Treating Abused Adolescents

Darlene Anderson Merchant

Treating Abused Adolescents:

Treating Abused Adolescents Eliana Gil,1996-01-01 The first book to explore the issue of abuse in adolescents both the residual effects of earlier child abuse and current or cumulative abuse This volume provides a sensitive account of how to optimize the value of therapeutic contact with this challenging and compelling population Illustrating her presentation with case examples from her extensive clinical experience the author shows when and how to address the abuse to help adolescents move ahead in their development This book will be of interest to psychologists social workers counselors and other mental health professionals who work with troubled youth as well as probation officers and residential treatment staff

Treating Abused Adolescents Eliana Gil,1996-06-01 With compassion and wisdom born of vast clinical experience Eliana Gil s new book offers practical step by step guidance for mental health professionals demonstrating how they can communicate and work more effectively with adolescents who have suffered from abuse Her book describes the impact of abuse on development shows how acting out can be understood as a bid for attention and help and details specific ways a therapist can overcome obstacles in treatment

Treating Abused Adolescents Darlene Anderson Merchant,1990

Treating Complex Trauma in Adolescents and Young Adults John N. Briere,Cheryl B. Lanktree,2012 Bad Blood reveals that Bastille is a synth driven band that isn t particularly arty something of a rarity during the electronic pop revival of the 2000s and 2010s Where many of their contemporaries used the glamour of synth pop s 80s heyday and electronic music s infinite possibilities to craft shiny pop fantasies Bastille builds on the glossy anthemic approach they set forth on the Laura Palmer EP the title track which is included here might also be the least arty song inspired by David Lynch s surreal soap opera Twin Peaks Early highlights like Pompeii These Streets and the title track boast panoramic choruses and sleek arrangements that hint at a kinship with Empire of the Sun and Delphic while the handclaps and popping bassline on the otherwise moody Icarus recall Hot Chip at their most confessional However most of Bad Blood suggests that Bastille are actually an electronically enhanced upgrade of sweeping British pop traditionalists like Keane or Coldplay The band updates Oblivion s piano balladry with ping ponging drums and contrasts Dan Smith s throaty singing and searching lyrics There s a hole in my soul Can you fill it with a tumbling beat on Flaws Like the aforementioned acts Bastille has a way with heartfelt melodies and choruses that resonate particularly on the driving Things We Lost in the Fire and Get Home where the slightly processed vocals also evoke Sia Imogen Heap and other electronic friendly singer songwriters While the band occasionally gets a little too self serious on the album s second half Bad Blood is a solid polished debut that fans of acts like Snow Patrol who don t mind more electronics in the mix might appreciate more than synth pop aficionados Heather Phares

Treating Trauma and Traumatic Grief in Children and Adolescents Judith A. Cohen,Anthony P. Mannarino,Esther Deblinger,2006-06-23 This is the authoritative guide to conducting trauma focused cognitive behavioral therapy TF CBT a systematic evidence based treatment for traumatized children and their families Provided is a comprehensive framework for

Practical Approaches in Treating Adolescent Chemical Dependency Paul B Henry,Bruce Carruth,2019-07-23 Here at last is a comprehensive volume on the often ignored but vitally important subject of care for the chemically dependent adolescent The most current treatment approaches are included all focused on the unique needs of this population For the first time a book on adolescent chemical dependence illustrates in a practical way the major issues of on going care from intervention and assessment through aftercare and relapse Written by professionals who have worked extensively with chemically dependent youth **Practical Approaches in Treating Adolescent Chemical Dependency** will be appreciated by all in the field of chemical dependency administrators treatment directors and certified addictions counselors as well as by social workers family therapists school guidance counselors and student assistance personnel BACKCOVER COPY The treatment of alcoholism and drug use is a relatively young field that has developed only in the past 25 years And as most of the expertise efforts and money have been targeted toward the chemically dependent adult population the use and abuse of substances

among young people has skyrocketed Here at last is a comprehensive book on the often ignored but vitally important subject of care for the chemically dependent adolescent The most current treatment approaches are included all focused on the unique needs of this population For the first time a book on adolescent chemical dependence illustrates in a practical way the major issues of on going care from intervention and assessment through aftercare and relapse Written by professionals who have worked extensively with chemically dependent youth **Practical Approaches in Treating Adolescent Chemical Dependency** features a comprehensive overview of the dynamics of adolescence and the destructive impact that chemicals have upon kids a description of adolescents who are at risk for chemical dependency guidelines for making accurate assessments of chemically dependent adolescents successful programs and interventions that involve communities schools and families special insights into treating chemically dependent minority youth a review of the stages of recovery adapted to the developmental needs of adolescents a look at support groups that best facilitate the recovery process among adolescents much more **Understanding and Treating Adolescent Substance Abuse** Philip P. Muisener,1994 Treating substance abuse in adolescents requires a creative integration of individual group and family therapy along with an understanding of addiction and recovery family dynamics and adolescent development This book incorporates all of these elements into its discussion Its thoroughness makes it a valuable addition to the literature in this relatively new clinical specialty Joseph K Nowinski Private Practice This is a hopeful book that promotes a comprehensive view of a complicated difficulty Virginia Child Protection Newsletter **Assessing and Treating Physically Abused Children and Their Families** David Kolko,2002-03-19 A professional book aimed at practitioners and practitioners in training this volume is the first attempt to provide a comprehensive practical approach to the assessment and treatment of physically abused children While there are other books that cover certain aspects of assessment and treatment this book is comprehensive in that it covers child specific parent specific and family specific interventions The volume will present an overview of child physical abuse including statistics and consequences it will discuss outcome studies and treatment implications and it will thoroughly discuss assessment and treatment It will help practitioners Understand children s abuse experiences views exposures to violence and it will help expose thinking errors or negative attributions It will also help the practitioner help the children with anxiety management anger management social skills and safety plans Help parents with child management and development expectations and cognitive distortions behavior management and discipline Facilitate family communication and problem solving **Evaluating and Treating Adolescent Suicide Attempters** Anthony Spirito,James C. Overholser,2003 Evaluating and Treating Adolescent Suicide Attempters provides a comprehensive overview of the emotional behavioral and cognitive characteristics of adolescents who have attempted suicide Each chapter opens with a case study vignette from the author s extensive clinical files followed by a summary of the empirical literature Assessment and treatment practices close each chapter While suicide is the third largest killer of adolescents most suicide attempts do not result in death Therefore the

treatment of the suicide attempter following the attempt becomes a significant part of the clinician's work with these adolescents. Moreover, the precursors and behavioral markers for a suicide attempt become important signals for the school counselor, youth worker, or therapist. This book also includes assessment measures to use when evaluating an adolescent who has attempted suicide. Includes an outline form of an assessment battery for adolescents who have attempted suicide. Analyzes and discusses treatment and case studies. Presents detailed descriptions of specific therapy techniques useful with adolescents who attempt suicide. Includes succinct reviews of the literature ways to measure relevant factors related to suicidal behavior tips for clinicians and reviews of pertinent assessment measures.

Treating and Preventing

Adolescent Mental Health Disorders Dwight L. Evans, Daniel Romer, 2017 This volume reviews the latest information about the treatment and prevention of major mental disorders that emerge during adolescence. It should be a primary resource for both clinicians and researchers with special attention to gaps in our knowledge.

Identifying and Treating

Youth who Sexually Offend Kristina Crumpton Franey, 2004 This book is designed to assist professionals working with youth who sexually offend. A distinguished panel of experts discusses the latest research and provides essential theory, techniques, and practical guidelines for the assessment and treatment of this challenging population.

The APSAC

Handbook on Child Maltreatment John E. B. Myers, Lucy Berliner, John Briere, C. Terry Hendrix, Theresa Reid, Carole Jenny, 2001-11-12 A resource of unparalleled thoroughness. The APSAC Handbook on Child Maltreatment, Second Edition, provides critical information for those who dedicate their working lives to alleviating the causes and consequences of child abuse and neglect. Written in engaging but straightforward language and committed to immediate application, this comprehensive handbook covers physical and sexual abuse, all forms of neglect, and psychological maltreatment. Experts in a variety of specialized areas have designed each chapter to inform professionals in mental health, law, medicine, law enforcement, and child protective services of the most current empirical research and literature available, as well as strategies for intervention and prevention.

Treatment of Child Abuse

Robert M. Reece, Rochelle F. Hanson, John Sargent, 2014-06-15 New and expanded material includes information on Bullying, Sanctuary Model of trauma-informed care, Long-term medical management, Appropriate use of psychopharmacology, Importance of self-care for professionals. Treatment of Child Abuse is an important resource for mental health professionals, family physicians, pediatricians, emergency department physicians, physician assistants, and nurses, as well as child advocate professionals, social workers, and lawyers.

Working with Sexually Abusive Adolescents Masud S. Hogue, Surya R. Bhate, Finlay Graham, 1997-10-10 This book presents a clear and comprehensive overview of the key factors involved in working with adolescent sex offenders. With an emphasis throughout on practical guidance, leading practitioners address a number of important questions: Who are sexually abusive adolescents and what do they do? What are the current theories of adolescent sexual abusiveness? How can we address issues of risk estimation and management? What are the assumptions behind many aspects of assessment and

treatment *Treating Complex Trauma in Children and Their Families* Cheryl B. Lanktree, John N. Briere, 2016-01-04 One of the few books on the treatment of psychological trauma in children that provides specific in depth individual group and family therapy interventions for complex psychological trauma *Treating Complex Trauma in Children and Their Families* An Integrative Approach focuses on the treatment of 6-12 year old children and their relevant family members Renowned authors Cheryl B Lanktree and John N Briere use their evidence based yet flexible treatment model Integrative Treatment of Complex Trauma for Children ITCT C as they address the use of play therapy attachment processing mindfulness and other approaches as well as interventions with family caretaker and community systems The authors emphasize a culturally sensitive destigmatizing and empowering perspective that supports both recovery and posttraumatic growth Clinical examples and specific tools illustrate how assessment is used to guide individualized and developmentally appropriate interventions *Clinical Applications of Drama Therapy in Child and Adolescent Treatment* Anna Marie Weber, Craig Haen, 2005-07-05 As an emerging psychotherapeutic discipline drama therapy has been gaining global attention over the last decade for its demonstrated efficacy in the treatment of child and adolescent populations However despite this attention and despite the current turbulent state of the world and the increasing population of disturbed and at risk children the field of drama therapy has so far lacked a standard text Weber and Haen's book fills this need providing a core text for graduate students and established professionals alike *Clinical Applications of Drama Therapy in Child and Adolescent Treatment* is guided by theory but firmly rooted in practice providing a survey of the many different possibilities and techniques for incorporating drama therapy within child and adolescent therapy More than merely a survey of the existing literature on drama therapy this text represents a true expansion of the field one which articulates the breadth of possibilities and applications for drama therapy in the larger context of psychotherapy *Wounded Angels* Richard Kagan, 2017-02-27 *Wounded Angels* Inspiration From Children in Crisis uses vignettes of children in crisis situations to portray how troubling behaviors can act as clues for ways children can grow stronger after traumatic stress This text shows how children can guide caregivers and practitioners through hidden conflicts and through case examples provide opportunities to develop emotionally supportive relationships Practitioners and caregivers can use *Wounded Angels* to encourage a resilient perspective for children In return this text informs readers how children find their own path towards healing *Adolescent Health: Background and the effectiveness of selected prevention and treatment services*, 1991
