Women's Global Health & Human Rights

Womens Global Health And Human Rights

Juanita Elias, Adrienne Roberts

Womens Global Health And Human Rights:

Women's Global Health and Human Rights Padmini Murthy, Clyde Smith, 2010-10-25 *Women's Global Health and Human Rights* serves as an overview of the challenges faced by women in different regions of the world. Ideal as a tool for both professionals and students, this book discusses the similarities and differences in health and human rights challenges that are faced by women globally. Best practices and success stories are also included in this timely and important text. Major Topics include X Globalization X Gender Based Terrorism and Violence X Cultural Practices X Health Problems X Progress and Challenges. *Women's Global Health* Patrick James, Lyn Boyd-Judson, 2013-12-26 For many women around the globe, health

has become the central intersection of the personal and the political: women's bodies are the arena for policy debates about population, poverty, reproduction, and morality. *Women's Global Health: Norms and State Policies* is a comprehensive assessment of health for women around the globe that will inform debates underway in a wide range of disciplines. These fields include public health, most obviously, but also sociology, anthropology, and other disciplines. This book will advance the interdisciplinary fields of ethics, women's studies, and international studies. It answers several questions with implications for knowledge in the preceding fields, along with relevance to policy. Some of these complex questions include: How do the laws and policies of a nation-state affect women's health? Is the state invested in these issues because women are seen to be bearers and nurturers of future citizens? Or are there other concerns, such as economic development, human welfare, or religious ideology, that shape this engagement? This book also examines the current and historical responsibilities of the state in addressing women's health issues and how these responsibilities can be measured and improved upon. Finally, the book looks at how to best approach the underlying ethical issues in practical and useful ways for women around the globe.

Oxford Textbook of Global Health of Women, Newborns, Children, and Adolescents Delan Devakumar, Jennifer Hall, Zeshan Qureshi, Joy Lawn, 2019 The aim of this book is to provide a summary of the current concepts and challenges in global maternal and child health in a format that appeals to students of the subject, the general public, and current practitioners in the field. It also provides study exercises that may inform tutors on undergraduate and postgraduate courses.

Women in Developing Countries Karen L. Kinnear, 2011-07-22 This book provides a much needed survey of the discrimination and violence against women in developing countries and identifies the literature and resources available about this topic. Because of improvements in communication technologies, the West has become increasingly aware of horrific examples of ongoing discrimination and violence against individual women in developing countries. As a result, more attention is being paid to the gender bias and hardship that women in developing countries face in their everyday lives, and the importance of these women in economic development and the alleviation of poverty is starting to be recognized. *Women in Developing Countries: A Reference Handbook* addresses topics like the status of women in developing countries, their access to education, health care, and the political process, their legal status, the extent to which they are considered property, female

genital mutilation and other harmful practices and other timely issues This book also provides statistical information data on selected nongovernmental organizations NGOs and other organizations set up to improve the lives and advance the status of women and sources of further information in print and nonprint media *Women's Lives* Claire A. Etaugh, Judith S.

Bridges, 2015-07-14 *Women's Lives A Psychological Exploration* 3rd Edition draws on a wealth of the literature to present a rich range of experiences and issues of relevance to girls and women This text offers the unique combination of a chronological approach to gender that is embedded within topical chapters Cutting edge and comprehensive each chapter integrates current material on women differing in age ethnicity social class nationality sexual orientation and ableness The third edition reflects substantial changes in the field while maintaining its empirical focus through engaging writing student activities and critical thinking exercises With over 2 100 new references emphasizing the latest research and theories the authors continue to pique interests in psychology of women **Violence against women's health in international law**

Sara De Vido, 2020-06-12 This electronic version has been made available under a Creative Commons BY NC ND open access license Violence against women is characterised by its universality the multiplicity of its forms and the intersectionality of diverse kinds of discrimination against women Great emphasis in legal analysis has been placed on sex based discrimination however in investigations of violence one aspect has been overlooked violence may severely affect women's health and access to reproductive health and State health policies might be a cause of violence against women Exploring the relationship between violence against women and women's rights to health and reproductive health Sara De Vido theorises the new concept of violence against women's health in international law using the Hippocratic paradigm enriching human rights based approaches to women's autonomy and reflecting on the pervasiveness of patterns of discrimination At the core of the book are two dimensions of violence horizontal inter personal and vertical state policies Investigating these dimensions through decisions made by domestic regional and international judicial or quasi judicial bodies De Vido reconceptualises States obligations and eventually asks whether international law itself is the ultimate cause of violence against women's health An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence *Global Health, Human Rights, and the Challenge of Neoliberal Policies* Audrey R. Chapman, 2016-04-15 Written by a respected authority on human rights and public health this book delivers an in depth review of the challenges of neoliberal models and policies for realizing the right to health The author expertly explores the integration of social determinants into the right to health along with the methodologies and findings of social medicine and epidemiology The author goes on to challenge the way that health care is currently provided and makes the case that achieving universal health coverage will require fundamental health systems reforms **Global Health and Security** Colleen O'Manique, Pieter Fourie, 2018-03-13 The past decade has witnessed a significant increase in the construction of health as a security issue by national governments and multilateral organizations This book provides the first critical feminist analysis of the flesh and blood impacts of the

securitization of health on different bodies while broadening the scope of what we understand as global health security It looks at how feminist perspectives on health and security can lead to different questions about health and in security problematizing some of the common sense assumptions that underlie much of the discourse in this area It considers the norms ideologies and vested interests that frame specific threats to health and policy responses while exposing how the current governance of the global economy shapes new threats to health Some chapters focus on conflict war and complex emergencies while others move from a high political focus to the domain of subtler and often insidious structural violence illuminating the impacts of hegemonic masculinities and the neoliberal governance of the global economy on health and life chances Highlighting the critical intersections across health gender and security this book is an important contribution to scholarship on health and security global health public health and gender studies **Women and Health** Marlene B. Goldman, Maureen Hatch, 2000 Sect 1 Why women's health Sect 2 The role of women in health care and research Sect 3 Reproductive health Sect 4 Sexually transmitted diseases Sect 5 International women's health Sect 6 Women at work Sect 7 Social determinants of health Sect 8 Environmental exposures Sect 9 Autoimmune disorders Sect 10 Cardiovascular disease and cardiovascular risk in women Sect 11 Cancer Sect 12 Mental Disorders Sect 13 Poorly understood conditions Sect 14 Aging Contributors Preface Women Health and Medicine Why Women's Health An Overview of Women and Health M B Goldman M C Hatch Gender Race and Class From Epidemiologic Association to Etiologic Hypotheses C J Rowland Hogue The Role of Women in Health Care and Research Section Editor S G Haynes Role of Advocacy Groups in Research on Women's Health B Seaman S F Wood State of the Art Methods for Women's Health Research S G Haynes M **Law and Global Health** Michael Freeman, Sarah Hawkes, Belinda Bennett, 2014-05-29 Current Legal Issues like its sister volume Current Legal Problems now available in journal format is based upon an annual colloquium held at University College London Each year leading scholars from around the world gather to discuss the relationship between law and another discipline of thought Each colloquium examines how the external discipline is conceived in legal thought and argument how the law is pictured in that discipline and analyses points of controversy in the use and abuse of extra legal arguments within legal theory and practice Law and Global Health the sixteenth volume in the Current Legal Issues series offers an insight into the scholarship examining the relationship between global health and the law Covering a wide range of areas from all over the world articles in the volume look at areas of human rights vulnerable populations ethical issues legal responses and governance **The Oxford Encyclopedia of Women in World History** Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated

womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Technology and Global Public Health Padmini Murthy, Amy Ansehl, 2020-10-21 This book explores the pivotal role played by technology over the past decade in advancing global public health and health care At present the global community faces unprecedented healthcare challenges fueled by an aging population rising rates of chronic disease and persistent health disparities New technologies and advancements have the potential to extend the reach of health professionals while improving quality and efficiency of service delivery and reducing costs within the public and the private health systems The chapters highlight the barriers faced by the global healthcare workforce in using technology to promote health and human rights of communities Role of Digital Health mHealth and Low Cost Technologies in Advancing Universal Health Coverage in Emerging Economies Telehealth and Homecare Agencies Technology and the Practice of Health Education in Conflict Zones The Worldwide Digital Divide and Access to Healthcare Technology Technology for Creating Better Professional Teams to Strengthen Healthcare Systems Global Public Health Disaster Management and Technology As a resource on the evolution of technology as a valuable and integral component in the promotion and practice of public health and health care with a focus on SDG 3 targets Technology and Global Public Health should engage students instructors practitioners and other professionals interested in public health universal health care health technology digital health and health equity Dr Murthy has been a respected leader and mentor on scientific health related matters within the UN system for many years Her book develops a theoretical system connecting concepts that have coined global public health with the rapid development of technology all with the focus to achieve Sustainable Development Goal number three within the time frame set by World Leaders Henry L Mac Donald Former Permanent Representative of Suriname to the United Nations

The AIDS Pandemic Michael Merson, Stephen Inrig, 2017-09-13 This ambitious book provides a comprehensive history of the World Health Organization WHO Global Programme on AIDS GPA using it as a unique lens to trace the global response to the AIDS pandemic The authors describe how WHO came initially to assume leadership of the global response relate the strategies and approaches WHO employed

over the years and expound on the factors that led to the Programme's demise and subsequent formation of the Joint United Nations Programme on HIV/AIDS UNAIDS. The authors examine the global impact of this momentous transition, portray the current status of the global response to AIDS, and explore the precarious situation that WHO finds itself in today as a lead United Nations agency in global health. Several aspects of the global response, the strategies adopted, the roads taken, and not taken, and the lessons learned, can provide helpful guidance to the global health community as it continues tackling the AIDS pandemic and confronting future global pandemics. Included in the coverage: The response before the global response; Building and coordinating a multi-sectoral response; Containing the global spread of HIV; Addressing stigma, discrimination, and human rights; Rethinking global AIDS governance; UNAIDS and its place in the global response; The AIDS Pandemic; Searching for a Global Response; recounts the global response to the AIDS pandemic from its inception to today. Policymakers, students, faculty, journalists, researchers, and health professionals interested in HIV/AIDS, global health, global pandemics, and the history of medicine will find it highly compelling and consequential. It will also interest those involved in global affairs, global governance, international relations, and international development.

Women and International Human Rights Law Kelly Dawn Askin, Dorean Koenig, 2023-04-17. For in-depth coverage of gender issues in human rights law, from theory and cultural practices to legal instruments and the case law of international tribunals, this major three-volume work is without peer. More than 100 leading authorities in the field offer trenchant analyses of problems and solutions, crimes and abuses, available recourses, areas of empowerment, the entire spectrum of women's rights, discussed at a level of detail and legal awareness unavailable in any other single source. Published under the Transnational Publishers imprint. The print edition is available as a set of three volumes 9781571050946.

Traffic in Asian Women Laura Hyun Yi Kang, 2020-08-14. In *Traffic in Asian Women*, Laura Hyun Yi Kang demonstrates that the figure of Asian women functions as an analytic with which to understand the emergence, decline, and permutation of U.S. power, knowledge at the nexus of capitalism, state power, global governance, and knowledge production throughout the twentieth century. Kang analyzes the establishment, suppression, forgetting, and illegibility of the Japanese military comfort system, 1932-1945, within that broader geohistorical arc. Although many have upheld the comfort women case as exemplary of both the past violation and the contemporary empowerment of Asian women, Kang argues that it has profoundly destabilized the imaginary unity and conceptual demarcation of the category. Kang traces how Asian women have been alternately distinguished and effaced as subjects of the traffic in women, sexual slavery, and violence against women. She also explores how specific modes of redress and justice were determined by several overlapping geopolitical and economic changes, ranging from U.S. guided movements of capital across Asia and the end of the Cold War to the emergence of new media technologies that facilitated the global circulation of comfort women stories.

Women and Politics around the World Joyce Gelb, Marian Lief Palley, 2009-03-30. A unique two-volume examination of the progress women have made in achieving political equality. *Women and Politics around the World* addresses both transnational and gender

related issues as well as specific conditions in more than 20 countries Women and Politics around the World A Comparative History and Survey is an exploration of the role of women in political systems worldwide as well as an examination of how government actions in various countries have an impact on the lives of the female population Women and Politics around the World divides its coverage into two volumes The first looks at such crucial issues facing women today as health policy civil rights and education comparing conditions around the world The second volume profiles 22 different countries representing a broad range of governments economies and cultures Each profile looks at the history and current state of women s political and economic participation in a particular country and includes an in depth look at a representative policy The result is a resource unlike any other one that gives students researchers and other interested readers a fresh new way of investigating a truly global issue

Women and Children as Victims and Offenders: Background, Prevention, Reintegration

Helmut Kury, Sławomir Redo, Evelyn Shea, 2016-06-01 This work compiles experiences and lessons learned in meeting the unique needs of women and children regarding crime prevention and criminal justice in particular the treatment and social reintegration of offenders and serves as a cross disciplinary work for academic and policy making analyses and follow up in developing and developed countries Furthermore it argues for a more humane and effective approach to countering delinquency and crime among future generations In a world where development positively depends on the rule of law and the related investment security two global trends may chart the course of development urbanization and education Urbanization will globalize the concepts of justice and fairness education will be dominated by the urban mindset and digital service economy just as a culture of lawfulness will This work looks at crime prevention education as an investment in the sustainable quality of life of succeeding generations and at those who pursue such crime prevention as the providers of much needed skills in the educational portfolio Adopting a reformist approach this work collects articles with findings and recommendations that may be relevant to domestic and international policymaking including the United Nations Studies and their educational value for the welfare of coming generations The books address the relevant United Nations ideas by combining them with academic approaches Guided by the Editors respective fields of expertise and in full recognition of academic freedom and organized scepticism it includes contributions by lawyers criminologists sociologists and other eminent experts seeking to bridge the gap between academic and policy perspectives as appropriate against the international background including the United Nations developments The first volume opens with a foreword by Marta Santos Pais the United Nations Special Representative of the Secretary General on Violence against Children and a general introduction by the editors Part I provides an overview of United Nations principles for crime prevention and the treatment of women and children Part II concentrates on education and the social learning of children and adolescents The importance of quality education is stressed as is its impact on the behaviour of children of all ages It also includes a discussion of the factors that still hinder access to good schooling in many parts of the world Part III presents international research findings on children

juveniles and women both as victims and offenders Statistics show overwhelmingly that these groups are more often victims than offenders

Handbook on the International Political Economy of Gender Juanita Elias, Adrienne Roberts, 2018-02-23 This Handbook brings together leading interdisciplinary scholarship on the gendered nature of the international political economy Spanning a wide range of theoretical traditions and empirical foci it explores the multifaceted ways in which gender relations constitute and are shaped by global politico economic processes It further interrogates the gendered ideologies and discourses that underpin everyday practices from the local to the global The chapters in this collection identify analyse critique and challenge gender based inequalities whilst also highlighting the intersectional nature of gendered oppressions in the contemporary world order

Women Navigating Globalization Jana Everett, Sue Ellen M. Charlton, 2013-11-14 This up to date text offers a clear and cogent introduction to women in development Exploring the global structures and processes that impede or support the empowerment of women Jana Everett and Sue Ellen M Charlton use a feminist lens to understand contemporary gender roles Without such a lens they argue our understanding of globalization and development is incomplete resulting in flawed policies that fail to improve the lives of millions of people around the globe After a set of introductory chapters that conceptually frame the issues the authors then investigate women s struggles within and against globalization and development through powerful case studies of sex trafficking water work and health These chapters by using specific examples develop the concepts of structure and agency levels of analysis and feminist approaches as tools to help students understand the complexities of development and alternative strategies Through rich interdisciplinary analysis Everett and Charlton explore the individual and collective strategies women have used to improve their lives under globalization and weigh how effective they have been Their book will be an essential resource in women s studies political science political economy anthropology sociology and development studies

Women's Birthing Bodies and the Law Camilla Pickles, Jonathan Herring, 2020-11-26 This is the first book to unpack the legal and ethical issues surrounding unauthorised intimate examinations during labour The book uses feminist socio legal and philosophical tools to explore the issues of power vulnerability and autonomy The collection challenges the perception that the law adequately addresses different manifestations of unauthorised medical touch through the lens of women s experiences of unauthorised vaginal examinations during labour The book unearths several broader themes that are of huge significance to lawyers and healthcare professionals such as the legal status of women and their bodies The book raises questions about women s experiences during childbirth in hospital settings It explores the status of women s bodies during labour and childbirth where too easily they become objectified and it raises important issues around consent The book highlights links to the law on sexual offences and women s loss of power under the medical gaze Women s Birthing Bodies and the Law includes contributions from leading feminist philosophers healthcare professionals and academics in healthcare and law and offers pioneering analysis relevant to lawyers and healthcare professionals with an interest in medical law and ethics feminist

theory criminal law tort law and human rights law

Adopting the Song of Phrase: An Emotional Symphony within **Womens Global Health And Human Rights**

In a world used by displays and the ceaseless chatter of fast communication, the melodic elegance and psychological symphony produced by the prepared term frequently diminish in to the back ground, eclipsed by the persistent sound and disruptions that permeate our lives. However, located within the pages of **Womens Global Health And Human Rights** a wonderful fictional prize filled with raw feelings, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, that fascinating masterpiece conducts readers on a mental journey, well unraveling the hidden tunes and profound influence resonating within each carefully constructed phrase. Within the depths of the moving analysis, we shall explore the book is central harmonies, analyze its enthralling publishing design, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

Womens Global Health And Human Rights Introduction

In todays digital age, the availability of Womens Global Health And Human Rights books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Womens Global Health And Human Rights books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Womens Global Health And Human Rights books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Womens Global Health And Human Rights versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Womens Global Health And Human Rights books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Womens Global Health And Human Rights books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic

literature, making it an excellent resource for literature enthusiasts. Another popular platform for Womens Global Health And Human Rights books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Womens Global Health And Human Rights books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Womens Global Health And Human Rights books and manuals for download and embark on your journey of knowledge?

FAQs About Womens Global Health And Human Rights Books

1. Where can I buy Womens Global Health And Human Rights books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
