in 1985 this book is a social cultural political and economic study of Mexico That year marked one of the most turbulent periods in the country s modern history a severe economic crisis repeated interference in domestic affairs by U S ambassador John Gavin the brutal murder of DEA agent Enrique Kiki Camarena which shocked both Mexico and the United States and to top it off an earthquake that exposed the inefficiency of the political class and revealed the strength of civil society as millions of citizens armed only with their will joined rescue efforts and supported affected families Distant Neighbors sparked major controversy and drew the ire of the ruling PRI government and many Mexicans who felt that no foreigner has the right to criticize Mexico At the same time it captured the attention of a wide readership and was reprinted multiple times In 2001 a second edition was released with an epilogue in which Riding revisited events to analyze the end of the PRI s long rule and Mexico s transition to democracy Now 25 years later he returns with a new epilogue examining what has happened since as well as the current tensions in bilateral relations between two leaders at opposite ends of the political spectrum Distant Neighbors considered by some a classic remains as relevant today as it was four decades ago

*Border Killers* Elizabeth Villalobos,2024-05-14 *Border Killers* delves into how recent Mexican creators have reported analyzed distended and refracted the increasingly violent world of neoliberal Mexico especially its versions of masculinity By looking to the insights of artists writers and filmmakers Elizabeth Villalobos offers a path for making sense and critiquing very real border violence in contemporary Mexico Villalobos focuses on representations of border killers in literature film and theater The author develops a metaphor of maquilization to describe the mass production of masculine violence as a result of neoliberalism The author demonstrates that the killer is an interchangeable cog in a societal factory of violence whose work is to produce dead bodies By turning to cultural narratives Villalobos seeks to counter the sensationalistic and stereotyped media depictions of border residents as criminals The cultural works she examines instead indict the Mexican state and the global economic system for producing agents of violence Focusing on both Mexico s northern and southern borders *Border Killers* uses Achille Mbembe s concept of necropolitics and various theories of masculinity to argue that contemporary Mexico is home to a form of necropolitical masculinity that has flourished in the neoliberal era and made the exercise of death both profitable and necessary for the functioning of Mexico s state cartel corporate governance matrix

**The Other Side** Martin Lahiff,2013-07 Some forty scholarly works written by historians on both sides of the Border form the basis for this non scholarly attempt to provide a short simple story of events between the Spanish conquest of Mexico five centuries ago and Mexico s dominance of itself since its independence of two hundred years Better analysis of events here described in a

factually chronologic way can be found in the writer s historical sources A reader knowing little of Mexico s history can get a good start with this writer s try to show what the large and beautiful land to the south has met and overcome on the way to what it has and what it will become      Checkerboards and Shatterbelts Philip Kelly,2010-07-22 Geography has always played a major role in world politics In this study Philip Kelly maps the geopolitics of South America a continent where relative isolation from the power centers in North America and Eurasia and often forbidding internal terrain have given rise to a fascinating and unique geopolitical structure Kelly uses the geographical concepts of checkerboards and shatterbelts to characterize much of South America s geopolitics and to explain why the continent has never been unified nor dominated by a single nation This approach accounts for both historical relationships among South American countries and for such current situations as Brazil s inability to extend its authority across the continent from Atlantic to Pacific its traditional competition with Argentina its territorial expansion toward the continental heartlands its encirclement by neighbors fearful of such expansion and its recent rapprochement with Argentina An important component of this book is the incorporation of the thinking and writing of South American geopolitical analysts which leads to an interesting inventory of viewpoints on frontier conflicts territorial expansion industrial development economic cooperation and United States and European relations Kelly s findings will be important reading for geographers political scientists and students and scholars of Latin American history      **Migración y empoderamiento transnacional** Abel Gómez Gutiérrez,2013 El texto que usted tiene en las manos es el resultado de 10 años consecutivos de estudio observación e interacción con seres humanos que nacieron en un lugar y por una u otra razón emigraron a otro El marco general de análisis son los migrantes mexicanos y sus organizaciones en el sur de California Sin embargo encontraré el caso de estudio empírico de los migrantes nayaritas y sus organizaciones

governance so that all members of a community can enjoy the benefits of social life In the U S Mexico borderlands cross border governance draws only sporadic and even erratic attention primarily in times of crises when governance mechanisms can no longer provide even moderately adequate solutions This volume addresses the most pertinent binational issues and how they are dealt with by both countries In this important and timely volume experts tackle the important problem of cross border governance by an examination of formal and informal institutions networks processes and mechanisms Contributors also discuss various social political and economic actors and agencies that make up the increasingly complex governance space that is the U S Mexico border Binational Commons focuses on whether the institutions that presently govern the U S Mexico transborder space are effective in providing solutions to difficult binational problems as they manifest themselves in the borderlands Critical for policy making now and into the future this volume addresses key binational issues It explores where there are strong levels of institutional governance development where it is failing how governance mechanisms have evolved over time and what can be done to improve it to meet the needs of the U S Mexico borderlands in the next decades Contributors Silvia M Chavez Baray Kimberly Collins Irasema Coronado Guadalupe Correa Cabrera Pamela L Cruz Adri n Duhalt James Gerber Manuel A Guti rrez V ctor Daniel Jurado Flores Evan D McCormick Jorge Eduardo Mendoza Cota Miriam S Monroy Eva M Moya Stephen Mumme Tony Payan Carla Pederzini Villarreal Sergio Pe a Octavio Rodr guez Ferreira Cecilia Sarabia R os Kathleen Staudt *Identidad, diferencia y ciudadanía en el cine transnacional contemporáneo* José Luis Fecé, 2015-07-03 En los ltimos a os la expresi n cine transnacional se viene utilizando como sin nimo de cine contempor neo puesto que las actuales condiciones de producci n distribuci n y consumo cinematogr ficos conducen a unas transformaciones tambi n est ticas que dif cilmente pueden explicarse desde las culturas y pol ticas nacionales La imposibilidad o como m nimo la dificultad de asignar una nacionalidad nica o mayoritaria constituye una de las principales caracter sticas del cine y de la producci n audiovisual contempor neos Los textos incluidos en esta edici n se ocupan de estas transformaciones a trav s de ejemplos relacionados con espacios geopol ticos los pa ses que componen Mercosur la recepci n y el consumo de producciones audiovisuales latinas en Estados Unidos o con el an lisis de espacios ficcionales transnacionales la ciudad global la frontera y otros no lugares contempor neos Estos trabajos coinciden en una idea m s general el car cter transnacional del cine contempor neo no es un asunto estrictamente cinematogr fico sino tambi n pol tico pues tanto su realidad como su imaginario geopol tico afectan tambi n al propio concepto de ciudadan a **Las rentas del clero en 1822** Angel Fern ndez Collado, 2005 **Distant Neighbors** Alan Riding, 1989-10-23 A study of Mexico political social cultural economic by a journalist who was for the past 6 years the NYT bureau chief in Mexico City With portraits of Mexico s top leaders about a nation whose stability is vital to our national well being **LOS JARDINES DE LOS JUSTOS** AL-IMAM AL NAWAWI, 2016-01-01 **LA GUIA DEL MUSULMAN** ABU BAKR YABIR AL-YAZAIRI, 2013-01-01 **Los últimos héroes** Gustavo Vázquez, 2024-03-11 Los h roes eliminados de la historia de M xico Ellos protagonizaron la ltima
