Women's Memory D. Fatma Türe, Fatma Türe, 2011-07-12 Women's archives appear to have been largely disregarded until the last couple of decades. Most countries lack well-documented archives and the question of methodology has become a common concern and ever more significant for researchers. Aiming to contribute to the growing efforts of developing women's archives, the present book brings together the works of numerous researchers from various disciplines. The researchers contributed to this volume in order to share information and experiences about the problems of sources and archives in women's studies. The articles in the book not only analyse the problems encountered by researchers in the field of women's studies but also examine perceptions of women in collective memories. The book comprises five parts: Women's Archives and Women's Libraries, Art, Literature and Journal Letters and Petitions, Oral History and Cinema. All the articles present fresh ideas on the collective memory, perceptions, experiences, and the collection of documents on women. The aim is to present discussions about the works of oral, written, and visual culture that constitute the collective memory and to form accessible archives on an international level, thereby opening up new areas of research on this subject

Die elegante Welt der Regina Relang Relang, Münchner Stadtmuseum. Fotomuseum, 2005 *The Elegant World of Regina Relang* is just that: an enchanting volume of pictures presenting a whirlwind tour through the entrancing world of haute couture that the late German photographer recorded throughout the mid-twentieth century. 160 of the best original images from Relang's estate follow the lady shutterbug's eye as she worked the Paris fashion shows from her first days at *Vogue* in 1938 through to her rise as one of the leading fashion photographers of the 1950s and 1960s. Her spectacular images of the most forward fashionable styles were featured twice a year in all of the major German fashion journals for whom she represented the essence of the catwalk shooting genre. This handsomely illustrated volume reproduces fine vintage prints from Relang's early reportage career and from the height of her days as a documenter of style while also providing valuable insight into the historical background of her work. *The Elegant World of Regina Relang* chronicles the changing fashions of Christian Dior, Pierre Cardin, and Yves Saint Laurent among other arbiters of la mode while also tracing the transformation of the image of woman through the mid-twentieth century

American Book Publishing Record, 1998

The Fashion Doll Juliette Peers, 2004-06-01 Feminists have argued that the Barbie doll perpetuates unrealistic standards of feminine beauty and undermines the credibility of women that her long slender plastic limbs and tiny waist fetishize the female body in unnatural ways and that her mature overtly fashionable image promotes consumerism and

superficiality over and above women's liberty and intellect. Depending on the viewer, Barbie is either a malign symbol of the strategies of the capitalist system or she is a symbol of glamour, high fashion and style, a fascinating index of cultural change and nostalgic memory. Yet both Barbie's fans and detractors assume that she stands alone. In reality, she is the most high profile of a series of iconic dolls that over the past century and a half have been intimately connected to notions of fashionability. The prominence of haute couture in popular culture suggests that the link between fashion marketing and dolls should be an obvious one. Yet to date, this connection has not been systematically explored. Doll collecting has been viewed as an enthusiasts' or curatorial preserve while the volumes these artefacts speak about culture and identity has not been adequately interrogated. Peers' original and shrewd analysis fills a major gap in cultural studies by examining in depth the dolls' associations with concepts of femininity and fashionability.

Alternative Femininities Samantha Holland, 2004-06-01

Imagine a world where the oppressive over-feminized images of women from advertising, television, films and magazines have re-armed themselves with army boots, body modifications and flamboyant hair. Is this just another fairy tale and if so, why can't it be a reality? In *Alternative Femininities*, Samantha Holland unpacks the myth of model womanhood and considers how a particular group of real women define and practise femininity. These women, who see themselves as alternative, modify and subvert popular images of femininity. The choices they make in clothing, appearance and body modifications enable them to construct a personal look that is intimately tied to self-identity. Getting the balance right between over-femininity and not being feminine enough is a frequently voiced concern. Holland also addresses head-on the much neglected issue of how ageing

impacts on notions of femininity What do these women think about fashion gender and appearance as they grow older and less visible in our media dominated society Do they choose to tone down or stay out there and what motivates their choice A revealing look at contemporary femininity *Alternative Femininities* gives voice to a previously silent group of women who struggle to resist sexist gender stereotypes yet age with style individuality and creativity By looking at how real women negotiate self image in an increasingly appearance conscious society Holland has provided a much needed corrective to theoretical accounts of gender and femininity lacking in real data *Lost Highways* Jack Sargeant, Stephanie Watson, 1999 Through a series of detailed illustrated essays on key films within the genre *Lost Highways* explores the history of the road moviei Bringin in other until now neglected genres such as the western film noir horror and even science fiction this is the definitive guide to a diverse body of film that incorporates some of the most dominant themes and most popular films of this century *Tales of the Underworld* Tim Palmer, 2003 **Imagining la Chica Moderna** Joanne Herschfield, 2008-06-27 A look at how the modern woman was envisioned in postrevolutionary Mexican popular culture and how she figured in contestations over Mexican national identity **Growing Up with Audrey Hepburn** Rachel Moseley, 2002 The first full length academic study of Hepburn's star persona and films featuring research into the experience of British women who have admired her in the 1950s 1960s and the 1990s Examines the historical specificity of discourses of femininity circulating around Hepburn and her female fans suggesting that the flexibility of Hepburn's image has contributed to her enduring appeal Makes a significant contribution to the growing field of star studies Argues that class and gender are significant factors in the relationship between stars and audiences
