critiquing the excesses of the new atheists for failing to appreciate the moral contributions of religion Awarded Honourable Mention 2010 Prose Awards **The Hill of Dreams** Arthur Machen, 2019-10-30T21:30:01Z An ancient Roman hilltop fort proves an irresistible draw to Lucian Taylor but what awaits at the top isn't just a view of the surrounding Welsh landscape but a bacchanal experience his young soul isn't ready for This experience sets his path as he attempts to transcribe his increasingly elaborate visions into the perfect book the book that will actually mean something more than the banal novels he sees the publishing houses push out *The Hill of Dreams* is a semi autobiographical work with Arthur Machen following a similar physical journey to the novel a childhood in rural Wales followed by attempts to become an author in London Machen was inspired by a review of *Tristram Shandy* that described it as a picaresque of the mind and determined to write a *Robinson Crusoe* of the soul The protagonist's isolation from the rest of society certainly resonates with that description Machen wrote this ten years earlier than its original 1907 publication it having been turned down by the publishers of the time While it was mostly ignored on its initial release it has picked up admirers over the years and is now viewed as one of Machen's most important works This book is part of the Standard Ebooks project which produces free public domain ebooks

The Hill of Dreams Arthur Machen, 2016-01-30 There was a glow in the sky as if great furnace doors were opened But all the afternoon his eyes had looked on glamour he had strayed in fairyland The holidays were nearly done and Lucian Taylor had gone out resolved to lose himself to discover strange hills and prospects that he had never seen before The air was still breathless exhausted after heavy rain and the clouds looked as if they had been molded of lead No breeze blew upon the hill and down in the well of the valley not a dry leaf stirred not a bough shook in all the dark January woods About a mile from the rectory he had diverged from the main road by an opening that promised mystery and adventure It was an old neglected lane little more than a ditch worn ten feet deep by its winter waters and shadowed by great untrimmed hedges densely woven together On each side were turbid streams and here and there a torrent of water gushed down the banks flooding the lane It was so deep and dark that he could not get a glimpse of the country through which he was passing but the way went down and down to some un conjectured hollow *The Illustrated London News*, 1852 **Imagining Manila** Tom Sykes, 2021-04-08 The city of Manila is uniquely significant to Philippine Southeast Asian and world history It played a key role in the rise of Western colonial mercantilism in Asia the extinction of the Spanish Empire and the ascendancy of the USA to global imperial hegemony amongst other events This book examines British and American writing on the city situating these representations within scholarship on empire orientalism and US Asian and European political history Through analysis of novels memoirs travelogues and journalism written about Manila by Westerners since the early eighteenth century Tom Sykes builds a picture of Western attitudes towards the city and the wider Philippines and the mechanics by which these came to dominate the discourse This study uncovers to what extent Western literary tropes and representational models have informed understandings of the Philippines in the West and elsewhere and the types of counter

narrative which have emerged in the Philippines in response to them **My Road from Saigon** Brian Staley, 1900 Personal revelations include The Vietnam War and Peace Talks Jeremy Thorpe and the criminal cover up Campaign for Gurkha justice and Peace Foundation Joanna Lumley said This book sets out the extraordinary life experiences of a man who is so modest And those experiences and achievements are truly splendid in their breadth and depth In his early life they range from flying as a reporter on a combat mission over Vietnam and being blown out of bed by a rocket to playing a key role in the eventual peace process in that beautiful country And later in life through to helping our Gurkha heroes and dedicating his life to national and community politics This is both a testament to a remarkable life and an inspiration to the reader I read the book from start to finish in a day and found it absolutely fascinating Dr Seth Thevoz of Oxford University Arts & Humanities Citation Index ,2002 **Choice** ,2007 **British Books in Print** ,1978 **Book Review Index - 2009 Cumulation** Dana Ferguson,2009-08 Book Review Index provides quick access to reviews of books periodicals books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year *The Guardian Index* ,2002 *Joyce in the Belly of the Big Truck; Workbook* Joyce A. Cascio,2005-05 Understanding Terrorism S. Ozeren,2007 Terrorism is a multi dimensional phenomenon and this publication aims at comprehending it It includes a comprehensive focus on the conceptualization of terrorism and understanding of it It explains the concept and addresses the important issues which can help us to understand why and how individuals commit such an act Sociology and Psychology of Terrorism Rex A. Hudson,2010 The purpose of this book is to focus attention on the types of individuals and groups that are prone to terrorism in an effort to help improve U S counter terrorist methods and policies The emergence of amorphous and largely unknown terrorist individuals and groups operating independently freelancers and the new recruitment patterns of some groups such as recruiting suicide commandos female and child terrorists and scientists capable of developing weapons of mass destruction provide a measure of urgency to increasing our understanding of the psychological and sociological dynamics of terrorist groups and individuals The approach used in this study is twofold First the study examines the relevant literature and assesses the current knowledge of the subject Second the study seeks to develop psychological and sociological profiles of foreign terrorist individuals and selected groups to use as case studies in assessing trends motivations likely behaviour and actions that might deter such behaviour as well as reveal vulnerabilities that would aid in combating terrorist groups and individuals This book is not about terrorism per se Rather it is concerned with the perpetrators of terrorism Prepared from a social sciences perspective it attempts to synthesise the results of psychological and sociological findings of studies on terrorists published in recent decades and

figurational sociology Michael Dunning explores the development of terrorism in Britain over the past two centuries focusing
on long term processes and shifting power dynamics In so doing he demonstrates that terrorism as a concept and designation
is entwined with its antithesis civilization A range of process sociological concepts are deployed to tease out the sociogenesis
of terrorism as part of Britain's relationships with France Ireland Germany the Soviet Union the industrial working classes its
colonies and most recently jihadism In keeping with the figurational tradition Dunning examines the relationships between
broad macro level processes and processes at the level of individual psyches showing that terrorism is not merely a thing
done to a group but part of a complex web of interdependent relations **Terrorism and the Politics of Social Change**
James Dingley, 2016-03-16 Terrorism and political violence have invariably accompanied the progressive modernization of
states a socio cultural reaction to the problems of social change and development To understand this phenomenon it is
necessary to consider the nature of traditional society and how it differs from modernity Starting with a basic history of
modern terrorism James Dingley uses a Durkheimian sociological framework to dissect the role of social relations culture and
religion in impelling men and women to defend their socio cultural context with violence against the challenge of external
forces Placing emphasis on a historical and social understanding of violence and key issues such as nationalism religion
science the Enlightenment and Romanticism for understanding terrorism in all its forms this book allows for a more critical
examination of terrorism as a response to changes in the organization and cultural goals in a society It is a decisive
contribution to our understanding of the political and social relevance of terrorism as we know and experience it today
