Woman's Mysteries Esther Harding, 2001-05-01 Here is a classic study of the feminine principle in myths dreams and religious symbolism In presenting the archetypal foundations of feminine psychology the author shows how the ancient religious initiations of the moon goddess symbolized the development of the emotions Understanding the psychological meaning of these initiations she believes can help to heal the troubled relations between men and women today *Teaching Jung* Kelly Bulkeley, Clodagh Weldon, 2011-09-15 This book offers a collection of original articles presenting several different approaches to Jung's psychology in relation to religion theology and contemporary culture The contributors describe their teaching of Jung in different academic contexts with special attention to the pedagogical and theoretical challenges that arise in the classroom

Frankel, 2014-01-10 Many are familiar with Joseph Campbell's theory of the hero's journey the idea that every man from Moses to Hercules grows to adulthood while battling his alter ego This book explores the universal heroine's journey as she quests through world myth Numerous stories from cultures as varied as Chile and Vietnam reveal heroines who battle for safety and identity thereby upsetting popular notions of the passive gentle heroine Only after she has defeated her dark side and reintegrated can the heroine become the bestower of wisdom the protecting queen and arch crone Instructors considering this book for use in a course may request an examination copy here *The Golden Ass of Apuleius* Marie-Louise von Franz, 2017-09-12 Today there is much discussion of the liberation of women writes Marie Louise von Franz but it is sometimes overlooked that this can only succeed if there is a change in men as well Just as women have to overcome the patriarchal tyrant in their own souls men have to liberate and differentiate their inner femininity Only then will a better relationship of the sexes be possible It is this timely theme that Dr von Franz explores in her psychological study of a classic work of the second century *The Golden Ass* by Apuleius of Madaura The novel recounts the adventures of a young Roman who is transformed into an ass and eventually finds spiritual renewal through initiation into the Isis mysteries With its many tales within a tale including the celebrated story of Psyche and Eros the text as interpreted by Dr von Franz is a rich source
