The Oxford Handbook of the English

Revolution Michael J. Braddick, 2015-03-05 This Handbook brings together leading historians of the events surrounding the English revolution exploring how the events of the revolution grew out of and resonated in the politics and interactions of the each of the Three Kingdoms England Scotland and Ireland It captures a shared British and Irish history comparing the significance of events and outcomes across the Three Kingdoms In doing so the Handbook offers a broader context for the history of the Scottish Covenanters the Irish Rising of 1641 and the government of Confederate Ireland as well as the British and Irish perspective on the English civil wars the English revolution the Regicide and Cromwellian period The Oxford Handbook of the English Revolution explores the significance of these events on a much broader front than conventional studies The events are approached not simply as political economic and social crises but as challenges to the predominant forms of religious and political thought social relations and standard forms of cultural expression The contributors provide up to date analysis of the political happenings considering the structures of social and political life that shaped and were re shaped by the crisis The Handbook goes on to explore the long term legacies of the crisis in the Three Kingdoms and their impact in a wider European context *Scott's Novels and the Counter-Revolutionary Politics of Place* Dani

Napton, 2018-05-23 Counter revolutionary or wary progressive Critical apologist for the Stuart and Hanoverian dynasties What are the political and cultural significances of place when Scott represents the instabilities generated by the Union Scott's Novels and the Counter Revolutionary Politics of Place analyses Scott's sophisticated counter revolutionary interpretation of Britain's past and present in relation to those questions Exploring the diversity within Scott's life and writings as historian and political commentator conservative committed to progress Scotsman and Briton lawyer and philosopher this monograph focuses on how Scott portrays and analyses the evolution of the state through notions of place and landscape It especially considers Scott's response to revolution and rebellion and his geopolitical perspective on the transition from Stuart to Hanoverian sovereignty Sir Walter Scott's Novels on the Stage Henry Adelbert White, 1927 **Woodstock, Complete**

Walter Scott, 2016-01-27 THE PREFACE TO THE ENSUING NARRATIVE Since it hath pleased the Almighty God out of his infinite mercy so to make us happy by restoring of our native King to us and us unto our native liberty through him that now the good may say magna temporum felicitas ubi sentire quoe velis et dicere licet quoe sentias we cannot but esteem ourselves engaged in the highest of degrees to render unto him the highest thanks we can express Although surpris'd with joy we become as lost in the performance when gladness and admiration strikes us silent as we look back upon the precipice of our late condition and those miraculous deliverances beyond expression Freed from the slavery and those desperate perils we daily lived in fear of during the tyrannical times of that detestable usurper Oliver Cromwell he who had raked up such judges as would wrest the most innocent language into high treason when he had the cruel conscience to take away our lives

upon no other ground of justice or reason the stones of London streets would rise to witness it if all the citizens were silent And with these judges had such councillors as could advise him unto worse which will less want of witness For should the many auditors be silent the press as God would have it hath given it us in print where one of them and his conscience keeper too speaks out What shall we do with these men saith he Aeger intemperans crudelem facit medicum et immedicabile vulmis ense recidendum Who these men are that should be brought to such Scicilian vespers the former page sets forth those which conceit Utopias and have their day dreams of the return of I know not what golden age with the old line What usage when such a privy councillor had power could he expect who then had published this narrative This much so plainly shows the devil himself disliket their doings so much more bad were they than he would have them be severer sure than was the devil to their Commissioners at Woodstock

French Grand Opera and the Historical Imagination Sarah Hibberd, 2009-04-30
 Closely examining five French operas this book reveals how and why grand opera sought to bring the past alive The English Novel in France, 1830-1870 Marian Gladys Devonshire, 1929 **Women Artists in Nineteenth-century France and England** Charlotte Yeldham, 1984 Academy and Literature Charles Edward Cutts Birch Appleton, Charles Edward Doble, James Sutherland Cotton, Charles Lewis Hind, William Teignmouth Shore, Alfred Bruce Douglas, Ellis Ashmead-Bartlett, Thomas William Hodgson Crosland, 1908 **Nelson's Encyclopaedia**, 1907 **The Origins of French Romanticism** Margery B.
