Towards an Incarnational Spiritual Culture Gordon E. Carkner, 2024-01-29 Rooted in the robust discourse of eminent Canadian philosopher Charles Taylor A Secular Age this book takes the reader on a journey of deep reflection and discovery Many things in today's culture misdirect seduce and confuse younger generations

when they actually need wise mentors with integrity The discussion clarifies some of the core issues at stake in the late modern identity quest In the process it unpacks some of the most profound implications of the miraculous incarnation for personal flourishing The author introduces us to the power of dialogue with both divine and human interlocutors We are brought around the table for mutual engagement while receiving a compelling vision for life The discussion is deeply embedded in a rich understanding of the Judeo Christian Scriptures The effect is to spark a lively faith and culture investigation The crucial question we are left with is this Do we intend to be our own gods in some gnostic permutation to invent ourselves from the ground up according to our own individual design Or should we investigate a relationship with God and agape love that can be life transforming freeing and anchoring Which direction will lead to a grounded resilient identity
