context An exclusive study of archival material explains the emergence of a screwball aesthetic meant to subvert the prohibitions of the 1934 Hollywood Production Code through a verbal and visual rhetoric of diversion and mitigation Finally Halbout explores the social function of the genre s placement of romantic intimacy at the center of the public sphere and the democratic debate confirming that screwball eccentricity upholds America s founding values freedom of speech free consent and contractual engagement

Unfinished Business Brian Gordon Kennelly,1997 This is the first study systematically to appraise Splendid s Elle and Le Bagne the three plays by Jean Genet published after his death both in the context of the dramatist s dramatic canon and with respect to one another After showing that their unusual publishing history necessarily sets these works apart from Haute surveillance Les Bonnes Le Balcon Les N gres and Les Paravents it argues that from Splendid sto Le Bagne the question of incompleteness is exteriorized moving from a purely thematic to an increasingly formal context and that the status of each posthumously published work differs Splendid sis a completed play thematizing incompleteness Elle with its seemingly incomplete form having thematic currency is a properly unfinished play and as the intentionally fragmentary purposefully suspended beginning of a play Le Bagne is shaped by incompleteness

Thomas Demand Thomas Demand, Dave Eggers, 2007 Stairs ladders and lifts are the motifs of Thomas Demand's latest monograph *L'Esprit d'Escalier* which is published on the occasion of his show at the Irish Museum of Modern Art in Dublin The title actually refers to so called staircase wit that concise French expression for the chagrin of missed retorts those hapless comebacks one only ever thinks up belatedly i.e. when already descending the stairs I should've said fill in blank etc One of Demand's ironic allusions to his title is a new work titled *Landing* which shows the shards of broken Qing vases on a staircase a mishap caused by a visitor to The Fitzwilliam Museum Cambridge in January 2006 who stumbled on his shoelaces and crashed into the three eighteenth century vases smashing them to pieces As ever Demand combines conceptual rigor and exacting craft in his painstakingly re-created sets with their eerie edge of artifice *L'Esprit d'Escalier* presents an overview of his current work in 23 large photographs plus a film project and an architectural installation specially prepared for his Irish Museum exhibition Alongside an excerpt from David Foster Wallace's *Girl with Curious Hair* it also includes commissioned writings by Dave Eggers Paul Oliver Caoimh n Mac Giolla Leith Rachael Thomas and Enrique Juncosa
