Trichotillomania An Act Enhanced Behavior Therapy Approach Workbook Treatments That Work:

Trichotillomania Douglas W. Woods, Michael P. Twohig, 2008 Trichotillomania TTM is a complex disorder that is difficult to treat as few effective therapeutic options exist Behavior therapy has the greatest empirical support but the number of mental health providers familiar with TTM and its treatment is quite small This manual was written as a tool for therapists to become familiar with an effective treatment for TTM The treatment approach described in this guide blends traditional behavior therapy elements of habit reversal training and stimulus control techniques with the more contemporary behavioral elements of Acceptance and Commitment Therapy ACT Unlike traditional interventions that aim to change type or frequency of pulling related cognitions in the hopes of reducing urges to pull hair this innovative program uses strategies to change the function of these cognitions Clients are taught to see urges for what they really are and to accept their pulling related thoughts feelings and urges without fighting against them This is accomplished through discussions about the function of language and defusion exercises that show the client how to respond to thoughts about pulling less literally Over the course of 10 weeks clients learn to be aware of their pulling and warning signals use self management strategies for stopping and preventing pulling stop fighting against their pulling related urges and thoughts and work toward increasing their quality of life Self monitoring and homework assignments keep clients motivated and engaged throughout TreatmentsThatWorkTM represents the gold standard of behavioral healthcare interventions All programs have been rigorously tested in clinical trials and are backed by years of research A prestigious scientific advisory board led by series Editor In Chief David H Barlow reviews and evaluates each intervention to ensure that it meets the highest standard of evidence so you can be confident that you are using the most effective treatment available to date Our books are reliable and effective and make it easy for you to provide your clients with the best care available Our corresponding workbooks contain psychoeducational information forms and worksheets and homework assignments to keep clients engaged and motivated A companion website www.oup.com/us/ttw offers downloadable clinical tools and helpful resources Continuing Education CE Credits are now available on select titles in collaboration with PsychoEducational Resources Inc PER

Trichotillomania Douglas W Woods, Michael P Twohig, 2008-03-31 Trichotillomania TTM is a complex disorder that is difficult to treat as few effective therapeutic options exist Behavior therapy has the greatest empirical support but the number of mental health providers familiar with TTM and its treatment is quite small This manual was written as a tool for therapists to become familiar with an effective treatment for TTM The treatment approach described in this guide blends traditional behavior therapy elements of habit reversal training and stimulus control techniques with the more contemporary behavioral elements of Acceptance and Commitment Therapy ACT Unlike traditional interventions that aim to change type or frequency of pulling related cognitions in the hopes of reducing urges to pull hair this innovative program uses strategies to change the function of these cognitions Clients are taught to see urges for what they really are and to accept their pulling related thoughts feelings and urges without fighting

against them This is accomplished through discussions about the function of language and defusion exercises that show the client how to respond to thoughts about pulling less literally Over the course of 10 weeks clients learn to be aware of their pulling and warning signals use self management strategies for stopping and preventing pulling stop fighting against their pulling related urges and thoughts and work toward increasing their quality of life Self monitoring and homework assignments keep clients motivated and engaged throughout Designed to be used with older adolescents and adults this innovative intervention has proven efficacy and is sure to be a powerful tool for the clinician who treats TTM

TreatmentsThatWork™ represents the gold standard of behavioral healthcare interventions All programs have been rigorously tested in clinical trials and are backed by years of research A prestigious scientific advisory board led by series Editor In Chief David H Barlow reviews and evaluates each intervention to ensure that it meets the highest standard of evidence so you can be confident that you are using the most effective treatment available to date Our books are reliable and effective and make it easy for you to provide your clients with the best care available Our corresponding workbooks contain psychoeducational information forms and worksheets and homework assignments to keep clients engaged and motivated A companion website www.oup.com/us/ttw offers downloadable clinical tools and helpful resources Continuing Education CE Credits are now available on select titles in collaboration with PsychoEducational Resources Inc PER *Trichotillomania: Therapist Guide* Michael P.
