Womens Experience Of Modernity 1875 1945:

Women's Experience of Modernity, 1875-1945 Leslie W. Lewis, Ann L. Ardis, 2003-01-27 Analyzing such cultural practices as selling and shopping political and social activism urban field work and rural labor radical discourses on feminine sexuality and literary and artistic experimentation this volume contributes to the rich vein of current feminist scholarship on the gender of modernism and challenges the assumption that modernism rose naturally or inevitably to the forefront of the cultural landscape at the turn of the twentieth century

Mobility and Modernity in Women's Novels, 1850s-1930s W. Parkins, 2008-11-27 Analyzing novels by women writers from the 1850s to the 1930s this book argues that representations of mobility offer a fruitful way to explore the location of women within modernity and specifically the opportunities for or limitations on women's agency in this period considering the mobility of the female subject in the city and beyond

American Literary History and the Turn toward Modernity Melanie V. Dawson, Meredith L. Goldsmith, 2018-08-10 Approaching the period of 1880-1930 in American literature as one in which the processes of rethinking the past were as prevalent as wholly new works of art this collection treats the century's long turn as a site that overtly staged the tension among conflicting sets of values those of past present and the imagined future As the authors of this collection demonstrate the literature from the century's turn is irreducible to the characteristics either of the nineteenth or the twentieth centuries rather it is literature of dual practices and multiple values that embodies elastic qualities of historical plurality a true literature in transition

Modern women on trial Lucy Bland, 2016-04-30 *Modern women on trial* looks at several sensational trials involving drugs murder adultery miscegenation and sexual perversion in the period 1918-24 The trials all with young female defendants were presented in the media as morality tales warning of the dangers of sensation seeking and sexual transgression The book scrutinises the trials and their coverage in the press to identify concerns about modern femininity The flapper later became closely associated with the roaring 1920s but in the period immediately after the Great War she represented not only newness and hedonism but also a frightening uncertain future This figure of the modern woman was a personification of the upheavals of the time representing anxieties about modernity and instabilities of gender class race and national identity This accessible extensively researched book will be of interest to all those interested in social cultural or gender history

Gender in Modernism Bonnie Kime Scott, 2007 Grouped into 21 thematic sections this collection provides theoretical introductions to the primary texts provided by the scholars who have taken the lead in pushing both modernism and gender in different directions It provides an understanding of the complex intersections of gender with an array of social identifications
