## **Women Politics Paths Political Influence:**

**Women and Politics** Julie Dolan, Melissa M. Deckman, Michele L. Swers, Paru Shah, 2025-08-26 *Women and Politics Paths to Power and Political Influence* examines the role of women in politics from the early women's movement to the female politicians in power today. Focusing on women whose stories have not yet been told, this book includes new analysis and scholarship on the experiences and viewpoints of conservative women, women of color, LGBT women, and millennial women. Students will gain historical insight into how women have achieved political power and how they have influenced the American political system at the state, local, and national levels in each branch of government. Engaging profiles of the key players who have shaped our political system are interwoven with an analysis of the most recent election data to provide a comprehensive and unbiased introduction to the study of women and politics.

**Women and Elective Office** Sue Thomas, Clyde Wilcox, 2014-01-02 This edition of *Women and Elective Office* offers the latest research on women as candidates and officeholders. It provides a comprehensive look at the history and status of women in elective office, their prospects for the future, and why women in elected office matter to American democracy. It features all new essays and up-to-the-minute research by leading experts in the field, including the latest political trends and events such as Hillary Rodham Clinton's run for the presidency, women's representation on the state and local level, the diversity of women officeholders, experiences and circumstances, and female judges. *Women and Elective Office* is an essential guide to understanding the past, present, and future of women in all echelons of government.

**Women in the American Political System** Dianne G. Bystrom, Barbara Burrell, 2018-12-01 This book examines how women candidates, voters, and officeholders shape U.S. political processes and institutions, lending their perspectives to gradually evolve American life and values. This book provides an encyclopedic sourcebook on the evolution of women's involvement in American politics from the colonial era to the present, covering all of the individuals, organizations, cultural forces, political issues, and legal decisions that have collectively served to elevate the role of women at the ballot box, on the campaign trail in Washington, and in state and city-level political offices across the country. The in-depth essays document and examine the rising prominence of women as voters, candidates, public officials, and lawmakers, enabling readers to understand how U.S. political processes and institutions have been and will continue to be shaped by women and their perspectives on American life and values. The entries cover a range of women politicians and officials, female activists, and media figures; relevant organizations and interest groups such as Emily's List, League of Women Voters, and National Right to Life; key laws, court cases, and events such as the Nineteenth Amendment, the Equal Rights Amendment, the Seneca Falls Convention, the passage of Title IX, and *Roe v. Wade*; and other topics like media coverage of appearance, women's roles as campaign strategists, fundraisers, gender differences in policy priorities, and the gender gap in political ambitions. The text is supplemented by sidebars that highlight selected landmarks in women's political history in the United States such as the 2012 election of Tammy Baldwin, the first openly gay U.S. senator.

*Gender and*

*Women's Leadership* Karen O'Connor, 2010-08-18 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on leadership issues specific to women and gender. Although covering historical and contemporary barriers to women's leadership and issues of gender bias and discrimination, this two-volume set focuses as well on positive aspects and opportunities for leadership in various domains and is centered on the 101 most important topics, issues, questions, and debates specific to women and gender. Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry but lack the jargon, detail, and density of a journal article. Key Features: Includes contributions from a variety of renowned experts; Focuses on women and public leadership in the American context, women's global leadership, women as leaders in the business sector, the nonprofit and social service sector, religion, academia, public policy, advocacy, the media, sports, and the arts; Addresses both the history of leadership within the realm of women and gender with examples from the lives of pivotal figures and the institutional settings and processes that lead to both opportunities and constraints unique to that realm; Offers an approachable, clear writing style directed at student researchers; Features more depth than encyclopedia entries, with most chapters ranging between 6,000 and 8,000 words while avoiding the jargon and density often found in journal articles or research handbooks; Provides a list of further readings and references after each entry as well as a detailed index and an online version of the work to maximize accessibility for today's student audience.

*Women, Power and Politics* Anne Stevens, 2007-09-11 A major new introduction to women's political involvement and role in the liberal democratic world, drawing examples from a wide range of countries. Stevens assesses women's participation and representation in government, parliaments, and at the grassroots. The central focus throughout is on the issue of whether and how gender makes a difference.

*Legislative Women* Beth Reingold, 2008 This wide-ranging study grapples with the increasingly complex array of opportunities and challenges that face women today as both legislative candidates and elected officials. The contributors deal with issues including race and ethnicity, campaign finance, media relations, and women's advance into the ranks of the elite.

**New Books on Women and Feminism**, 2007

**Asian Journal of Social Science**, 2008

**The Political Influence of Ideas** Stephen Brooks, Alain G. Gagnon, 1994-05-25 This collection explores the various dimensions of social scientists' participation in policy making, with special emphasis on their roles within policy communities and their relationship to the state. Several of the chapters examine the role of research institutes and think tanks within policy communities in the United States, Canada, and Eastern Europe. This book will appeal to readers interested in the sociology of knowledge and the policy-making process, particularly political scientists and sociologists.

*Women in Politics* Inter-parliamentary Union, 1998
