Women In Teacher Training Colleges 1900 1960 A Culture Of Femininity Womens:

Women in Teacher Training Colleges, 1900-1960 Elizabeth Edwards, 2004-01-14 Women in Teacher Training Colleges 1900 1960 is an intricate and fascinating investigation of the lives and experiences of women in these important educational institutions of the early twentieth century The book provides an overview of the historical context of the development of the colleges using detailed case studies of three colleges Homerton Avery Hill and Bishop Otter Drawing on a wealth of archival material primary and secondary sources and on the oral testimonies of former pupils and staff the book examines the following key themes the changing social class of women students the colleges culture of femininity drawn from the family organization and social practices of the middle class home the conflicting public and private roles of the woman principal the role of the college staff and the residential context of college life women s sexuality the last days of the womens colleges Women in Teacher Training Colleges 1900 1960 is an essential contribution to women s history and gives a unique insight into this neglected aspect of women s experiences in the twentieth century Women's Rights, Racial Integration, and Education from 1850-1920 M. Noraian, 2009-11-09 This historical biography examines Sarah Raymond Fitzwilliam s abolitionist roots growing up on a stop of the Underground Railroad her training at a normal school her tenure as a teacher principal and the nation s first city school superintendent Bloomington Illinois 1874 1892 **History of Education** Deirdre Raftery, David Crook, 2016-04-08 Specially commissioned to mark the 40th Anniversary of History of Education and containing articles from leading international scholars this is a unique and important volume Over the past forty years scholars working in the history of education have engaged with histories of religion gender science and culture and have developed comparative research on areas such as education race and class This volume demonstrates the richness of such work bringing together some of the leading international scholars writing in the field of history of education today and providing readers with original and theoretically informed research Each author draws on the wealth of material that has appeared in the leading SSCI indexed journal History of Education over the past forty years providing readers with not only incisive studies of major themes but delivering invaluable research bibliographies A must have for university libraries and a must own for historians This book was originally published as a special issue of History of Education **Gender in History** Merry E. Wiesner-Hanks, 2011-06-24 GENDER IN HISTORY Praise for the first edition Wiesner Hanks accomplishes a near impossible feat a review of what is known about the construction of gender and the character of women s lives in all known cultures over the course of human history Theoretically sophisticated and doing justice to the historical and cross cultural record yet assimilable by students Choice Gender in History brilliantly explores the influence of gender constructs in political social economic and cultural affairs The remarkable cultural geographical and chronological range of Wiesner Hanks research is matched only by the sophistication nuance and clarity of her analysis This book offers a rare and valuable global perspective on gender roles in human history Jerry H Bentley University of Hawaii Over the past two decades considerations

of gender have revolutionized the study of history Yet most books on the subject remain narrowly focused on a specific time period or particular region of the world Gender in History Global Perspectives Second Edition continues to redress this inequity by providing a concise overview of the construction of gender in many world cultures over a period stretching from the Paleolithic era to modern times Thoroughly updated to reflect current developments in the field the new edition features entirely new sections which address primates slavery colonialism masculinity transgender issues and other relevant topics As in the well received first edition material is presented thematically to reveal the connections between gender and structures such as the family economy law religion sexuality and the state Wiesner Hanks also investigates precisely what it meant to be a man or woman throughout history how these roles were shaped by various institutions and how they in turn were influenced by gender The author presents material within each chapter chronologically to highlight the ways in which gender structures have varied over time The new edition of Gender in History Global Perspectives offers rich insights into all that is currently known about gender roles throughout world history A companion website is available at www.wiley.com/go/wiesnerhanks

Life and Death in Higher Education Clare Debenham, 2021-01-01 At its peak in 1961 there were 40 000 men and women who entered colleges of education compared to 50 000 who entered traditional universities This controversial project critically traces the origins of the colleges their development and reasons for their abrupt closure Current debates are addressed such as school versus college training and the balance between academic and professional training and the balance between academic and professional training where the academic training should take place Social issues are analysed such as the role of women in colleges links to the suffrage movement social mobility working class teacher control and rebellion how far were the colleges total institutions student life sport and transnationalism Oral history is used As well as drawing on my personal experience thirty former colleges of education students were interviewed the oldest being 101 years and including Estelle Morris former Labour Party Education Secretary Shortly before he died Professor Asa Briggs lamented to me that there was no public debate about the closures of colleges of education and the restructuring of higher education Now secret meetings and documents are exposed The role of government is researched Archival material from individual colleges local and national government is traced and former civil servants interviewed Margaret Thatcher's role in the closures is reassessed This new evidence contradicts the Official version of events which was the closures were on educational rather than administrative grounds
