With Hitler To The End The Memoirs Of Adolf Hitlers Valet:

With Hitler to the End Heinz Linge, 2009-09-01 Heinz Linge worked with Adolf Hitler for a ten year period from 1935 until the Führer's death in the Berlin bunker in May 1945. He was one of the last to leave the bunker and was responsible for guarding the door while Hitler killed himself. During his years of service, Linge was responsible for all aspects of Hitler's household and was constantly by his side. He claims that only Eva Braun stood closer to Hitler over these years. Here Linge recounts the daily routine in Hitler's household, his eating habits, his foibles, his preferences, his sense of humor, and his private life with Eva Braun. In fact, Linge believed Hitler's closest companion was his dog Blondi. After the war, Linge said in an interview, "It was easier for him to sign a death warrant for an officer on the front than to swallow bad news about the health of his dog." Linge also charts the changes in Hitler's character during their time together and his fading health during the last years of the war. During his last days, Hitler's right eye began to hurt intensely, and Linge was responsible for administering cocaine drops to kill the pain. In a number of instances, such as with the Stauffenberg bomb plot of July 1944, Linge gives an excellent eyewitness account of events. He also gives thumbnail profiles of the prominent members of Hitler's court: Hess, Speer, Bormann, and Ribbentrop, amongst them. Though Linge held an SS rank, he claims not to have been a Nazi Party member. His profile of one of history's worst demons is not blindly uncritical, but it is nonetheless affectionate. The Hitler that emerges is a multi-faceted individual, unpredictable and demanding, but not of an otherwise unpleasant nature.

With Hitler to the End Heinz Linge, 2009-07-30 Creepy yet fascinating. Of interest to anyone seeking more insight into the everyday life of one of history's monsters. Library Journal. Daily Mail. *The Hitler Assassination Attempts* John Grehan, 2022-04-21 Throughout his political life, Adolf Hitler was the subject of numerous assassination plots, some of which were attempted, all of which failed. While a few of these have become well known, particularly the bomb explosions at the Bürgerbräukeller in Munich in 1939 and the Stauffenberg Valkyrie attempt carried out

at the Wolfsschanze on 20 July 1944 many others have received far less attention until now In this book John Grehan has examined the known planned or proposed assassination attempts on Hitler from Chicago to London and from Sweden to the Ukraine some of which have not previously been presented to the general public by historians All manner of methods were proposed by those willing to bring Hitler's life to a premature and sticky end and Hitler was well aware of the danger which lurked potentially around every corner of every road railway track every building and even every individual As a result an immense multi layered security apparatus surrounded the Führer day and night Despite this and knowing the risks they faced many people sought to kill the German leader and some very nearly did Yet Hitler survived often by just a minute or a millimetre to die ultimately of his own hand These plots and conspiracies are detailed in this book along with a unique collection of photographs of many of the proposed or actual assassination locations All will be revealed in this fascinating compilation of the obscure the fanciful and the carefully considered attempts to assassinate Hitler

Before Evil Brandon K. Gauthier, 2022-04-26. Should we humanize the world's most inhumane leaders: Adolf Hitler, Joseph Stalin, Benito Mussolini, Mao Zedong, Kim Il Sung, Vladimir Lenin. These cruel dictators wrote their names on the pages of history in the blood of countless innocent victims. Yet they themselves were once young people searching for their place in the world, dealing with challenges many of us face: parental authority, education, romance, loss, and doing so in ways that might be uncomfortably familiar. Historian Brandon K. Gauthier has created a fascinating work: epic yet intimate, well researched but immensely readable, clear-eyed and empathetic, looking at the lives of these six dictators with a focus on their youths. We watch Lenin's older brother executed at the hands of the Tsar's police, an event that helped radicalize this overachieving high schooler. We observe Stalin grappling with the death of his young beautiful wife. We see Hitler's mother mourning the loss of three young children and determined that her first son to survive infancy would find his place in the world. The purpose isn't to excuse or simply explain these horrible men, but rather to treat them with the empathy they themselves too often lacked. We may prefer to hold such lives at arm's length so as to demonize them at will, but this book reminds us that these monstrous rulers were also human beings and perhaps more relatable than we'd like.

The Death of Hitler Jean-Christophe Brisard, Lana Parshina, 2018-09-04. On April 30, 1945, Hitler committed suicide in his bunker as the Red Army closed in on Berlin. Within four days, the Soviets had recovered his body. But the truth about what the Russian secret services found was hidden from history when three months later, Stalin officially declared to Truman and Churchill that Hitler was still alive and had escaped abroad. Reckless rumors about what really happened to Hitler began to spread like wildfire, and even today they have not been put to rest. Until now. In 2017, after two years of painstaking negotiations with the Russian authorities, award-winning investigative journalists Jean-Christophe Brisard and Lana Parshina gained access to confidential Soviet files that finally revealed the truth behind the incredible hunt for Hitler's body. Their investigation includes new eyewitness accounts of Hitler's final days, exclusive photographic evidence and interrogation records, and exhaustive research into the power struggle that ensued between Soviet, British, and American intelligence services. And for the first time since the end of World War II, official cutting-edge forensic tests have been completed on the human remains recovered from the bunker: graves, a piece of skull with traces of a lethal bullet, a fragment of bone and teeth. In *The Death of Hitler*, written as thrillingly as any spy novel, Brisard and Parshina debunk all previous conspiracy theories about the death of the Fuhrer. With breathtaking precision and immediacy,

they penetrate one of the most powerful and controversial secret services to take readers inside Hitler's bunker in its last hours and solve the most notorious cold case in history The Women Who Flew for Hitler Clare Mulley, 2017-07-18

Poland 1939 Roger Moorhouse,2020-07-14 A chilling and expertly written history of the 1939 September Campaign and the onset of World War II Times of London For Americans World War II began in December of 1941 with the bombing of Pearl Harbor but for Poland the war began on September 1 1939 when Hitler's soldiers invaded followed later that month by Stalin's Red Army The conflict that followed saw the debut of many of the features that would come to define the later war blitzkrieg the targeting of civilians ethnic cleansing and indiscriminate aerial bombing yet it is routinely overlooked by historians In Poland 1939 Roger Moorhouse reexamines the

least understood campaign of World War II using original archival sources to provide a harrowing and very human account of the events that set the bloody tone for the conflict to come **Warsaw 1944** Alexandra Richie, 2025-09-23 Historian Alexandra Rich presents the full untold story of how one of history's bravest revolts ended in one of its greatest crimes In 1943 the Nazis liquidated Warsaw's Jewish ghetto A year later they threatened to complete the city's destruction by deporting its remaining residents A sophisticated and cosmopolitan community a thousand years old was facing its final days and then opportunity struck As Soviet soldiers turned back the Nazi invasion of Russia and began pressing west the underground Polish Home Army decided to act Taking advantage of German disarray and seeking to forestall the absorption of their country into the Soviet empire they chose to liberate the city of Warsaw for themselves Warsaw 1944 tells the story of this brave and errant calculation For more than sixty days the Polish fighters took over large parts of the city and held off the SS's most brutal forces But in the end their efforts were doomed Scorned by Stalin and unable to win significant support from the Western Allies the Polish Home Army was left to face the full fury of Hitler Himmler and the SS The crackdown that followed was among the most brutal episodes of history's most brutal war and the celebrated historian Alexandra Richie depicts this tragedy in riveting detail Using a rich trove of primary sources Richie relates the terrible experiences of individuals who fought in the uprising and perished in it Her clear-eyed narrative reveals the fraught choices and complex legacy of some of World War II's most unsung heroes **Genocide, Ethnonationalism, and the United Nations** Hannibal Travis, 2013 Genocide Ethnonationalism and the United Nations examines a series of related crises in human civilization growing out of conflicts between powerful states or empires and indigenous or stateless peoples This is the first book to attempt to explore the causes of genocide and other mass killing by a detailed exploration of UN archives covering the period spanning from 1945 through 2011 Hannibal Travis argues that large states and empires disproportionately committed or facilitated genocide and other mass killings between 1945 and 2011 His research incorporates data concerning factors linked to the scale of mass killing and recent findings in human rights political science and legal theory Turning to potential solutions he argues that the concept of genocide imagines a future system of global governance under which the nation state itself is made subject to law The United Nations however has deflected the possibility of such a cosmopolitical law It selectively condemns genocide and has established an institutional structure that denies most peoples subjected to genocide of a realistic possibility of global justice lacks a robust international criminal tribunal or UN army and even encourages security cooperation among states that have proven to be destructive of peoples in the past Questions raised include What have been the causes of mass killing during the period since the United Nations Charter entered into force in 1945 How does mass killing spread across international borders and what is the role of resource wealth the arms trade and external interference in this process Have the United Nations or the International Criminal Court faced up to the problem of genocide and other forms of mass killing as is their mandate **Churchill's Third World War** Jonathan Walker, 2017-05-04 As the
