Material Witness Ted Leigh, 2010-02-05 The publication of Porter's letters marks an occasion for a renewed celebration of his painting and an appreciation of his quirky indeed ornery personality Porter was a feisty correspondent who fearlessly entered the intellectual discourse of his time From the introduction by David Lehman In this lifetime of letters Fairfield Porter reveals the complexity and passion of a protagonist in a novel by Dostoevsky or Henry James Jane Freilicher Fairfield Porter 1907-75 has been called by poet John Ashbery perhaps the major American artist of the century He was also known as a gifted art critic Beyond shedding light on his personal views this collection of Fairfield Porter's letters demonstrates his profound contribution to American art and literature and displays his acumen as a political critic The letters tell the story of a reserved artist and intellectual torn between the tensions and pressures he felt among politics family life and painting a man who forged a painting style outside the politically correct artistic perceptions of both left and right The collection includes letters from Porter's early travels to the Soviet Union including a description of an interview with Trotsky as well as some of his later letters to close friends including Frank O'Hara Kenneth Koch Rod Padgett Larry Rivers and James Schuyler among others While the letters reveal many sides of the brilliant and independent minded Porter they also provide a cultural context for the time period and the circle of artists and poets with whom Porter associated The letters not only tell a story of the artist himself but are also valuable documents of the political and artistic upheavals of the 1930s 40s and 50s This rich collection is introduced by poet and critic David Lehman and includes notes by Justin Spring author of Porter's biography

The De-Definition of Art Harold Rosenberg, 1983-06-15 Like the great German critic Walter Benjamin Rosenberg is a master of dialectics whose sense of art is continuous with his sense of society and also like Benjamin bears no taint of compromised out of work radicalism Instead his radicalism is very much at work enabling him to spot and skewer fallacies false logic and the camouflaged nudity that is a large part of the art emperor's new wardrobe The De definition of Art detects with great sensitivity the forces that are deflecting and pressuring art in the direction of esthetic and moral nullity Jack Kroll Newsweek

Jackson Pollock's Mural Yvonne Szafran, Laura Rivers, Alan Phenix, Thomas Learner, Ellen G. Landau, Steve Martin, 2014-03-11 Jackson Pollock's 1912-1956 first large scale painting Mural in many ways represents the birth of Pollock the legend The controversial artist's creation of this painting has been recounted in dozens of books and dramatized in the Oscar winning film Pollock Rumors such as it was painted in one alcohol fueled night and at first didn't fit the intended space abound But never in doubt was that the creation of the painting was pivotal not only for Pollock but for the Abstract Expressionists who would follow his radical conception of art no limits just edges Mural painted in 1943 was Pollock's first major commission It was made for the entrance hall of the Manhattan duplex of Peggy Guggenheim who donated it to the University of Iowa in the 1950s where it stayed until its 2012 arrival for conservation and study at the Getty

Making Things and Teaching the Creative Arts in the Post-Digital Era Ellen Marie Saethre-McGuirk, 2022-06-28 This interdisciplinary book critically studies the processes of making art and creative arts education in the post-digital era. Drawing from fields such as Philosophy and Pedagogy, it demarcates a meaningful understanding of what it is to make art and things and to teach artmaking in this contemporary landscape. The book develops and articulates a phenomenology of aesthetic practices within the post-digital era and covers themes such as the aesthetic practices of making and the experience of an aesthetic act through a digital interface. Chapters also suggest new didactic approaches to understanding and creating form as an integral part of creative arts education in the post-digital era and analyses creative arts pedagogy research in this light. The experience of materials and space, both real and virtual, are presented for theoretical reflection throughout the book. This book will be of interest to scholars working in aesthetics, art design, public art, public space, art education, digital culture, and human-computer interaction studies. **The 20th Century** Mary Ellen Sterling, 1997-06
