Vivid Awareness The Mind Instructions Of Khenpo Gangshar:

Vivid Awareness Khenchen Thrangu, 2011-01-11 Powerful guidance on how to work with strong emotions in overwhelming circumstances through Buddhist meditation from a renowned Tibetan Buddhist master In the summer of 1957 the revered Buddhist teacher and scholar Khenpo Gangshar foresaw the difficulties that would soon fall upon Tibet and began teaching in a startling new way that enabled all those who heard him to use the coming difficulties as the path of Dharma practice The teaching consisted of the essential points of mahamudra and dzogchen both view and practice presented in a way that made them easy for anyone to use even in the most difficult of circumstances Khenchen Thrangu Rinpoche was one of the grateful recipients of these teachings which he regards as among the most important he has ever been given He transmits them here for the benefit of all of us who strive to practice in challenging times They include contemplations on the ephemeral nature of both joy and suffering meditations for resting the mind and guidance for cultivating equanimity in any situation These instructions are exceptionally concise and easy to follow They could save your life too giving you the tools to stabilize the mind even in the most terrifying and challenging of circumstances Pema Chödrön author of *Taking the Leap*

Vivid Awareness Rinpoche Thrangu, 2011 The instructions in this book are a distillation of the essential points of the esoteric Tibetan Buddhist practices of Mahamudra and Dzogchen Intended to help people to face life's difficulties they include essentials of Buddhist philosophy contemplations on the ephemeral nature of both joy and suffering meditations for resting the mind and guidance for maintaining equanimity in real life circumstances Khenchen Thrangu a modern meditation master describes in this book his studies with a teacher of great renown who remained in Tibet after the Chinese invasion The deceased elder master known as Khenpo Gangshar is still renowned as a dynamic unconventional teacher widely respected for his spiritual achievement He foresaw the difficulties coming in Tibet and realized that he had to give people some straightforward instructions that would be easy to remember and to use because the country would soon be engulfed in turmoil and be in need of spiritual help

The Tantric Path of Indestructible Wakefulness Chögyam Trungpa, 2013-04-08 Chögyam Trungpa explores the the vajrayana teachings of the tantric path in this final volume of his masterpiece on Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Chögyam Trungpa's magnum opus *The Profound Treasury of the Ocean of Dharma* will resonate with new and senior students of Buddhism In this third and final volume Chögyam Trungpa's examines the vajrayana teachings of the tantric path The vajrayana or diamond vehicle also referred to as tantra draws upon and extends the teachings of the hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ngöndro to prepare themselves for initiation into the vajrayana path before going further Having done so they

then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more

Nothing Marcus Boon, Eric Cazdyn, Timothy Morton, 2015-10-16 The three extended essays in this book provide a set of much needed inquiries into the connections between Buddhism and critical theory Both Buddhism and critical theory struggle with the same contemporary forces from ecological peril to psycho social violence and they both offer radically negative critiques of the present as well as utopian postures toward the future Like other books in the innovative TRIOS series this one offers readers ambitious essays produced through long standing conversation among three challenging thinkers The first essay by Marcus Boon explores the politics of sunyata or emptiness as they emerged from 1936 to 1976 in the wake moments of political crisis for both Buddhism and Marxism Boon illuminates the role of Buddhism in the work of the French philosopher Georges Bataille the Buddhist politics of the Tibetan writer Gendun Chopel and the Buddhist anarchism of Gary Snyder Eric Cazdyn s essay reveals a shared function between the Buddhist category of enlightenment the Marxist category of revolution and the psychoanalytic category of cure The third essay in this trio by Timothy Morton explores a phenomenon he calls Buddhaphobia a fear of Buddhism he attributes to modernity s anxieties about nothingness Morton argues that critical theory can speak to our dark ecological future only if it attends to current forms of economic and social nihilism and challenge in which Buddhism can serve critical theory as an ally

 besseres Leben dienen *Vuoto, nulla, vacuità* Marcus Boon, Eric Cazdyn, Timothy Morton, 2024-07-19T00:00:00+02:00 Il
 nulla abbonda il tempo scarseggia Cos inizia Vuoto nulla vacuit con una brevissima sentenza che ha tutto il sapore di un
 adagio erasmiano capace con brevi e sicuri tratteggi di dar forma a un quadro enigmatico che lascia intendere una carenza
 del nulla che si parlar e la storia pi recente della filosofia eccede di ogni genere di nulla dallo zero di Alain Badiou al Meno di
 niente di Slavoj i ek o a certe forme nichiliste del realismo speculativo per citarne alcuni Ma c un nulla al quale non era
 ancora stata riconosciuta piena dignit nel dibattito filosofico un idea alla quale non era stato permesso di mettersi in un
 dialogo alla pari con le categorie pi importanti del contemporaneo Si tratta del nulla o meglio del vuoto o ancora meglio della
 vacuit come categoria essenziale del buddhismo Per teorici critici e filosofi radicali la religione da sempre oggetto conteso di
 riflessioni Se per da una parte le radici cristiane del pensiero occidentale sono state prese in analisi dal pensiero filosofico di
 matrice europea e della teoria critica dall'altra il buddhismo nonostante sia praticato ormai da pi di un secolo non era mai
 stato preso in considerazione per rileggere la dimensione politica occidentale Una sorprendente mancanza data la portata
 globale di questa tradizione religiosa e le sue evidenti affinit con gran parte della filosofia continentale I contributi qui
 presentati rappresentano il tentativo di colmare questa lacuna Boon Cazdyn e Morton i tre filosofi autori dei saggi presentati
 in questo volume si impegnano in un serio confronto pi unico che raro tra il pensiero buddhista la teoria politica e la filosofia
 critica Attraverso un'elaborazione del vuoto nelle tradizioni critiche e buddhiste un esame del problema della prassi nel
 buddhismo nel marxismo e nella psicoanalisi e la teorizzazione di una presunta Buddhaphobia radicata nelle ansie moderne
 sul nulla questi tre saggi invitano a sfatare convinzioni a comprendere le possibili ragioni per cui il buddhismo stato
 considerato un ismo tra gli ismi a riconoscere in maniera sincera e diretta che forse la filosofia occidentale ancora troppo a
 suo agio con i dualismi aprendo cos nuovi spazi in cui i nuclei radicali del buddhismo e della teoria critica si rinnovano e si
