Urban Wildlife Management, Second Edition Clark E. Adams, 2012-06-15 When the first edition of Urban Wildlife Management was published two years ago it provided conservationists ecologists and wildlife professionals with a welcome shift in the way that interactions between humans and wildlife were viewed and managed Instead of focusing on ways to evict or eradicate wildlife encroached on by urban development this unique work took a holistic ecosystems approach Gathering information from more than five hundred academic sources and the popular media this book educated us on the complete nature of the problem See what s new in the Second Edition New information garnered from secondary data sets Added contributions from an extended list of leading

wildlife specialists Original research conducted by the authors and their students New chapters on urban soils urban waters and zoonotic diseases More perspective essays and case studies Single species profiles in each chapter that focus on management issues Numerous tables examining trends by species and by region Through discussions of past and present approaches in the United States the book explores the changing landscape of wildlife management and future approaches Urban habitats and hazards are defined in terms of green and gray spaces Sociopolitical issues are discussed in terms of wildlife management stakeholder responsibilities and legal considerations And wildlife are viewed as adaptive inhabitants of an evolving ecosystem rather than as interlopers in a humans only world The author maintains a blog exploring wildlife in our own backyard

Why We Fight Robert C. Engen, H. Christian Breede, Allan English, 2020-12-17 For decades the Canadian Armed Forces has used the work of foreign scholars and writers in its professional military education to try to understand the human dimension of warfare why and how people are motivated to fight and how they behave once they do fight Yet the specific Canadian context experience and perspective are often lost in favour of appeals to universal truths The first major Canadian study of combat motivation in almost forty years Why We Fight redresses this imbalance by presenting some of the best new work on the subject Bringing together top military practitioners and scholars to discuss some of the most controversial issues of modern warfare Why We Fight examines the face of battle as experienced by Canadians It explores sexual violence in war professionalism organizations leadership shared intent motivation in extremism and the toxicity of the warrior culture Its chapters offer key insights on combat motivation theories the modern operating environment and the collective and individual identities of the men and women who fight for Canada Many worry that technology is leading us towards a post human age particularly in war Why We Fight affirms the centrality of the human being in warfare in Canada s past present and future
