

2 MODELS TO CHOOSE FROM

VAX 2000.

VAX 2000 is a versatile vacuum cleaner for everyday use, but it can also do things you would never expect from a conventional vacuum cleaner. You can vary the suction power of your VAX 2000 by using the fingertip-controlled air regulator and the powerful 1000 watt motor allows you to tackle the toughest of tasks. It also converts easily into the VAX Filo-Flow II washing system for deep cleaning your carpets and upholstery.

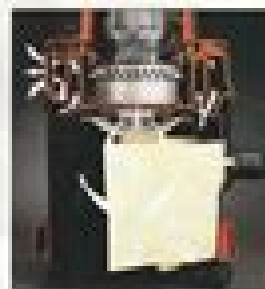

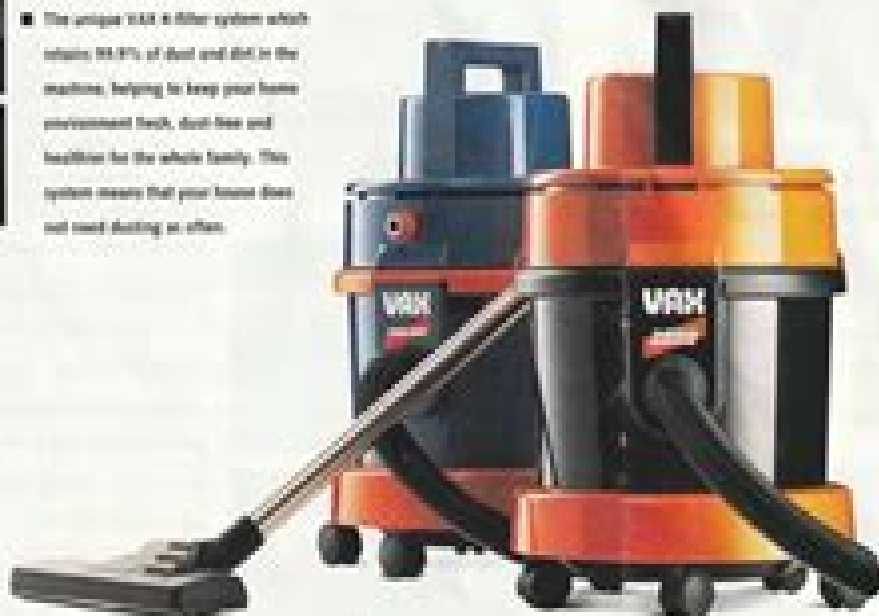

PCWA 4000.

PCWA 4000 offers you all the benefits of the VAX 2000 and, in addition, has the advantages of electronically variable power plus power-assisted VAKING. Variable power control gives you the choice from a gentle 450 watts for cleaning delicate items, such as curtains, to a tremendous 1300 watts for the well-trodden hall carpet. With power-assisted VAKING you have the added power to clean stair carpets and upholstery more easily.

Every VAX has these features.

- The unique VAX II filter system which strains 99.9% of dust and dirt in the machine, helping to keep your home environment fresh, dust-free and healthier for the whole family. This system means that your house does not need dusting so often.

Shows close air flow when vacuuming.

- An extra long power cable gives you a total reach of 15 metres, making it easier to clean through from room to room and awkward areas such as stairs.
- The wide vacuuming head cleans right up to those hard to reach edges of your rooms.
- Five sturdy castors means that your VAX follows you easily around the house.
- An extra large, 8-litre capacity recovery bucket holds the dirty water from your carpet, saving you the bother and mess of having to empty it every five minutes.
- The flat, full-curved design of the VAX vacuuming head allows you to vacuum under furniture with just 7.5 cms clearance. You can vacuum carpets thoroughly without the effort of moving furniture.
- The brushes on the vacuuming head can be lowered easily by pushing a pedal for dust-free hardfloor cleaning.

- The safely rounded contoured VAX is made of a durable material that absorbs knocks but does not damage furniture.
- Built to rigorous safety standards, VAX machines comply with all European electrical safety standards and comes with a moulded safety plug already fitted.
