War Revolution British Imperialism In Central Asia:

War, Revolution & British Imperialism in Central Asia Frederick Stanwood,1983 **Curzon and British Imperialism in the Middle East, 1916-19** John Fisher,1999 John Fisher explores the acquisitive thinking which from the autumn of 1914 drove the Mesopotamian Expedition and examines the political issues international and imperial delegated to a War Cabinet committee under Lord Curzon The motives of Curzon and others in attempting to obtain a privileged political position in the Hejaz are studied in the context of inter Allied suspicions and Turkish intrigues in the Arabian Peninsula This is a penetrating study of war imperialism when statesmen contemplated strong measures of control in several areas of the Middle East *Curzon and British Imperialism in the Middle East, 1916-1919* John Fisher,2012-11-12 John Fisher explores the acquisitive thinking which from the autumn of 1914 drove the Mesopotamian Expedition and examines the political issues international and imperial delegated to a War Cabinet committee under Lord Curzon The motives of Curzon and others in attempting to obtain a privileged political position in the Hejaz are studied in the context of inter Allied suspicions and Turkish intrigues in the Arabian Peninsula This is a penetrating study of war imperialism when statesmen contemplated strong measures of control in several areas of the Middle East **British Imperialism in Qajar Iran** H. Lyman Stebbins,2016-12-18 In 1888 there were just four British consulates in the country by 1921 there were twenty three H Lyman Stebbins investigates the development and consequences of British imperialism in Iran in a time of international rivalry revolution and world war While previous narratives of Anglo Iranian relations have focused on the highest diplomatic circles in Tehran London Calcutta and St Petersburg this book argues that British consuls and political agents made the vast southern borderlands of Iran the real centre of British power and influence during this period Based on British consular archives from Bushihr Shiraz Sistan and Muhammarah this book reveals that Britain India and Iran were linked together by discourses of colonial knowledge and patterns of political military and economic control It also contextualizes the emergence of Iranian nationalism as well as the failure and collapse of the Qajar state during the Iranian Constitutional Revolution and the First World War **Britain and the Iranian Constitutional Revolution of 1906-1911** Mansour Bonakdarian,2006-06-30 In this thoroughly researched account Mansour Bonakdarian provides an in depth exploration of the substantial British support for the Iranian constitutional and national struggle of 1906 1911 illuminating the opposition in Britain to Anglo Russian imperialist intervention in Iran In painstaking and compelling detail Bonakdarian analyzes in particular the role of the Persia Committee a lobbying group founded in 1908 for the sole purpose of changing Britain s policy toward Iran This book s strength lies in its coverage of how Sir Edward Grey s policy toward Iran was shaped and the extent to which this policy was affected by sustained criticism from a number of disparate groups including dissenters radicals socialists liberal imperialists and conservatives The volume and breadth of primary archival materials used is extensive Not only have all the standard collections been examined such as the Foreign Office files and the Cabinet and Grey

papers but also numerous private archives in international libraries have been consulted Bonakdarian's deep understanding of the Iranian issues yields a rich and balanced approach to the literature in the field With clear and systematic arguments he offers an account of diplomatic history that is accessible and persuasive His scholarship is certain to reinvigorate dialogue on the subject of Anglo-Iranian relations The Strategy of the Lloyd George Coalition, 1916-1918 David French, 1995-06-29

The popular image of the First World War is dominated by two misconceptions The first holds that the war was an exercise in futility in which incompetent upper class generals callously sacrificed an entire generation of young men to no good purpose The second holds that the debate about British strategic policy during the First World War was a gladiatorial contest between brass hats generals and frock coats politicians Historians denied access for too long to the contemporary records of the private deliberations of policy makers had been forced to follow both interpretations David French challenges this orthodoxy and suggests that the policy makers were united in trying to relate strategic policy to a carefully considered set of war aims His challenging conclusion is that the policy makers never lost sight of their goal which was to ensure that Britain fought the war at an acceptable cost and emerged from it with its security enhanced against both its enemies and its allies *The Decline of Empires in South Asia* Heather A. Campbell, 2022-04-21

The post First World War period was pivotal in global history international relations and geopolitics And no more than in South Asia where for decades the Great Game in geopolitical rivalry of the two greatest modern empires Britain and Russia had dominated international relations But with the advent of Communism in Russia and growing nationalism and pan-Islamism in Afghanistan Persia and India Britain's imperial standing was under threat Faced with these problems some in the British government such as Lord Curzon the dominant imperialist in the British Foreign Office fell back on what they knew old patterns of rivalry and high handedness that characterised the Great Game Not all however agreed with Curzon and with war in Afghanistan civil unrest in India and rising tensions in Persia those who opposed this Great Game mindset advocated a new way forward for British foreign relations A Peace to End All Peace David Fromkin, 2010-08-03

Published with a new afterword from the author the classic bestselling account of how the modern Middle East was created The Middle East has long been a region of rival religions ideologies nationalisms and ambitions All of these conflicts including the hostilities between Arabs and Israelis and the violent challenges posed by Iraq's competing sects are rooted in the region's political inheritance the arrangements unities and divisions imposed by the Allies after the First World War In *A Peace to End All Peace* David Fromkin reveals how and why the Allies drew lines on an empty map that remade the geography and politics of the Middle East Focusing on the formative years of 1914 to 1922 when all seemed possible he delivers in this sweeping and magisterial book the definitive account of this defining time showing how the choices narrowed and the Middle East began along a road that led to the conflicts and confusion that continue to this day A new afterword from Fromkin written for this edition of the book includes his invaluable updated assessment of this region of the world today and on what this history has to teach us **Revolution**

in Iran Parviz Daneshvar,2016-07-27 Revolutions are watershed events that attempt to transform the existing political order and replace it with a new but better one Yet the hallmark of most revolutions has been violence war and dictatorship The Iranian Revolution of 1979 has been no exception This book offers a critical analysis of the Iranian Revolution It focuses on the upheavals that led to the fall of the Shah It provides the reader with an appreciation for the interplay of forces in the making of the 1979 revolution and the emergence of the Islamic regime Soviet Russia and Tibet Alexandre

Andreyev,2021-11-22 This is the first investigation into the little known Bolshevik foreign ministry's strenuous efforts to win Lhasa over to the Soviet cause in the 1920s Examining the history of relations between Russia tsarist Soviet and post Soviet and Tibet from the 17th century to the 1990s the author puts at the core of his narrative the previously unknown story of clandestine negotiations between the Soviet government and the 13th Dalai Lama forming part of Moscow's bitter struggle against British imperialism in Asia The book provides insight into Soviet secret diplomacy and draws important conclusions relating to the history of Anglo Russian competition for Tibet and Tibet's status prior to 1951 **The Making of the**

Modern Near East 1792-1923 Malcolm Yapp,2014-01-09 This clear and authoritative text surveys the history of the region from the collapse of the Ottoman Empire to the present day It contains a general regional introduction followed by a series of country by country analyses and a section which places the Near East in the international context Professor Yapp's new edition covers recent dramatic events including the end of the Cold War the Kuwait Crisis of 1990-91 and the continuing conflict in Israel as well as assessing the huge social and economic changes in the region It will be essential reading for students and scholars concerned with modern middle eastern history and politics of the middle east *On Secret Service*

East of Constantinople Peter Hopkirk,2011-09-15 Under the banner of a Holy War masterminded in Berlin and unleashed from Constantinople the Germans and the Turks set out in 1914 to foment violent revolutionary uprisings against the British in India and the Russians in Central Asia It was a new and more sinister version of the old Great Game with world domination as its ultimate aim Here told in epic detail and for the first time is the true story behind John Buchan's classic wartime thriller Greenmantle recounted through the adventures and misadventures of the secret agents and others who took part in it It is an ominously topical tale today in view of the continuing turmoil in this volatile region where the Great Game has never really ceased *Political, Social and Cultural History of Modern Iran* H. E. Chehabi, *Middle Eastern Studies* Frances A.
