Vital Notes For Nurses Accountability Vital Notes For Nurses Accountability:

Vital Notes for Nurses: Accountability Helen Caulfield, 2011-11-30 *Vital Notes on Accountability* is a concise accessible guide which provides students and newly qualified staff with an understanding of key issues in professional practice. Nurses are accountable for their own practice and require a thorough understanding of their core responsibilities which underpin everyday practice in the health service today. This introductory text in the *Vital Notes for Nurses* series sets out a framework for accountability which consists of four pillars: legal, ethical, employment and professional accountability against which clinical issues can be considered. Presents legal, ethical, employment and professional issues in an accessible way. Explores accountability, professional regulation, sources of funding and treatment in the health service. Examines complaints, human rights, negligence, consent and confidentiality. Explores further applications in accountability. Each chapter includes learning objectives, scenarios and case studies.

Vital Notes for Nurses Jane Wills, 2011-12-08 *Vital Notes for Nurses Promoting Health* is a concise accessible introduction to health promotion and public health for pre-registration nursing students and newly qualified nurses. Promoting the health and well-being of patients is a vital part of the nursing role. This introductory text in the *Vital Notes for Nurses* series explores issues such as public health priorities, health inequalities, health promotion settings and the role of the nurse in health promotion roles. Written in a clear accessible style which assumes no prior knowledge. Each chapter includes learning objectives, case studies, scenarios, activities and learning outcomes. Includes specific application to nursing practice in every chapter. Identifies strategies for promoting health with individuals and communities and for protecting the health of the general population.

Vital Notes for Nurses Sue Barker, 2011-11-30 *Vital Notes for Nurses Psychology* provides a concise accessible introduction to key psychological theories and outlines their relevance to nursing practice. Divided into seven chapters, the first offers a preliminary insight into the different perspectives in psychology: Biological, Psychodynamic, Behavioural, Cognitive and Humanistic. These perspectives go on to underpin the topics in all the other chapters. *Vital Notes for Nurses Psychology* explores developmental theories, attachment theories and relationship theories. It discusses issues relevant to nursing practice such as motivation, change, stereotypes, relationships and motivation and looks at issues of suffering including stress and pain. Illustrated with examples from all branches of nursing practice, this text clearly illustrates the relevance of psychology to nurses. Relates psychological themes specifically to nursing practice. Written in a clear accessible style which assumes no prior knowledge. Useful to all nursing students on the common foundation programme as well as newly qualified nurses. Each chapter includes features such as activities, case studies and learning objectives.

Vital Notes for Nurses Hugh McKenna, Oliver Slevin, 2011-11-28 *Vital Notes for Nurses Nursing Models Theories and Practice* provides a concise accessible introduction to the development, application and evaluation of nursing theories and clearly outlines their relevance to everyday nursing practice. It encourages the reader to view theories from a broader conceptual base, enabling them to be more objective when it comes to clinical practice. Suitable

for nursing students and newly qualified nurses the authors explore the relationship between nursing theories and practice specifically analysing their origins development selection and use It discusses how nursing theories evolve how they relate to nursing roles how to select a nursing theory relevant to your practice and how to evaluate theories critically Key Features Clearly examines the relationship between nursing theory clinical practice and nursing roles Written in a clear accessible style which assumes no prior knowledge Useful to all nursing students on the common foundation programme as well as newly qualified nurses Each chapter includes features such as activities case studies and learning objectives In the Vital Notes for Nurses series

Vital Notes for Nurses Hilary Lloyd, Helen Hancock, Steven Campbell, 2011-11-30 Vital Notes for Nurses Principles of Care is an essential guide for nursing students and newly qualified nurses It provides a concise introduction to the essential principles of nursing care It encourages nurses to examine the principles and evidence underlying nursing practice and equips them with a thorough understanding of the complexities of patient care in different environments of care Principles of Care explores concepts of health and illness conceptual frameworks for practice principles of healthcare delivery and professional standards Key themes include assessment and planning implementation and evaluation patient education and health promotion decision making and risk management benchmarking clinical effectiveness and practice development Examines assessment planning and evaluation of care Covers risk management and prioritisation of care Addresses the use of NICE guidance and National service frameworks Explores clinical effectiveness practice development and quality assurance Includes learning objectives scenarios and case studies

Professional Development, Reflection and Decision-making for Nurses Melanie Jasper, 2011-12-08 Vital Notes for Nurses Professional Development Reflection and Decision making provides a concise accessible introduction to professional development reflective practice and clinical decision making Vital Notes for Nurses Professional Development Reflection and Decision making explores the core strategies of reflective practice and decision making underlying professional nursing development Separate chapters on reflective writing evidence based practice clinical supervision and portfolios demonstrate the inter relationship between professional development and professional practice It is aimed at both student and qualified nurses recognising that professional development is a life long commitment It provides clear guidance to help practitioners think critically about their actions work within professional boundaries be accountable for their actions and plan for their future Provides a concise introduction to professional development reflective practice and clinical decision making Written in a clear accessible style which assumes no prior knowledge Enables students to consider and develop their practice in order to become competent practitioners Each chapter includes learning objectives scenarios and case studies In the Vital Notes for Nurses series
