Moderator-topics ,1910 Handbook of Research on Advancing Language Equity Practices With Immigrant Communities Cardozo-Gaibisso, Lourdes,Vazquez Dominguez, Max,2020-06-26 Research on linguistically and culturally sustaining education has recently placed increased attention on the need to rethink the field by promoting more equitable

linguistic pedagogical opportunities for all students including immigrant and newcomer youth It has been evident for some time that immigration patterns around the globe have been increasingly shifting posing a new challenge to educators As a result there is a gap in the literature that is meant to address educational practices for immigrant communities comprehensively The Handbook of Research on Advancing Language Equity Practices With Immigrant Communities is a critical scholarly book that explores issues of linguistic and educational equity with immigrant communities around the globe in an effort to improve the teaching and learning of immigrant communities Featuring a wide range of topics such as higher education instructional design and language learning this book is ideal for academicians teachers administrators instructional designers curriculum developers researchers and students in the fields of linguistics anthropology sociology educational policy and discourse analysis

English Traditional Grammars Gerhard Leitner,1991-01-01 Until recently grammars of English have received surprisingly little scholarly attention while a lot of research is done on dictionaries It appears however that learners of English shy away from modern grammars and prefer to consult dictionaries or traditional reference grammars instead This raises questions as to the relationship between theoretical linguistics and grammar writing and calls for more research into this area especially for the period from 1800 onwards which was crucial for the development of grammatical thinking and its acceptance or rejection at all educational levels today This volume brings together work from international experts on the historiography of English grammar writing who deal with a variety of topics grouped into three overlapping sections I Native Grammars of English II Non native Grammars of English and III Grammatical Analyses The volume includes summaries of the articles and a name index

The Cambridge Handbook of Discourse Studies Anna De Fina,Alexandra Georgakopoulou,2020-10-15 Discourse studies the study of the ways in which language is used in texts and contexts is a fast moving and increasingly diverse field With contributions from leading and upcoming scholars from across the world and covering cutting edge research this Handbook offers an up to date survey of Discourse Studies It is organized according to perspectives and areas of engagement with each chapter providing an overview of the historical development of its topic the main current issues debates and synergies and future directions The Handbook presents new perspectives on well established themes such as narrative conversation analytic and cognitive approaches to discourse while also embracing a range of up to the minute topics from post humanism to digital surveillance recent methodological orientations such as linguistic landscapes and multimodal discourse analysis and new fields of engagement such as discourses on race religion and money
