Women's History June Purvis, 2000 *Women's History Britain 1850 1945* introduces the main themes and debates of feminist history during this period of change and brings together the findings of new research. It examines the suffrage movement, race and empire, industrialisation, the impact of war, and women's literature. Specialists in their own fields have each written a chapter on a key aspect of women's lives, including health, the family, education, sexuality, work, and politics. Each contribution provides an overview of the main issues and debates within each area and offers suggestions for further reading. It not only provides an invaluable introduction to every aspect of women's participation in the political, social, and economic history of Britain, but also brings the reader up to date with current historical thinking on the study of women's history itself.

Women's History, Britain 1700-1850 Hannah Barker, Elaine Chalus, 2004-08-02. Placing women's experiences in the context of the major social, economic, and cultural shifts that accompanied the industrial and commercial transformations of this period, Hannah Barker and Elaine Chalus paint a fascinating picture of the change, revolution, and continuity that were encountered by women of this time. A thorough and well-balanced selection of individual chapters by leading field experts and dynamic new scholars combine original research with a discussion of current secondary literature, and the contributors examine areas as diverse as the Enlightenment, politics, religion, education, sexuality, family, work, poverty, and consumption. The authors most importantly realise that female historical experience is not generic and that it can be significantly affected by factors such as social status, location, age, race, and religion. Providing a captivating overview of women and their lives, this book is an essential purchase for the study of women's history, and providing delightful little gems of knowledge and insight, it will also appeal to any reader with an interest in this fascinating topic.
