Dang,2025-07-24 This book explores the development of ecological awareness in Jeff VanderMeer s New Weird novels
focusing specifically on the Southern Reach 2014 2024 and Borne 2017 2019 series Examining the New Weird genre as an
understudied part of climate fiction the chapters investigate how these texts language content and form develop unique and
fascinating ways in which one can think and live more ecologically As the first book length study on VanderMeer s work to
contextualize his novels through object oriented ontology OOO an emerging branch of speculative philosophy that
investigates how things exist this work enables a uniquely experimental reading of VanderMeer one that accentuates how his
work unsettles what is perceived as normal and exposes the bounds of human reasoning as well as how we understand
ourselves and our relationships with nonhumans Dang also engages with interdisciplinarity situating VanderMeer s work
within cultural discourse around the Anthropocene environmental anthropology prehistoric archeology evolutionary biology
