Witzig,2018-03-22 Excerpt from *Eighty Years in the Making* A Legislative History of Voyageurs National Park Legislation authorizing the secretary of the Department of the Interior to establish a Voyageurs National Park in northern Minnesota was signed into law by President Nixon on January 8 1971 This action occurred almost eighty years after the Minnesota Legislature in April 1891 approved a concurrent resolution requesting that the president create a national park in Minnesota by setting apart a tract of land along the northern boundary of the state between the mouth of the Vermilion River on the east and Lake of the Woods on the much of the territory identified in the 1891 request was incorporated in the final legislation authorizing Voyageurs National Park Although the legislature s request was never acted upon by Congress conservationists would continue to press for some form of federal protection for the forest and water resources of northeastern Minnesota and especially the border lakes region Their persistence was buttressed by a growing national awareness that much of the nation s natural resources were being pillaged and squandered with little regard for future needs The federal government finally recognized this public concern for more careful management of these resources In a dramatic departure from the previous practice of generous land disposal policies the Congress on March 3 1891 enacted the Forest Reserve Act This legislation authorized the president to establish forest reserves on lands in the public domain 5 Significantly the Minnesota Legislature s request for a national park followed by one month the congressional action on forest reserves and five months the establishment of two national parks Sequoia and Yosemite About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
