Wool The Graphic Novel:

Wool: The Graphic Novel Hugh Howey, 2014-08-12 Presents a dystopian story in which man lives in an enclosed environment and those who dare to express the desire to explore the dangerous outside world are forced out into it

Apocalyptic Ecology in the Graphic Novel Clint Jones, 2020-03-16 As awareness of climate change grows so do the number of cultural depictions of environmental disaster Graphic novels have reliably produced dramatizations of such disasters Many use themes of dystopian hopefulness or the enjoyment readers experience from seeing society prevail in times of apocalypse This book argues that these generally inspirational narratives contribute to a societal apathy for real life environmental degradation By examining the narratives and art of the environmental apocalypse in contemporary graphic novels the author stands against dystopian hope arguing that the ways in which we experience depictions of apocalypse shape how we respond to real crises

Dystopian States of America Matthew B. Hill, 2022-09-13 Dystopian States of America is a crucial resource that studies the impact of dystopian works on American society including ways in which they reflect our deep and persistent fears about environmental calamities authoritarian governments invasive technologies and human weakness Dystopian States of America provides students and researchers with an illuminating resource for understanding the impact and relevance of dystopian and apocalyptic works in contemporary American culture Through its wide survey of dystopian works in numerous forms and genres the book encourages readers to connect with these works of fiction and understand how the catastrophically grim or disquieting worlds they portray offer insights into our own current situation In addition to providing more than 150 encyclopedia articles on a large and representative sample of dystopian apocalyptic narratives in fiction film television and video games including popular works that often escape critical inquiry Dystopian States of America features a suite of critical essays on five themes war pandemics totalitarianism environmental calamity and technological overreach that serve as the foundation for most dystopian worlds of the imagination These offerings complement one another enabling readers to explore dystopian conceptions of America and the world from multiple perspectives and vantage points
