Words of a Rebel Peter Kropotkin, 2022-03-29 Peter Kropotkin remains one of the best known anarchist thinkers and Words of a Rebel was his first libertarian book Published in 1885 while he was in a French jail for anarchist activism this collection of articles from the newspaper Le Revolt sees Kropotkin criticise the failings of capitalism and those who seek to end it by means of its main support the state Instead he urged the creation of a mass movement from below that would expropriate property and destroy the state replacing their centralised hierarchies with federations of self governing communities and workplaces Kropotkin's instant classic included discussions themes and ideas he returned to repeatedly during his five decades in the anarchist movement Unsurprisingly Words of a Rebel was soon translated into numerous languages including Italian Spanish Bulgarian Russian and Chinese and reprinted time and time again But despite its influence as Kropotkin's first anarchist work it was the last to be completely translated into English This is a new translation from the French original by Iain McKay except for a few chapters previously translated by Nicolas Walter Both anarchist activists and writers they are well placed to understand the assumptions within and influences on Kropotkin's revolutionary journalism It includes all the original 1885 text along with the preface to the 1904 Italian as well as the preface and afterward to the 1919 Russian editions In addition it includes many articles on the labour movement written by Kropotkin for Le Revolt which show how he envisioned getting from criticism to a social revolution Along with a comprehensive glossary and an introduction by Iain McKay placing this work within the history of anarchism as well as indicating its relevance to radicals and revolutionaries today this is the definitive edition of an anarchist classic

 accessible account of anarchism as a theory of practice A new in depth look at the revolutionary strategy of anarchism in
 Europe and the United States between 1868 and 1939 Zoe Baker creator of a popular Youtube series on radical history and
 political theory brings her trademark clarity and accessibility to this debut book Cutting through misperceptions and
 historical inaccuracies she shows how the reasons anarchists gave for supporting or opposing particular strategies were
 grounded in a specific theoretical framework a theory of practice The consistent and coherent heart of anarchism Baker
 shows is the understanding that as people engage in activity political or otherwise they simultaneously change the world and
 themselves Put another way the means that revolutionaries propose to achieve social change have to involve forms of activity
 through which people can become individuals capable of overthrowing capitalism and the state as well as building a better
 society Behind this simple premise that anarchist ends can only be achieved through anarchist means lies a wealth of
 fascinating historical and theoretical detail that Baker presents clearly and engagingly *Direct Struggle Against Capital*

Fugitive Writings Petr Alekseevich Kropotkin (kni'a'z'),1993 These essays which either have not been previously published or have been out of print embrace Kropotkin's philosophy at a time when he first gave it expression This collection contains selected essays by Peter Kropotkin who was unquestionably the most widely read and respected theorist of anarchism Ecology of Everyday Life Chaia Heller,1999 Ecology of Everyday Life examines the ecological impulse as a desire for nature a desire that emerges as people within industrial capitalist contexts respond to the personal and aesthetic rather than the physical and political implications of ecological breakdown While exploring the historical causes of this romantic desire for nature Heller also offers a way to reconstruct ideas of both nature and desire drawing from feminist anarchist and social ecological theory She provides an activist response to ecological questions arguing that the ecology movement too often links ecological problems to personal psychological and spiritual concerns rather than to concerns of social justice Yet rather than dismiss such personal and qualitative concerns Heller links the desire for a more meaningful and integral quality of life to the activist impulse itself Questioning assumptions about nature desire and the ecological agenda the author encourages readers to consider new ways of desiring nature that entail changes not only in personal life style and outlook but changes in social institutions as well Chaia Heller holds a MA in psychology and has worked for many years as a clinical social worker counselling and advocating for women struggling with issues of domestic abuse and poverty In addition she has had a long career as a teacher and international lecturer in the fields of social ecology and ecofeminism and is currently on the faculty at the Institute for Social Ecology She also teaches at the University of Massachusetts where she is pursuing a PhD Evolutionary Ethics and Moral Idealism Kenneth N. Rabe,2002 **Decentralizing Power** Taylor Stoehr,1994 In this new collection of his most acute and durable political writing readers will recognize the spirit of indignation and hope Goodman first roused in the 1960s with *Growing Up Absurd* He was articulate about many concerns and believed that States and institutions interfere too much in people's lives The Ecology of the Automobile Peter E. S. Freund,George T. Martin,1993 Examines the central role that auto production and consumption have played in the twentieth century as a technological system with major impacts on public policy land use cultural patterns social relations community

natural resources environmental quality and options for spatial mobility **Forthcoming Books** Rose Arny,1997 Peter Kropotkin (1842-1921) Heinz Hug,1994 **Emma Goldman** Bonnie Haaland,1993 This book focuses on the ideas of Emma Goldman as they relate to the centrality of sexuality and reproduction and as such are relevant to the current feminist debates BOOK JACKET Act for Yourselves Petr Alekseevich Kropotkin (knižka'),Petr Alekseevič Kropotkin,1988 A collection of articles written from 1886 1907
