Womack, Janice P. Campbell, 2014-10-08 *Working it Out Growing Spiritually with the Poetry of George Herbert* is a delightful introduction to fifty of the most beautiful works of this gifted poet Although *Working it Out* is written primarily as a devotional it models a thoughtful method for reading and understanding poetry in general and can be used in home schools and classrooms as a one year study of poetry **Verse and Poetics in George Herbert and John Donne** Frances

Cruickshank, 2016-02-17 Innovative and highly readable this study traces George Herbert's and John Donne's development of a distinct poetics through close readings of their poems references to their letters sermons and prose treatises and to other contemporary poets and theorists In demonstrating a relationship between poetics and religious consciousness in Donne's and Herbert's verse Frances Cruickshank explores their attitudes to the cultural theological and aesthetic enterprise of writing and reading verse Cruickshank shows that Donne and Herbert regarded poetry as a mode not determined by its social and political contexts but as operating in and on them with its own distinct set of aesthetic and intellectual values and that ultimately verse mattered as a privileged mode of religious discourse This book is an important contribution to the ongoing scholarly dialogue about the nature of literary and cultural study of early modern England and about the relationship between the writer and the world Cruickshank confirms Donne's reputation as a fascinating and brilliant poetic figure while simultaneously rousing interest in Herbert by noting his unique merging of rusticity and urbanity and tranquility and uncertainty allowing the reader to enter into these poets imaginative worlds and to understand the literary genre they embraced and then transformed **Frank Leslie's Sunday Magazine**, 1885 Includes music *Reformation Spirituality*

Gene E. Veith, 2013-01-16 George Herbert in his poetic skill and the depth of the spiritual experiences he explores may be the greatest of all religious poets This is a study of the specific religious experiences and beliefs that Herbert writes about both in his poetry and in his prose As such it also examines the spiritual landscape of seventeenth century England a period for all of its controversies still dominated by the understanding of God and the human condition articulated by Martin Luther and

systematized by John Calvin Reformation spirituality which was different both from medieval Catholicism and late Protestantism is itself little understood by literary historians who have tended to look to medieval or Counter Reformation ideas and practices or to a simplistic distinction between Anglicans and Puritans as ways of understanding the religion of the time This study presents Reformation spirituality phenomenologically from the inside Just as Reformation spirituality reflects Herbert s poetry Herbert s poetry illuminates Reformation spirituality showing the experiential and mystical dimensions of an important religious tradition
