Voices From The Pagan Census Voices From The Pagan Census:

Voices from the Pagan Census Helen A. Berger, Evan A. Leach, Leigh S. Shaffer, 2003 *Voices from the Pagan Census* provides insight into the expanding but largely unstudied religious movement of Neo Paganism in the United States The authors present the findings of The Pagan Census which was created and distributed by Berger and Andras Corban Arthen of the Earthspirit Community Analysing the most comprehensive and largest scale survey of the Neo Pagans to date the authors offer a portrait of this emerging religious community including an examination of Neo Pagan political activism educational achievements family life worship methods experiences with the paranormal and beliefs about such issues as life after death

Contemporary Paganism Graham Harvey, 2011-02-07 An introduction to modern Paganism and its roots and history The Pagan tradition celebrates the physical nature of life on earth blending science with spiritual folklore Considering the everyday world of food health sex work and leisure to be sacred Pagans oppose that which threatens life such as deforestation overdevelopment and nuclear power and invoke ancient deities in this struggle for the well being of the earth and its inhabitants Contemporary Paganism presents a broad based introduction to the main trends of contemporary Paganism revealing the origins and practical aspects of Druidry Witchcraft Goddess Spirituality and Magic Shamanism and Geomancy among others Making use of both traditional history and the movement's more imaginative sources Harvey reveals how Paganism and its central focus on individual and social lives is evolving and how this new religion perceives and relates to more traditional ones This updated and expanded new edition addresses recent developments among Pagans and includes a new chapter assessing continuing scholarly research about the religion **Introduction to Pagan Studies**

Barbara Jane Davy, 2007 *Pagan Studies* is maturing and moving beyond the context of new religious movements to situate itself in within of the study of world religions *Introduction to Pagan Studies* is the first and only text designed to introduce the study of contemporary Paganism as a world religion It examines the intellectual religious and social spheres of Paganism through common categories in the study of religion which includes beliefs practices theology ritual history and role of texts and scriptures The text is accessible to readers of all backgrounds and religions and assumes no prior knowledge of Paganism This text will also serve as a general introduction to Pagan Studies for non specialist scholars of religion as well as be of interest to scholars in the related disciplines of Anthropology Sociology and Cultural Studies and to students taking courses in Religious Studies *Pagan Studies Nature Religion New Religious Movements and Religion in America* The book will also be useful to non academic practitioners of Paganism interested in current scholarship ***Solitary Pagans*** Helen A. Berger, 2019-08-12 An exploration of the increasingly popular phenomenon of solitary practice within contemporary paganism *Solitary Pagans* is the first book to explore the growing phenomenon of contemporary Pagans who practice alone Although the majority of Pagans in the United States have abandoned the tradition of practicing in groups little is known about these individuals or their way of practice Helen A Berger fills that gap by building on a massive survey of

contemporary practitioners By examining the data Berger describes solitary practitioners demographically and explores their spiritual practices level of social engagement and political activities Contrasting the solitary Pagans with those who practice in groups and more generally with other non Pagan Americans she also compares contemporary U S Pagans with those in the United Kingdom Australia and Canada Berger brings to light the new face of contemporary paganism by analyzing those who learn about the religion from books or the Internet and conduct rituals alone in their gardens the woods or their homes Some observers believe this social isolation and political withdrawal has resulted in an increase in narcissism and a decline in morality while others argue to the contrary that it has produced a new form of social integration and political activity Berger posits the implications of her findings to reveal a better understanding of other metaphysical religions and those who shun traditional religious organizations

Military Chaplains and Religious Diversity Kim Philip Hansen,2012-09-25 Based on extensive in depth interviews with more than thirty active duty chaplains regarding their successes failures and conflicts the book is about the way military chaplains handle religious diversity among the enlisted they serve and within their own corps

Pop Pagans Donna Weston,Andy Bennett,2014-10-20 Paganism is rapidly becoming a religious creative and political force internationally It has found one of its most public expressions in popular music where it is voiced by singers and musicians across rock folk techno goth metal Celtic world and pop music With essays ranging across the US UK continental Europe Australia and Asia Pop Pagans assesses the histories genres performances and communities of pagan popular music Over time paganism became associated with the counter culture satanic and gothic culture rave and festival culture ecological consciousness and spirituality and new ageism Paganism has used music to express a powerful and even transgressive force in everyday life Pop Pagans examines the many artists and movements which have contributed to this growing phenomenon

Handbook of Contemporary Paganism Murphy Pizza,James R. Lewis,2009 Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape The members of the movement are simultaneously growing unifying and maintaining its characteristic diversity of traditions identities and rituals The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions praxis theologies and communities As Contemporary Paganism continues to grow and mature new angles of inquiry about it have emerged and are explored in this collection This examination and study of contemporary Paganism contributes new ways to observe and examine other religions where innovations paradoxes and inconsistencies can be more accurately documented and explained

Paganism, Traditionalism, Nationalism Kaarina Aitamurto,2016-05-05 Rodnoverie was one of the first new religious movements to emerge following the collapse of the Soviet Union its development providing an important lens through which to view changes in post Soviet religious and political life Rodnovers view social and political issues as inseparably linked to their religiosity but do not reflect the liberal values dominant among Western Pagans Indeed among the conservative and nationalist movements often associated with

Rodnoverie in Russia traditional anti Western and anti Semitic rhetoric has recently been overshadowed by anti Islam and anti migrant tendencies Providing a fascinating overview of the history organisations adherents beliefs and practices of Rodnoverie this book presents several different narratives as a revival of the native Russian or Slavic religion as a nature religion and as an alternative to modern values and lifestyles Drawing upon primary sources documents and books this analysis is supplemented with extensive fieldwork carried out among Rodnoverie communities in Russia and will be of interest to scholars of post Soviet society new religious movements and contemporary Paganism in general

Wicca and Witchcraft For Dummies Diane Smith,2011-05-09 Examines Wiccan magic rituals traditions and code of conduct Get the scoop on this ancient spiritual path Wondering what it takes to be a Wiccan This plain English guide introduces you to the vibrant world of Wicca and the practices of Witchcraft describing its ancient origins dispelling stereotypes and explaining Wiccan beliefs ethics rituals and holidays You ll see what it means to live as a contemporary Wiccan and how to worship alone or with a group Discover how to Worship alone or join a coven Perform charms blessings and spells Obtain necessary tools and supplies Spot spiritual scams and inappropriate behavior Explore a spiritual path guided by nature

Eros and Touch from a Pagan Perspective Christine Hoff Kraemer,2013-10-23 Within the past twenty years contemporary Pagan leaders progressive Christian and Goddess theologians advocates for queer and BDSM communities and therapeutic bodyworkers have all begun to speak forcefully about the sacredness of the body and of touch Many assert that the erotic is a divinely transformative force both for personal development and for social change Although the erotic includes sexuality it is not limited to it access to connected nonsexual touch is as profound a need as that for sexual freedom and health In this book Christine Hoff Kraemer brings together an academic background in religious studies and theology with lived experience as a professional bodyworker and contemporary Pagan practitioner Arguing that the erotic is a powerful moral force that can ground a system of ethics Kraemer integrates approaches from queer theology therapeutic bodywork and sexual minority advocacy into a contemporary Pagan religious framework Addressing itself to liberal religious people of many faiths Eros and Touch from a Pagan Perspective approaches the right to pleasure as a social justice issue and proposes a sacramental practice of mindful consensual touch

The Encyclopedia of Witches, Witchcraft and Wicca Rosemary Guiley,2010-05-12 Presents a comprehensive reference guide with more than 480 entries on the subject of witchcraft

Religion Christian Smith,2017-08-02 A groundbreaking new theory of religion Religion remains an important influence in the world today yet the social sciences are still not adequately equipped to understand and explain it This book builds on recent developments in science theory and philosophy to advance an innovative theory of religion that goes beyond the problematic theoretical paradigms of the past Drawing on the philosophy of critical realism and personalist social theory Christian Smith answers key questions about the nature powers workings appeal and future of religion He defines religion in a way that resolves myriad problems and ambiguities in past accounts explains the kinds of causal influences religion exerts in the world and

examines the key cognitive process that makes religion possible Smith explores why humans are religious in the first place uniquely so as a species and offers an account of secularization and religious innovation and persistence that breaks the logjam in which so many religion scholars have been stuck for so long Certain to stimulate debate and inspire promising new avenues of scholarship Religion features a wealth of illustrations and examples that help to make its concepts accessible to readers This superbly written book brings sound theoretical thinking to a perennially thorny subject and a new vitality and focus to its study *Women and Gender Issues in British Paganism, 1945-1990* Shai Feraro,2020-06-11 This book explores the ways in which changing views on gender and the place of women in society during the latter half of the twentieth century affected women s participation and standing within British Paganism More specifically it examines how British Wiccans and Wiccan derived Pagans reacted to the rise of second wave feminism and the Women s Liberation Movement in the UK with a special emphasis on the reception of feminist theory hailing from the USA and to the emergence of feminist branches of Witchcraft and Goddess Spirituality during the 1970s and 1980s The book draws on primary sources never before analyzed in an academic context and makes a valuable contribution to the growing body of knowledge on gender and religion during the twentieth century as very little research has been conducted on the relations between the history of modern Paganism and that of second wave feminism in the UK *A History of Witchcraft: Sorcerers, Heretics & Pagans (Third)* Jeffrey B. Russell,Brooks Alexander,2024-06-18 An authoritative and concise history of witchcraft from the ancient world up to the present day Witchcraft has always been a fluid and intriguing belief system that has enchanted and sometimes terrified humanity Now in its third edition *A History of Witchcraft* has established itself as the authoritative history of witchery and the occult Beginning with magic in the ancient world Jeffrey B Russell explores the definition of witchcraft in its many diverse forms from the worship of the Greek goddess of magic Hecate and the witch crazes of the fifteenth and sixteenth centuries to the development of modern witchcraft by Aleister Crowley and Gerald Gardner in the early twentieth century Brooks Alexander analyzes the development of witchcraft and neo paganism in the present day charting the dissemination of modern witchcraft through media and the tensions that arise when a secretive cult becomes an open and recognized religion This updated edition features a new chapter exploring the challenges that witchcraft has faced in the past decade including the rise of social media platforms such as Instagram and TikTok the COVID 19 pandemic and new neo pagan groups *Wicca* Ethan Doyle White,2015-10-01 The past century has born witness to a growing interest in the belief systems of ancient Europe with an array of contemporary Pagan groups claiming to revive these old ways for the needs of the modern world By far the largest and best known of these Paganisms has been Wicca a new religious movement that can now count hundreds of thousands of adherents worldwide Emerging from the occult milieu of mid twentieth century Britain Wicca was first presented as the survival of an ancient pre Christian Witch Cult whose participants assembled in covens to venerate their Horned God and Mother Goddess to celebrate seasonal festivities and to cast spells by the light of the full moon

Spreading to North America where it diversified under the impact of environmentalism feminism and the 1960s counter culture Wicca came to be presented as a Goddess centred nature religion in which form it was popularised by a number of best selling authors and fictional television shows Today Wicca is a maturing religious movement replete with its own distinct world view unique culture and internal divisions This book represents the first published academic introduction to be exclusively devoted to this fascinating faith exploring how this Witches Craft developed what its participants believe and practice and what the Wiccan community actually looks like In doing so it sweeps away widely held misconceptions and offers a comprehensive overview of this religion in all of its varied forms Drawing upon the work of historians anthropologists sociologists and scholars of religious studies as well as the writings of Wiccans themselves it provides an original synthesis that will be invaluable for anyone seeking to learn about the blossoming religion of modern Pagan Witchcraft

The New Religious Movements Experience in America Eugene V. Gallagher, 2004-10-30 Wherever and whenever they appear new religious movements always produce conflict Even as they attract members who enthusiastically embrace their innovative teachings new religions often provoke strongly negative reactions often because they challenge established notions of proper religious action belief and morality Opponents of new religious movements often brand them as cults and urge their fellow citizens their own religions and even the government to take action against what they see as suspicious and potentially dangerous movements the members often complain that their motives have been misconstrued and argue that their groups are unfairly persecuted The New Religious Movements Experience in America outlines the conflict between representatives of the status quo and new religions and examines how these groups appear both to their members and to their cultural opponents This work is ideal for anyone students parents and teachers who wish to gain a deeper understanding of new religious movements in America New religions have always been part of the American religious landscape and this book moves beyond the contemporary period to discuss examples of new religions that have originated survived or died and sometimes prospered throughout U S history Among the groups discussed are the Mormons the Peoples Temple the Branch Davidians Spiritualism Theosophy the Church Universal and Triumphant the International Society for Krishna Consciousness the followers of Bhagwan Shree Rajneesh Soka Gakkai the Nation of Islam Wiccans and neo Pagans the Church of Satan the Church of Scientology Heaven s Gate and the Raelians The New Religious Movements Experience in America includes a glossary and a list of resources for those interested in doing further research on the experience of the followers of new religions

Spiritual Guidance Across Religions Rev. John R. Mabry, PhD, 2014-04-15 The groundbreaking professional resource for providing spiritual guidance to people from faith traditions other than your own This comprehensive resource offers valuable information for providing spiritual guidance to people from a wide variety of faith traditions Covering the world s faith traditions as well as interfaith blended and independent approaches to spirituality each chapter is written by a spiritual guidance professional from that tradition or who works extensively with people from that tradition Each chapter

provides An overview of the tradition including basic beliefs Methods for spiritual guidance honored in that tradition
Common spiritual problems encountered by people of that tradition Tips techniques and practices Helpful resources for

American Religion African Diaspora Spirituality Daoism Jainism Confucianism Introduction to New and Alternative
Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely
misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed
or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the
general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate
understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile
environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by
presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious
movements that have been and are active in American society and it addresses ways of understanding new and alternative
religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant
debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement
s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new
movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various
groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller
understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of
new and alternative religions in the United States and addresses the controversies that surround them This volume helps
readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish
and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such
as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3
Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other

movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more

Wicca's Charm Catherine Sanders,2009-08-05 How Wiccan Spirituality Is Filling a Spiritual Hunger in America Hundreds of thousands of people practice Wicca and other forms of modern Pagan spirituality in America today and journalist Catherine Edwards Sanders wanted to understand why such belief systems are rapidly attracting followers When a routine magazine assignment led her to realize that her stereotype of Wiccans as eccentric spiritual outsiders was embarrassingly misinformed her curiosity compelled her to understand the Wiccan mystique With the support of a journalism fellowship Sanders spent a year interviewing neo Pagans and witches and found that the lure of this emerging spirituality was not the occult but rather a search for meaning in an increasingly fragmented and materialistic culture With keen observation challenging insight and compassionate critique Sanders produces a lively narrative about what she experienced and discovered during her travels Halloween rituals in Salem anti globalization protests in New York and the contrasts between what seekers find in neo Paganism that they perceive as lacking in Christian tradition In Wicca s Charm Sanders explains the powerful attraction of an increasingly mainstream spirituality that celebrates the wonder of creation and the life giving energy of women while also exploring why Christian churches often fail to engage these seekers but how they can learn to tap into the deep roots of Christianity to nourish the hunger of so many who seek a holistic and authentic worship experience

The Oxford Handbook of New Religious Movements James R. Lewis,Inga Bårdsen Tøllefsen,2016 The Oxford Handbook of New Religious Movements both covers the current state of the field and breaks new ground Its contributors drawn from both sociology and religious studies are leading figures in the study of NRMs
