Violence And Desire In Brazilian Lesbian Relationships:

Violence and Desire in Brazilian Lesbian Relationships Andrea Stevenson Allen, 2014-01-14 Violence and Desire in Brazilian Lesbian Relationships examines the lives of Afro Brazilian lesbian women in the city of Salvador da Bahia Brazil

Unseen Flesh Nessette Falu, 2023-08-25 In Unseen Flesh Nessette Falu explores how Black lesbians in Brazil define and sustain their well being and self worth against persistent racial sexual class and gender based prejudice Focusing on the trauma caused by interactions with gynecologists Falu draws on in depth ethnographic work among the Black lesbian community to reveal their profoundly negative affective experiences within Brazil s deeply biased medical system In the face of such entrenched intersectional intimate violence Falu s informants actively pursue well being in ways that channel their struggle for self worth toward broader goals of social change self care and communal action Demonstrating how the racist and heteronormative underpinnings of gynecology erase Black lesbian subjecthood through mental emotional and physical traumas Falu explores the daily resistance and abolitionist practices of worth making that claim and sustain Black queer identity and living Falu rethinks the medicalization of race sex and gender in Brazil and elsewhere while offering a new perspective on Black queer life through well being grounded in relationships socioeconomic struggles the erotic and freedom strivings

The Palgrave Handbook of Criminology and the Global South Kerry Carrington, Russell Hogg, John Scott, Máximo Sozzo, 2018-01-12 The first comprehensive collection of its kind this handbook addresses the problem of knowledge production in criminology redressing the global imbalance with an original focus on the Global South Issues of vital criminological research and policy significance abound in the Global South with important implications for South North relations as well as global security and justice In a world of high speed communication technologies and fluid national borders empire building has shifted from colonising territories to colonising knowledge The authors of this volume question whose voices experiences and theories are reflected in the discipline and argue that diversity of discourse is more important now than ever before Approaching the subject from a range of historical theoretical and social perspectives this collection promotes the Global South not only as a space for the production of knowledge but crucially as a source of innovative research and theory on crime and justice Wide ranging in scope and authoritative in theory this study will appeal to scholars activists policy makers and students from a wide range of social science disciplines from both the Global North and South including criminal justice human rights and penology

Futbolera Brenda Elsey, Joshua Nadel, 2019-05-21 Latin American athletes have achieved iconic status in global popular culture but what do we know about the communities of women in sport Futbolera is the first monograph on women s sports in Latin America Because sports evoke such passion they are fertile ground for understanding the formation of social classes national and racial identities sexuality and gender roles Futbolera tells the stories of women athletes and fans as they navigated the pressures and possibilities within organized sports Futbolera charts the rise of physical education programs for girls often driven by ideas of eugenics and proper motherhood

that laid the groundwork for women's sports clubs which began to thrive beyond the confines of school systems. *Futbolera* examines how women challenged both their exclusion from national pastimes and their lack of access to leisure, bodily integrity and public space. This vibrant history also examines women's sports through comparative case studies of Argentina, Brazil, Chile, Costa Rica, Mexico and others. Special attention is given to women's sports during military dictatorships of the 1970s and 80s as well as the feminist and democratic movements that followed. The book culminates by exploring recent shifts in mindset towards women's football and dynamic social movements of players across Latin America.

Globalizing the U.S. Presidency Cyrus Schayegh, 2020-01-09 Using John F. Kennedy as a central figure and reference point, this volume explores how postcolonial citizens viewed the US president when peak decolonization met the Cold War. Exploring how their appropriations blended with their own domestic and regional realities, the chapters span sources, cases and languages from Latin America, Africa, Asia and Europe to explore the history of US and third world relations in a way that pushes beyond US-centric themes. Examining a range of actors, *Globalizing the U.S. Presidency* studies various political, sociocultural and economic, domestic and regional contexts during the Cold War era and explores themes such as appropriation, antagonism and contestation within decolonisation. Attempting to both de-Americanize and globalize John F. Kennedy and the US Presidency, the chapters examine how the perceptions of the president were fed by everyday experiences of national and international postcolonial lives. The many examples of worldwide interest in the US president at this time illustrate that this time was a historical turning point for the role of the US on the global stage. The hopes and fears of peaking decolonization, the resulting pressure on Washington, Moscow and other powers and a new mediascape together ushered in a more comprehensive globalization of international politics and a new meaning to the United States in the world.

Coming Out Stephan Likosky, 1992 In the first work of nonfiction published in the US that discusses all aspects and issues of homoeroticism, gay and lesbian writers from all over the world offer a collection of provocative essays, interviews, letters and journals that show how discussions of homosexuality are determined by politics, race, class, history and culture.
