Wilde Discoveries Wilde Discoveries:

Wilde Discoveries Joseph Bristow, 2013-12-06 The most significant resource for any researcher wishing to understand the finer details of Oscar Wilde's remarkable career the Oscar Wilde and His Circle archive at the University of California Los Angeles houses the world's largest collection of materials relating to the life and work of the gifted Irish writer Wilde Discoveries brings together thirteen studies based on research done in this archive that span the course of Wilde's work and shed light on previously neglected aspects of Wilde's lively and varied professional and personal life This volume offers fresh approaches to well known works such as *The Picture of Dorian Gray* while paying serious attention to his lesser known writings and activities including his earliest attempts at emulating the English Romantics his editing of *Woman's World* and his fascination with anarchism A detailed introduction by the volume editor ties the essays together and illustrates the distinctive evolution of research on this great writer's extraordinary career

Oscar Wilde's Aesthetic Education Leanne Grech, 2019-04-06 This book focuses on the role that the Oxford classical curriculum has had in shaping Oscar Wilde's aestheticism It positions Wilde as a classically trained intellectual and outlines the path he took to gain recognition as a writer and promoter of the aesthetic movement This narrative is conveyed through a broad range of literary sources including Wilde's travel poetry American lectures and canonical works like *The Critic as Artist* *The Soul of Man* *The Picture of Dorian Gray* and *De Profundis* This study proposes that Wilde approached aestheticism as a personalised self directed learning experience a mode of self culture which could be used to maintain an intellectual life outside of the university It also explores Wilde's thoughts on education and considers the significance of male friendship at Oxford and in Wilde's life and literature

The Hirschfeld Archives Heike Bauer, 2017-05-15 This work examines how death suicide and violence shaped modern queer culture arguing that negative experiences as much as affirmative subculture formation influenced the emergence of a collective sense of same sex identity Bauer looks for this history of violence in the work and reception of the influential sexologist Magnus Hirschfeld 1868-1935 and through Hirschfeld's work examines the form and collective impact of anti queer violence in the first half of the twentieth century Hirschfeld's archive his library at the Institute for Sexual Sciences in Berlin was destroyed by the Nazis in 1933 so the archive of Bauer's title is one that she's built from over a hundred published and unpublished books articles films and photographs

Oscar Wilde's Chatterton Joseph Bristow, Rebecca N. Mitchell, 2015-03-01 This book explores Oscar Wilde's fascination with the eighteenth century forger Thomas Chatterton who tragically took his life at the age of seventeen This innovative study combines a scholarly monograph with a textual edition of the extensive notes that Wilde took on the brilliant forger who inspired not only Coleridge Wordsworth and Keats but also Victorian artists and authors Bristow and Mitchell argue that Wilde's substantial Chatterton notebook which previous scholars have deemed a work of plagiarism is central to his development as a gifted writer of criticism drama fiction and poetry This volume reveals that Wilde's research on Chatterton informs his deepest engagements

with Romanticism plagiarism and forgery especially in his later works Grounded in painstaking archival research that draws on previously undiscovered sources Oscar Wilde's Chatterton explains why in Wilde's personal canon of great writers Chatterton stood as an equal in this most distinguished company *Transatlantic Modernism and the US Lecture Tour* Robert Volpicelli, 2021 A study of the twentieth century transatlantic literary lecture tour with a focus on the role that this circuit played in the formation of transatlantic modernism by following a diverse group of authors Oscar Wilde W B Yeats Rabindranath Tagore Gertrude Stein and W H Auden *Ancient Scottish Lake-dwellings Or Crannogs* Robert Munro, 1882

The Principal Navigations, Voyages, Traffiques & Discoveries of the English Nation Richard Hakluyt, 1906

The Principal Navigations, Voyages, Traffiques and Discoveries of the English Nation Richard Hakluyt, 1904

Oscar Wilde's Plagiarism Florina Tufescu, 2008 Oscar Wilde's plagiarism practices across genres are seen as part of a neo classical tradition His allegory of plagiarism in *An Ideal Husband* is compared to those created by fellow playwrights including Ibsen and G B Shaw Wilde's polemical imitation of Shakespeare's cut and paste method in *The Portrait of Mr W H* inspires Joyce to experiment with the erasure of quotation marks in *Ulysses* The blatant collage of Wilde's poetry anticipates T S Eliot's *The Waste Land* just as it recalls Manet's paintings which provocatively assert artistic status by drawing attention to their flatness The mosaic like structure of *The Picture of Dorian Gray* is akin to that of other anti individualist masterpieces notably Goethe's *Faust* and D M Thomas's *The White Hotel* The extent of sophisticated plagiarism in the canonical works and the impressive list of its apologists from Ackroyd to Zola indicate the need for new models of authorship and intellectual property models that would benefit scholarly and artistic creativity and solve the paradox of plagiarism as simultaneously one of the most serious and most common of literary crimes **The Principal Navigations, Voyages, Traffiques &**

Discoveries of the English Nation Made by Sea Or Over-land to the Remote and Farthest Distant Quarters of the Earth at Any Time Within the Compasse of These 1600 Yeeres Richard Hakluyt, 1904 *The Importance of Being*

Different Chris Foss, 2025-04-18 Understanding Oscar Wilde's characteristically unique approach to writing difference Over the course of his remarkable career Oscar Wilde published two volumes of fairy tales *The Happy Prince and Other Tales* and *A House of Pomegranates* Both collections feature numerous stories with protagonists who may be said to be disability aligned owing to their pronounced physical differences In *The Importance of Being Different* Chris Foss explores the way that Wilde's stories problematically replicate many of the Victorian era's typical responses to disability but also the ways they diverge offering a more progressive orientation both through more sympathetic identifications with disability aligned characters and through a self conscious foregrounding of the mechanisms of pity and the consumption of pain The first ever monograph to examine Wilde's work through a disability studies lens this groundbreaking book encompasses all of his fairy tales as well as his writings during and after imprisonment Even though Wilde unflinchingly represented the extent to which these peculiar bodies suffered rejection by society he encouraged his readers to embrace them and to advocate for emotional

responses that engage love and kindness toward both individual transformation and social change

Love, Sex, Gender, and Superheroes Jeffrey A. Brown, 2021-11-19 Impossibly muscular men and voluptuous women parade around in revealing skintight outfits and their romantic and sexual entanglements are a key part of the ongoing drama Such is the state of superhero comics and movies a genre that has become one of our leading mythologies conveying influential messages about gender sexuality and relationships Love Sex Gender and Superheroes examines a full range of superhero media from comics to films to television to merchandising With a keen eye for the genre's complex and internally contradictory mythology comics scholar Jeffrey A Brown considers its mixed messages Superhero comics may reinforce sex roles with their litany of phallic musclemen and slinky femme fatales but they also blur gender binaries with their emphasis on transformation and body swaps Similarly while most heroes have heterosexual love interests the genre prioritizes homosocial bonding and it both celebrates and condemns gendered and sexualized violence With examples spanning from the Golden Ages of DC and Marvel comics up to recent works like the TV series The Boys this study provides a comprehensive look at how superhero media shapes our perceptions of love sex and gender

Spectral Characters Sarah Balkin, 2019-07-31 Theater's materiality and reliance on human actors has traditionally put it at odds with modernist principles of aesthetic autonomy and depersonalization Spectral Characters argues that modern dramatists in fact emphasized the extent to which humans are fictional made and changed by costumes settings props and spoken dialogue Examining work by Ibsen Wilde Strindberg Genet Kopit and Beckett the book takes up the apparent deadness of characters whose selves are made of other people whose thoughts become exteriorized communication technologies and whose bodies merge with walls and furniture The ghostly vampiric and telepathic qualities of these characters Sarah Balkin argues mark a new relationship between the material and the imaginary in modern theater By considering characters whose bodies respond to language whose attempts to realize their individuality collapse into inanimacy and who sometimes don't appear at all the book posits a new genealogy of modernist drama that emphasizes its continuities with nineteenth century melodrama and realism

Artificial Generation Christina Parker-Flynn, 2021-11-19 Artificial Generation Photogenic French Literature and the Prehistory of Cinematic Modernity investigates the intersection of film theory and nineteenth century literature arguing that the depth of amalgamation that occurred within literary representation during this era aims to replicate an illusion of life and its sensations in ways directly related to broader transitions into our modern cinematic age A key part of this evolution in representation relies on the continual re-emergence of the artificial woman as longstanding expression of masculine artistic subjectivity which by the later nineteenth century becomes a photographic and filmic drive Moving through the beginning of film history from Georges Méliès and other silent filmmakers in the 1890s into more contemporary movies including Alfred Hitchcock's Vertigo 1958 and Blade Runner 2049 2017 the book analyzes how films are often structured around the prior century's mythic and literary principles which now serve as foundation for film as medium a phantom form for life's re-

presentation Artificial Generation provides a crucial reassessment of the longstanding mutual exchange between cinematic and literary reproduction offering an innovative perspective on the proto cinematic imperative of simulation within nineteenth century literary symbolism *Literary Cosmopolitanism in the English Fin de Siècle* Stefano Evangelista, 2021 This volume explores the significance of cosmopolitanism for literary studies and argues that the English fin de siècle witnessed an intense debate about cosmopolitanism which in turn influenced literary representations of individual and national identity and shaped attitudes towards the idea of world literature **50 LGBTQ+ Finds** Ben Paites, 2025-04-15 A fascinating new entry in this popular series exploring Britain's LGBTQ history through objects recorded by the Portable Antiquities Scheme [The importance of being a reader: A revision of Oscar Wilde's works](#) Christina Pascual Aransáez, 2014-11 This book explores Wilde's works from the hypothesis that they call upon the active participation of the reader in the production of meaning It has a twofold objective first it shows that Wilde's emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co creator in the construction of meaning Second it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these The examination of Wilde's writings reveals how he gradually combined more sophisticated techniques that encouraged the reader's dynamic role with the progressive exploitation of self advertising strategies for professional purposes These allowed the commercial Oscar to make his works successful among the Victorian public without betraying the literary Wilde's aesthetic principles The present study re evaluates Wilde as a critic and as a writer It demonstrates that while Wilde the myth was ahead of his time in many ways Wilde the ARTIST anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians Thus it may contribute to give him the status he rightly deserves in the history of literature *Cosmopolitan Criticism* Julia Prewitt Brown, 1997 Brown English Boston U places Wilde in the continuum of continental philosophy from Kant and Schiller through Kierkegaard and Nietzsche to Benjamin and Adorno discussing his conception of art its meaning and the contradictory relations between art and the sphere of the ethical everyday Annotation copyrighted by Book News Inc Portland OR *Beautiful Untrue Things* Gregory Mackie, 2019-05-09 Borrowing its title from Oscar Wilde's essay The Decay of Lying this study engages questions of fraudulent authorship in the literary afterlife of Oscar Wilde The unique cultural moment of Wilde's early twentieth century afterlife Gregory Mackie argues afforded a space for marginal and transgressive forms of literary production that ironically enough Wilde himself would have endorsed Beautiful Untrue Things recovers the careers of several forgers who successfully inhabited the persona of the Victorian era's most infamous homosexual and arguably its most successful dramatist More broadly this study tells a larger story about Oscar Wilde's continued cultural impact at a moment when he had fallen out of favour with the literary establishment It probes the activities of a series of eccentric and often outrageous figures who inhabited Oscar Wilde's much mythologized authorial persona in forging him

they effectively wrote as Wilde in order to argue that literary forgery can be reimagined as a form of performance But to forge Wilde and generate beautiful untrue things in his name is not only an exercise in role playing it is also crucially a form of imaginative world making resembling what we describe today as fan fiction

With Pleasure Paul R. Abramson, Steven D. Pinkerton, 2002-10-17 Challenging everything from the mandates of the Catholic Church to the hotly debated ethics of pornography and from the controversy surrounding gay rights to issues of gender and feminism **With Pleasure** explores a new theory of human sexuality that ignites every hot topic in the public domain What role authors Paul Abramson and Steven Pinkerton ask does sexual pleasure play in our lives Is the pursuit of sexual enjoyment in our blood Our brains Our very nature Regardless of the source it can be agreed that the joys of sex are widely appreciated Why then is pleasure so often overlooked in discussions of sexual behaviour and why do cultural historical and religious treatises so often fail to emphasise or outright ignore this obvious aspect of human sexuality Responding to these and many other questions about our most private affairs **With Pleasure** provides a profoundly original challenge to the cherished truisms of human sexuality Abramson and Pinkerton proclaim the paramount importance of pleasure while at the same time overthrowing traditional ideas about gender pornography contraception homosexuality abortion and much more Supported by rigorous research and co written by one of the foremost authorities on sex **With Pleasure** argues that human sexuality cannot be understood if its significance is limited to reproduction alone The authors posit that in humans reproduction itself occurs as a byproduct of pleasure not the other way around and that it is the strong drive for pleasure that makes people overcome many obstacles and even life threatening dangers such as AIDS to have sex Ranging from discussions about the church to current debates about pornography and from evolutionary theory to questions about the future of sex and pleasure Abramson and Pinkerton argue persuasively that the pleasurable of sex cannot be restricted to purely reproductive behaviour **With Pleasure** advances a startling and original new theory about human sexuality one which the authors believe will replace all existing notions about sex The book standing in direct and deliberate opposition to traditions that try to confine sexuality to procreation is sure to ignite a firestorm of controversy

Reviewing **Wilde Discoveries Wilde Discoveries**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Wilde Discoveries Wilde Discoveries**," an enthralling opus penned by a highly acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book is central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
