Thompson, 2022-11-22 The Making of American Whiteness The Formation of Race in Seventeenth Century Virginia changes the narrative about the origins of race and Whiteness in America With an exhaustive array of archival documents Carmen P Thompson demonstrates not only that Whiteness predates European expansion to the Americas as evidenced in their participation in the transatlantic slave trade since the fifteenth century but more importantly that it was the principal dynamic in the settlement of Virginia the first colony in what would become the United States of America And just as the system of White supremacy was the principal framework that fueled the transatlantic slave trade it likewise was the framework that drove the organization of civil society in Virginia including the organization and structure of the colony s laws social political and economic policies as well as its system of governance The book shows what Whiteness looked like in everyday life in the early seventeenth century in a way eerily prescient to Whiteness today [Arrival of the First Africans in Virginia](#) Ric Murphy, 2020-08-31 In 1619 a group of thirty two African men women and children arrived on the shores of Virginia They had been kidnapped in the royal city of Kabasa Angola and forced aboard the Spanish slave ship San Juan Bautista The ship was attacked by privateers and the captives were taken by the English to their New World colony This group has been shrouded in controversy ever since Historian Ric Murphy documents a fascinating story of colonialism treason piracy kidnapping enslavement and British law **Women in American History** Peg A. Witchcraft in Colonial Virginia Carson O. Hudson, 2019-08-26 The Emmy Award winning screenwriter examines spine tingling tales in chapters called The Beliefs The Law The Experts and The Witches Bristol Herald Courier While the Salem witch trials get the most notoriety Virginia s witchcraft history dates back many years before that Colonial Virginians shared a common belief in the supernatural with their northern neighbors While the witchcraft mania that swept through Salem Massachusetts in 1692 was significant fascination with it has tended to overshadow the historical records of other persecutions throughout early America The 1626 case of Joan Wright the first woman to be accused of witchcraft in British North America began Virginia s own witch craze Utilizing surviving records author local historian and screenwriter Carson Hudson narrates these fascinating stories Motives of Honor, Pleasure, and Profit Lorena S. Walsh, 2012-12-01 Lorena Walsh offers an enlightening history of plantation management in the Chesapeake colonies of Virginia and Maryland ranging from the founding of Jamestown to the close of the Seven Years War and the end of the Golden Age of colonial Chesapeake agriculture Walsh focuses on the operation of more than thirty individual plantations and on the decisions that large planters made about how they would run their farms She argues that in the mid seventeenth century Chesapeake planter elites deliberately chose to embrace slavery Prior to 1763 the primary reason for large planters debt was their purchase of capital assets especially slaves early in their careers In the later stages of their careers chronic indebtedness was rare Walsh s narrative incorporates stories about the planters themselves including family dynamics and relationships with enslaved workers Accounts of personal and family fortunes among the privileged minority and the less well documented accounts of the suffering resistance and occasional minor victories of the enslaved workers add a personal dimension to more concrete measures of planter success or failure

The Huguenot-Anglican Refuge in Virginia Lonnie H. Lee Lee,2023-06-21 The Huguenot Anglican Refuge in Virginia is the history of a Huguenot emigrant community established in eight counties along the Rappahannock River of Virginia in 1687 with the arrival of an Anglican ordained Huguenot minister from Cozes France named John Bertrand This Huguenot community effectively hidden to researchers for more than 300 years comes to life through the examination of county court records cross referenced with French Protestant records in England and France The 261 households and fifty three indentured servants documented in this study including a significant group from Bertrand's hometown of Cozes comprise a large Huguenot migration to English America and the only one to fully embrace Anglicanism from its inception In July 1687 a French exile named Durand de Dauphin published a tract at The Hague outlining the pattern and geography of this migration The tract included a short list of inducements Virginia officials were offering to attract Huguenot settlers to Rappahannock County These included access to French preaching by a Huguenot minister who would also serve an established Anglican parish and the availability of inexpensive land John Bertrand was the first of five French exile ministers performing this dual track ministry in the Rappahannock region between 1687 and 1767

Beyond 1619 Paul J. Polgar,Marc H. Lerner,Jesse Cromwell,2023-10-10 Beyond 1619 brings an Atlantic

and hemispheric perspective to the year 1619 as a marker of American slavery's origins and the beginnings of the Black experience in what would become the United States by situating the roots of racial slavery in a broader comparative context. In recent years an extensive public dialogue regarding the long shadow of racism in the United States has pushed Americans to confront the insidious history of race based slavery and its aftermath with 1619 the year that the first recorded enslaved persons of African descent arrived in British North America taking center stage as its starting point. Yet this dialogue has inadvertently narrowed our understanding of slavery race and their repercussions to the U S context. *Beyond 1619* showcases the fruitful results when scholars examine and put into conversation multiple empires regions peoples and cultures to get a more complete view of the rise of racial slavery in the Americas. Painting racial slavery's emergence on a hemispheric canvas and in one compact volume provides historical context beyond the 1619 moment for discussions of slavery racism antiracism freedom and lasting inequalities. In the process this volume shines new light on these critical topics and illustrates the centrality of racial slavery and contests over its rise in nearly every corner of the early modern Atlantic World. Contributors: John N Blanton, Jesse Cromwell, Erika Denise Edwards, Rebecca Anne Goetz, Rana Hogarth, Chloe L Ireton, Marc H Lerner, Paul J Polgar, Brett Rushforth, Casey Schmitt, Jenny Shaw, James Sidbury. **Virginia 1619** Paul Musselwhite, Peter C.

Mancall, James Horn, 2019-04-23 *Virginia 1619* provides an opportunity to reflect on the origins of English colonialism around the Chesapeake Bay and the Atlantic world. As the essays here demonstrate Anglo Americans have been simultaneously experimenting with representative government and struggling with the corrosive legacy of racial thinking for more than four centuries. Virginia contrary to popular stereotypes was not the product of thoughtless greedy or impatient English colonists. Instead the emergence of stable English Atlantic colonies reflected the deliberate efforts of an array of actors to establish new societies based on their ideas about commonwealth commerce and colonialism. Looking back from 2019 we can understand that what happened on the shores of the Chesapeake four hundred years ago was no accident. Slavery and freedom were born together as migrants and English officials figured out how to make this colony succeed. They did so in the face of rival ventures and while struggling to survive in a dangerous environment. Three hallmarks of English America self government slavery and native dispossession took shape as everyone contested the future of empire along the James River in 1619. The contributors are Nicholas Canny, Misha Ewen, Andrew Fitzmaurice, Jack P Greene, Paul D Halliday, Alexander B Haskell, James Horn, Michael J Jarvis, Peter C Mancall, Philip D Morgan, Melissa N Morris, Paul Musselwhite, James D Rice and Lauren Working. *North American Genocides* Laurelyn Whitt, Alan W. Clarke, 2019-08 Argues that North American settler colonialism included episodes of genocide of Indigenous peoples as defined by the United Nations Genocide Convention.

Plain Paths and Dividing Lines Jessica Lauren Taylor, 2023-08-11 It is one thing to draw a line in the sand but another to enforce it In this innovative new work Jessica Lauren Taylor follows the Native peoples and the newcomers who built and crossed emerging boundaries surrounding Indigenous towns and developing English plantations in the seventeenth century Chesapeake Bay In a riverine landscape defined by connection Algonquians had cultivated ties to one another and into the continent for centuries As Taylor finds their networks continued to define the watery Chesapeake landscape even as Virginia and Maryland s planters erected fences and forts policed unfree laborers and dispatched land surveyors By chronicling English and Algonquian attempts to move along paths and rivers and to enforce boundaries Taylor casts a new light on pivotal moments in Anglo Indigenous relations from the growth of the fur trade to Bacon s Rebellion Most important Taylor traces the ways in which the peoples resisting colonial encroachment and subjugation used Native networks and Indigenous knowledge of the Bay to cross newly created English boundaries She thereby illuminates alternate visions of power freedom and connection in the colonial Chesapeake
