Church had long considered its own monopoly Freixedo then understood that miracles were actually a commonplace phenomenon that reality has always been plastic and malleable and that interaction of humans with other non human intelligences could be traced back to the beginnings of recorded history This special Illuminet reprint features an enlightening introduction by noted UFO author and Fortean pioneer John A Keel author of The Mothman Prophecies and Our Haunted Planet who first brought international attention to Freixedo s personal story and research **Mystics & Miracles** Bert Ghezzi,2002 Praise for Mystics Miracles These wonderful stories are fascinating reading There is much to ponder here and much to strengthen our faith Catholic Parent Bert Ghezzi combines a wonderfully engaging style with real spiritual substance that feeds the soul Charles J Chaput O F M Cap archbishop of Denver Bert Ghezzi has rescued mysticism from the myth of trendy spiritualities If your prayer leaves you longing for more of God read this book slowly Mike Aquilina author The How To Book of Catholic Devotions Ghezzi offers simple but engagingly written accounts of the lives of twenty four saints of considerable variety Highly recommended Library Journal Although many of the mystics examined will be familiar to many Ghezzi does manage to offer some new and interesting insights into their lives and times Booklist Mystics and Miracles by Bert Ghezzi explores the lives and saintly miracles of twenty four ordinary people chosen by God to do his extraordinary work From visions and healing to prophecies and miracles these mystics provide a direct connection between the human and the divine Ghezzi s easy to understand writing style makes this collection of biographies ideal for anyone who wants to better understand the saints and the miracles they performed **The Discernment of Spirits** Wendy Love Anderson,2011 Anderson succeeds in neatly fitting together selected pieces of the history of discernment of spirits to provide a valuable readable description of the contours of its evolution in the late Middle Ages Debra L Stoudt Virginia Polytechnic Institute and State University The Medieval Review Late medieval Christians lived in a world of visions but they knew that not all visions came from God angels demons illness nature or passion could also inspire an apparent divine visitation During the thirteenth and fourteenth centuries the involvement of visionaries in everything from reform movements to military campaigns to papal schisms raised the political and spiritual stakes of determining whether or not a vision was truly from God In response a diverse group of medieval thinkers including men and women clergy and laity visionaries and theologians gradually began to transform the loose patristic readings of Pauline discretio spirituum into a system with the potential to distinguish between true and false visions and between genuine and delusional visionaries Wendy Love Anderson chronicles the historical political and spiritual struggles behind the flowering of late medieval mysticism and what came to be seen as the Christian doctrine of discernment of spirits **Introduction to the Medieval Mystics of Europe** Paul E. Szarmach,1984-01-01 The European Middle Ages bequeathed to the world a legacy of spiritual and intellectual brilliance that has shaped many of the ideals preconceptions and institutions we now take for granted An Introduction to the Medieval Mystics of Europe examines this phenomenon in vivid and scholarly accounts of the lives and achievements of those men and women whose genius most

inspired their own and subsequent ages These great mystics explored and consciously realized the relationship between human life and unconditioned transcendence Representing both the contemplative and scholastic traditions the mystics in these studies often found their solutions to ultimate questions in radically different ways Some of them such as Eckhart Aquinas and Cusa may already be familiar and here the reader will benefit from a new approach and summary of extensive research Others such as Smaragdus and several of the women mystics are little known even to specialists Finally and unusually for a study of European mysticism the influence of Spanish Kabbalists is discussed in relation to the Zohar and two figures from the mystical school of Safed Cordovero and Luria Though the essays focus on individuals the cultural and social implications of their lives and work are never ignored for the mystic way did not exist separately from the rest of medieval life it functioned as an integral part of the whole influencing the development of Christian and Jewish religions in both their internal and external forms

*The New Mystics* John Crowder, 2005-01-01 Every era has produced extreme spiritual forerunners who have accessed the atmosphere of heaven demonstrating miracles signs wonders and supernatural experiences in their lives Beginning with the first century apostles the extraordinary report of God's kingdom has passed like a baton to the early Desert Fathers the Christian mystics of the Dark Ages right up through the healing revivalists and prophetic voices of the past century But God has reserved the greatest wave of his Spirit for a radical postmodern generation that will walk the earth in these last days The stories of long forgotten saints are an arsenal for this hour Not just tales of dreary nuns or dry theologians but fiery men with divine encounters and heavenly visitations Their individual lives serve as a blueprint for an entire company of warriors who will wear those same ancient power mantles perform the same bizarre feats and achieve even greater exploits to bring in the end time harvest of souls What will be the characteristics of this new generation of mystics In this timely work John Crowder offers a fresh perspective on the miracle workers and visionaries of the past linking their spiritual DNA to the breed of dread champions that is now picking up that baton Who are the New Mystics They are Joel's Army Jacob's Generation The Spotless Bride The Overcoming Church The emerging church is throwing off the grave clothes of religion and picking up a dynamic interface with the spiritual realm Their hearts are aflame with a burning desire for Jesus Christ And they will not just talk about Him They will display His power

**The Luminous Vision** Anne Bancroft, 2025-05-08 Mystical understanding transfigured Christianity in the Middle Ages and led to some of its most sublime prose and poetry Originally published in 1982 this was the first book of its kind to bring together some of the medieval mystics and to relate the depths of their understanding to modern life and to world views The author a writer and broadcaster on modern mystics and on the mystical aspects of eastern religions particularly Zen has

interpreted each of these very different medieval mystics afresh      The Visions of the Shepherd Richard MC Sweeney, 2020-09-06 Reader have you ever wondered if Christian visionaries down through the centuries really saw what they claimed to have seen This is the very question the two researchers in this twenty first century thought provoking work of realistic fiction long mulled over before definitively answering it at least for themselves What if one of them could go back in time they thought back as it were to say thirteenth century Europe and there to be privy to the visions of a visionary That is precisely what one of them did while the other remained in the present coordinating the visitation He went back to see to perceive what it was a certain visionary in the hill country of Illyria was seeing throughout his life What they discovered was nothing short of astounding You are hereby invited to come see and ponder for yourself their amazing visual discoveries What bearing you will let them have on your own personal faith or ideas will be very much up to you to satisfactorily determine But assuredly if you are a Christian you will be brought face to face with a quandary do these visual discoveries orientate me all the more towards Christ or all the more away from Christ do they nurture to a greater level my faith my hope and my love or not for my fellow human beings and for every living thing however near or far they be in space and time
