

## Trek Sensor 2.0 Cycling Computer Owners Manual

Congratulations and thank you for purchasing your Trek Cycling Computer. Before operation please read this instruction manual carefully and retain it for future reference. We recommend setting the speed scale and wheel circumference before installing the computer.

### Precautions

Remember to watch the road or trail while riding. Watching your bicycle computer makes it difficult to see upcoming obstacles. Awareness of potential road, trail or traffic problems should be your main concern.

**On a Silver Platter** Greg M. Smith,1999 When the new medium of CD ROMs emerged industry figures and critics alike proclaimed their virtually unlimited potential Adapting material from well established media like television and film CD ROMs have quickly transformed genres such as science fiction and horror At the same time the realities of actual CD ROMs often fall short of their utopian visions On a Silver Platter marks a coming of age for CD ROMs as a commercially and aesthetically significant medium demanding critical attention Greg Smith brings together media scholars such as Lisa Cartwright Henry Jenkins Janet Murray and Scott Bukatman to analyze how CD ROMs offer alternatives to familiar places to museums to cities and especially to classrooms Examining specific CD ROM titles including Sim City Civilization and Phantasmagoria the contributors argue that CD ROMs are complex texts worthy of close consideration both for how they have changed our understanding of space

and genre and for how they will impact the development of future media By examining particular CD ROM texts and contexts On a Silver Platter probes this new medium for insight and understanding into the current state of multimedia and into the future of technology
