Killing Spanish L.

Sandin, 2016-02-19 In this intelligent monograph for women's studies literature and Latin American studies Lyn Di Iorio Sandin asserts that there is a significant ambivalence surrounding identity that is present in the works of Latino writers such as Cristina Garcia Edward Rivera and Abraham Rodriguez Sandin incorporates the theories of allegory and double identity to talk about fragmentation of the Latino psyche What Sandin finds compelling is that in all of the works of this diverse group of writers there is a common theme of anxiety about origins that manifests itself through the symbols of dead women ghosts or madwomen Using specific examples from literature ranging from Cuban American Cristina Garcia's *The Aguero Sisters* to Puerto Rican Rosario Ferre's *Maldito amor* Sandin finds that fragmented ethnic identification is an area that is just beginning to be explored within the analysis of U S Latino fiction

Casca Llanna. (Good News.) Love, Woman, Marriage: the

grand secret! A book for the heartfelt. Fourth edition. [By Casca Llanna.] Casca LLANNA (pseud.),1872 **Fair Opportunity and Responsibility** David O. Brink,2021-06-01 Fair Opportunity and Responsibility lies at the intersection of moral psychology and criminal jurisprudence and analyzes responsibility and its relations to desert culpability excuse blame and punishment It links responsibility with the reactive attitudes but makes the justification of the reactive attitudes depend on a prior and independent conception of responsibility Responsibility and excuse are inversely related an agent is responsible for misconduct if and only if it is not excused As a result we can study responsibility by understanding excuses We excuse misconduct when an agent s capacities or opportunities are significantly impaired because these capacities and opportunities are essential if agents are to have a fair opportunity to avoid wrongdoing This conception of excuse tells us that responsibility itself consists in agents having suitable cognitive and volitional capacities normative competence and a fair opportunity to exercise these capacities free from undue interference situational control Because our reactive attitudes and practices presuppose the fair opportunity conception of responsibility this supports a predominantly retributive conception of blame and punishment that treats culpable wrongdoing as the desert basis of blame and punishment We can then apply the fair opportunity framework to assessing responsibility and excuse in circumstances of structural injustice situational influences in ordinary circumstances and in wartime insanity and psychopathy immaturity addiction and crimes of passion Though fair opportunity has important implications for each issue treating them together allows us to explore common themes and appreciate the need to take partial responsibility and excuse seriously in our practices of blame and punishment
