The Transparency Paradox Ida Koivisto, 2022 Transparency has become an unquestionable good in modern society spreading from its origins in governance to most arenas of the modern world But is it always good This book turns a critical eye towards transparency deconstructing its theoretical preconceptions and seeking a more nuanced view of what it means to be transparent [The Hashtag Hustle](#) Taylor Annabell, Christian Fieseler, Catalina Goanta, Isabelle Wildhaber, 2025-01-09 This is an open access title available under the terms of a CC BY NC ND 4.0 License It is free to read download and share on Elgaronline.com This timely book sheds light on the cultural economic and legal aspects of content creation as a form of labour investigating concerns over working conditions worker protection and the status of the working relationship Chapters written by leading experts in the field explore two opposing yet complementary sides of work labour as an invisible and underappreciated effort made by influencers and labour as an economic enterprise [The Range of Social Theory](#) Floyd Nelson House, 1929 **Social Research and the Practicing Professions** Robert King Merton, 1982 **Sociological Theory and Research** American Sociological Association, 1980 *Social Theory and Social Policy* James S. recognised in the social and political sciences for the seminal text *Crowds and Power* 1960 While this work can sometimes be criticised for its alleged anti historicity anti modernism fixation on death and a dark vision of humankind *Crowds and Power* can in fact be interpreted as a study and a critique of the mono dimensionality and the obsessiveness of power In Canetti s own words it is an attempt to find the weak spot of power and ultimately an invitation to recognise and explore the endless richness of human transformations Elias Canetti and *Social Theory* argues that the alleged anti modernism of Canetti actually makes him more contemporary than many contemporary social political thinkers It deals with key concepts within socio political theory including commands increase resistance and commonality Each of these ideas is connected with real lived social realities making this book a compelling argument for Canetti s crucial relevance today **Journal of Social**
