**Women of Valor** Ellen Hampton, 2006-08-22 *Women of Valor* tells the extraordinary story of the Rochambelles the only women's unit to serve on the front lines of World War II. Some of them had been proper young ladies stranded abroad by the German invasion of France; others had scaled the Pyrenees by night to escape the Nazi occupation. All of them had a deep desire to help liberate their nation and if they couldn't fight, driving an ambulance would have to do. Organized in New York by a wealthy American widow determined to create an all-female ambulance corps, they served with unflinching courage, saving soldiers from burning camps, dodging bombs, bullets, and mines, and even talking their way out of German hands. With colorful, brave characters and fierce battle scenes, *Women of Valor* is both a gripping and delightful read. **Women of**

**Valor** Ellen Hampton, 2021-03-24 *Women in an armored division*. General Leclerc had never heard of such a thing. But if he wanted the 19 brand-new ambulances, he would have to take their women drivers too. Known as the Rochambelles, their courage won the admiration of their comrades and changed many minds. These women learned to drive through mortar fire to pull men from burning tanks, to stanch blood and ease pain. Above all, they learned that no matter who was doing the shooting, the greater enemy was hatred. Only three of the fifty-one women who served in the group published a memoir, and their stories have been all but lost. This book, newly revised and updated, reveals their daring and accomplishments from Normandy to Berchtesgaden. **Women of Valor** Ellen Hampton, 2015-05-19 *Women of Valor* tells the extraordinary story of the Rochambelles, the only women's unit to serve on the front lines of World War II. Edy, 2016-12-13 Honorable Mention recipient for the American Journalism Historians Association Book of the Year Award. This book outlines the rich history of more than 250 women who worked as war correspondents up through World War II while demonstrating the ways in which the press and the military both promoted and prevented their access to war. Despite the continued presence of individual female war correspondents in news accounts, if not always in war zones, it was not until 1944 that the military recognized these individuals as a group and began formally considering sex as a factor for recruiting and accrediting war correspondents. This group identity created obstacles for women who had previously worked alongside men as war correspondents while creating opportunities for many women.
