says is the role of logos The task of religion is to help us live creatively peacefully and even joyously with realities for which there are no easy explanations She emphasizes too that religion will not work automatically It is she says a practical discipline its insights are derived not from abstract speculation but from dedicated intellectual endeavor and a

compassionate lifestyle that enables us to break out of the prism of selfhood *Holy War* Karen Armstrong, 2001-11-27 The New York Times bestselling author of *A History of God* skillfully narrates the history of the Crusades with a view toward their profound and continuing influence *Holy War* brings compassion objectivity breadth and imagination to the most urgent crisis of our time The Boston Phoenix In 1095 Pope Urban II summoned Christian warriors to take up the cross and reconquer the Holy Land Thus began the holy wars that would focus the power of Europe against a common enemy and become the stuff of romantic legend In reality the Crusades were a series of rabidly savage conflicts in the name of piety And as Armstrong demonstrates in this fascinating book their legacy of religious violence continues today in the Middle East where the age old conflict of Christians Jews and Muslims persists

In the Beginning Karen Armstrong, 1997-10-07 Karen Armstrong is a genius A N Wilson As the foundation stone of the Jewish and Christian scriptures The Book of Genesis unfolds some of the most arresting stories of world literature the Creation Adam and Eve Cain and Abel the sacrifice of Isaac Yet the meaning of Genesis remains enigmatic In this fascinating volume Karen Armstrong author of the highly acclaimed bestseller *A History of God* brilliantly illuminates the mysteries and profundities of this mystifying work A lyrical chronicle of one woman's wrestling with Genesis that can serve as a guide to others As notable for its scholarship as it is for its honesty and vulnerability Publishers Weekly Armstrong can simplify complex ideas but she is never simplistic The New York Times Book Review

Islam Karen Armstrong, 2007-12-18 No religion in the modern world is as feared and misunderstood as Islam It haunts the popular Western imagination as an extreme faith that promotes authoritarian government female oppression civil war and terrorism Karen Armstrong's short history offers a vital corrective to this narrow view The distillation of years of thinking and writing about Islam it demonstrates that the world's fastest growing faith is a much richer and more complex phenomenon than its modern fundamentalist strain might suggest *Islam A Short History* begins with the flight of Muhammad and his family from Medina in the seventh century and the subsequent founding of the first mosques It recounts the origins of

the split between Shii and Sunni Muslims and the emergence of Sufi mysticism the spread of Islam throughout North Africa the Levant and Asia the shattering effect on the Muslim world of the Crusades the flowering of imperial Islam in the fourteenth and fifteenth centuries into the world's greatest and most sophisticated power and the origins and impact of revolutionary Islam It concludes with an assessment of Islam today and its challenges With this brilliant book Karen Armstrong issues a forceful challenge to those who hold the view that the West and Islam are civilizations set on a collision course It is also a model of authority elegance and economy

A Short History of Myth (Myths series)

Karen Armstrong, 2010-10-29 What are myths How have they evolved And why do we still so desperately need them A history of myth is a history of humanity Karen Armstrong argues in this insightful and eloquent book our stories and beliefs our curiosity and attempts to understand the world link us to our ancestors and each other This is a brilliant and thought provoking introduction to myth in the broadest sense from Palaeolithic times to the Great Western Transformation of the last 500 years and why we dismiss it only at our peril

Religious Leadership Sharon Henderson Callahan, 2013-06-20 This title tackles issues relevant to leadership in the realm of religion It explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more Topics are examined from multiple perspectives traditions and faiths

The Demonic Ewan Fernie, 2013-02-11 Ewan Fernie is a really innovative exciting contemporary literary critic This book will have an impact in a variety of areas including literature theology philosophy Shakespeare It offers a personal and engaging narrative alongside the criticism so should also appeal to a less strictly academic market It is a provocative take on cultural history and modern life and will rock some academic communities Fernie has just taken up a post as professor at the Shakespeare Insititute and is a rising or pretty much risen star in European academia

The Spiral Staircase Karen Armstrong, 2010-06-04 The moving story of her own search for God by the highly acclaimed author of the bestselling *A History of God* *The 4 000 Year Quest of Judaism Christianity and Islam* *The Battle for God* *A History of Fundamentalism and Islam* *A Short History* In 1969 after seven years as a Roman Catholic nun hoping but ultimately failing to find God Armstrong left her convent She knew almost nothing of the changed world she was entering and she was tormented by panic attacks and inexplicable seizures Her struggle against despair was fueled by a string of discouragements failed spirituality doctorate and jobs fruitless dealings with psychiatrists but finally in 1976 she was diagnosed with epilepsy and given proper treatment She then began the writing career that would become her true calling and as she focused on the sacred texts of Judaism Christianity and Islam her own true inner story began to emerge She would come to experience brief moments of transcendence through her work the profound fulfillment that she had not found in the long hours of prayer as a young nun Powerfully engaging often heart breaking but lit with bursts of humour *The Spiral Staircase* is an extraordinary history of self

This Engaging World of E-book Books: A Thorough Guide Revealing the Advantages of Kindle Books: A Realm of Ease and Flexibility E-book books, with their inherent mobility and ease of access, have freed readers from the constraints of hardcopy books. Tongues Of Fire An Anthology Of Religious And Poetic Experience Introduction

In the digital age, access to information has become easier than ever before. The ability to download Tongues Of Fire An Anthology Of Religious And Poetic Experience has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Tongues Of Fire An Anthology Of Religious And Poetic Experience has opened up a world of possibilities. Downloading Tongues Of Fire An Anthology Of Religious And Poetic Experience provides numerous advantages

over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Tongues Of Fire An Anthology Of Religious And Poetic Experience has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Tongues Of Fire An Anthology Of Religious And Poetic Experience. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Tongues Of Fire An Anthology Of Religious And Poetic Experience. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Tongues Of Fire An Anthology Of Religious And Poetic Experience, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Tongues Of Fire An Anthology Of Religious And Poetic Experience has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Tongues Of Fire An Anthology Of Religious And Poetic Experience Books
