

A black and white photograph of a statue of William F. Buckley, Jr. The statue is depicted lying down, with its arms outstretched horizontally. The figure is wearing a light-colored, long-sleeved shirt and dark trousers. The background is dark and textured, possibly a wall or a backdrop. The lighting highlights the contours of the statue's body and clothing.

WILLIAM F. BUCKLEY, Jr.

PATRON SAINT OF THE
CONSERVATIVES

Patrick Allitt

William F Buckley Jr Patron Saint Of The Conservatives:

William F. Buckley, Jr. John B. Judis, 1991-09-01 William F. Buckley, Jr. John B. Judis, 2001-01-29 A biography of William F Buckley who founded modern American conservatism started The National Review and influenced a generation of politicians **The Conservative Revolution** Lee Edwards, 1999-07-23 The triumph of the conservative movement in reshaping American politics is one of the great untold stories of the past fifty years At the end of World War II hardly anyone in public life would admit to being a conservative but as Lee Edwards shows in this magisterial work in the 1950s 1960s and 1970s a small group of committed men and women began to chip away at the liberal colossus and their descendants would scale the ramparts of power in the 1980s and 1990s Not even the fall of Newt Gingrich has changed the indisputable fact that the movement has truly rewritten the rules of American political life and the republic will never be the same Edwards tells the stories of how conservatives built a movement from the ground up by starting magazines by building grass roots organizations and by seizing control of the Republican party from those who espoused collaboration with the liberals and promised only to manage the welfare state more efficiently and not to dismantle it But most of all he tells the story of four men four leaders who put their personal stamp on this movement and helped to turn it into the most important political force in our country today Robert Taft Mr Republican the beacon of conservative principle during the lean Roosevelt and Truman years Barry Goldwater Mr Conservative the flinty Westerner who inspired a new generation Ronald Reagan Mr President the optimist whose core beliefs were sturdy enough to subdue an evil empire Newt Gingrich Mr Speaker the fiery visionary who won a Congress but lost control of it By their example and vision these men brought intellectual and ideological stability to an often fractious conservative movement and held the high ground against the pragmatists who would compromise conservative principles for transitory political advantage And through their efforts and those of their supporters they transformed the American political landscape so thoroughly that a Democratic president would one day proclaim The era of big government is over Political history in the grand style The Conservative Revolution is the definitive book on a conservative movement that not only has left its mark on our century but is poised to shape the century about to dawn

The Conservative Century Gregory L. Schneider, 2009 This concise history focuses on the development of American conservatism in the twentieth century up to the present Gregory L Schneider traces the course of a once reactionary movement opposed to progressive reform and the New Deal and describes how it came to advance alternative policies and programs that revolutionized the shaping of domestic politics foreign policy and economic policy Along the way he profiles such influential thinkers as William F Buckley Frank Meyer Henry Regnery and Barry Goldwater He also details how the decline of liberalism after the 1960s helped conservatives gain political power and how their energized activism and organization culminated in the election of Ronald Reagan in 1980 Schneider also describes how the years since the Reagan Revolution have been decidedly mixed for American conservatives God is a Conservative Kenneth J. Heineman, 2005-10

From Billy Graham and Ronald Reagan to Newt Gingrich and William Bennett this book provides an important look at the role of religion in conservative politics in modern America The author reveals the profoundly religious nature of contemporary conservatism offering an intriguing look at the social history of moral politics over the last three decades and the still tremulous aftershocks of the New Deal **Conservative Intellectuals and Richard Nixon** S. Mergel,2010-01-04

Conservative Intellectuals and Richard Nixon explores the relationship between postwar conservatives and the president from 1968 to 1974 Seemingly casting those years out of their history conservatives have never fully explored how Richard Nixon affected their movement They fail to realize the extent his presidency helped refocus their fight against liberalism and communism Mergel uses the Nixon years as a window into the Right s effort to turn ideology into successful politics It combines an assessment of Nixon s presidency through the eyes of conservative intellectuals with an attempt to understand what the Right gained from its experience with Nixon *The Conservatives* Patrick Allitt,2009-05-26 This lively book traces the development of American conservatism from Alexander Hamilton John Adams and Daniel Webster through Abraham Lincoln Teddy Roosevelt and Herbert Hoover to William F Buckley Jr Ronald Reagan and William Kristol Conservatism has assumed a variety of forms historian Patrick Allitt argues because it has been chiefly reactive responding to perceived threats and challenges at different moments in the nation s history While few Americans described themselves as conservatives before the 1930s certain groups beginning with the Federalists in the 1790s can reasonably be thought of in that way The book discusses changing ideas about what ought to be conserved and why Conservatives sometimes favored but at other times opposed a strong central government sometimes criticized free market capitalism but at other times supported it Some denigrated democracy while others championed it Core elements however have connected thinkers in a specifically American conservative tradition in particular a skepticism about human equality and fears for the survival of civilization Allitt brings the story of that tradition to the end of the twentieth century examining how conservatives rose to dominance during the Cold War Throughout the book he offers original insights into the connections between the development of conservatism and the larger history of the nation **The Conservative Turn** Michael Kimmage,2009-03-31 Kimmage focuses on the relationship between Lionel Trilling and Whittaker Chambers to explore the birth of neoconservatism

The Hollow Parties Daniel Schlozman,Sam Rosenfeld,2025-10-28 A major history from the Founding to our embittered present that explains the void Politico at the center of America s political parties Featured on The Ezra Klein Show and The Weekly Show with Jon Stewart America s political parties are hollow shells of what they could be locked in a polarized struggle for power and unrooted as civic organizations The Hollow Parties takes readers from the rise of mass party politics in the Jacksonian era through the years of Barack Obama and Donald Trump Today s parties at once overbearing and ineffectual have emerged from the interplay of multiple party traditions that reach back to the Founding Daniel Schlozman and Sam Rosenfeld paint unforgettable portraits of figures such as Martin Van Buren whose pioneering Democrats invented the machinery of the mass

political party and Abraham Lincoln and other heroic Republicans of that party's first generation who stood up to the Slave Power And they show how today's fractious party politics arose from the ashes of the New Deal order in the 1970s Activists in the wake of the 1968 Democratic National Convention transformed presidential nominations but failed to lay the foundations for robust movement driven parties Instead modern American conservatism hollowed out the party system deeming it a mere instrument for power Party hollowness lies at the heart of our democratic discontents With historical sweep and political acuity *The Hollow Parties* offers powerful answers to pressing questions about how the nation's parties became so dysfunctional and how they might yet realize their promise **American Catholic** D. G. Hart, 2020-10-15

American Catholic places the rise of the United States political conservatism in the context of ferment within the Roman Catholic Church How did Roman Catholics shift from being perceived as un-American to emerging as the most vocal defenders of the United States as the standard bearer in world history for political liberty and economic prosperity D G Hart charts the development of the complex relationship between Roman Catholicism and American conservatism and shows how these two seemingly antagonistic ideological groups became intertwined in advancing a certain brand of domestic and international politics Contrary to the standard narrative Roman Catholics were some of the most assertive political conservatives directly after World War II and their brand of politics became one of the most influential means by which Roman Catholicism came to terms with American secular society It did so precisely as bishops determined the church needed to update its teaching about its place in the modern world Catholics grappled with political conservatism long before the supposed rightward turn at the time of the Roe v Wade decision in 1973 Hart follows the course of political conservatism from John F Kennedy the first and only Roman Catholic president of the United States to George W Bush and describes the evolution of the church and its influence on American politics By tracing the roots of Roman Catholic politics in American culture Hart argues that Roman Catholicism's adaptation to the modern world whether in the United States or worldwide was as remarkable as its achievement remains uncertain In the case of Roman Catholicism the effects of religion on American politics and political conservatism are indisputable [10 Christians Everyone Should Know](#) John Perry, Thomas Nelson, 2012

Ten short biographies of Christian lives that still impact our culture and lives today **Creating Conservatism** Michael J. Lee, 2014-08-01 *Creating Conservatism* charts the vital role of canonical post World War II 1945 1964 books in generating guiding and sustaining conservatism as a political force in the United States Dedicated conservatives have argued for decades that the conservative movement was a product of print rather than a march a protest or a pivotal moment of persecution *The Road to Serfdom* *Ideas Have Consequences* *Witness The Conservative Mind* *God and Man at Yale* *The Conscience of a Conservative* and other mid century texts became influential not only among conservative office holders office seekers and well heeled donors but also at dinner tables school board meetings and neighborhood reading groups These books are remarkable both because they enumerated conservative political positions and because their

memorable language demonstrated how to take those positions functioning in essence as debate handbooks Taking an expansive approach the author documents the wide influence of the conservative canon on traditionalist and libertarian conservatives By exploring the varied uses to which each founding text has been put from the Cold War to the culture wars Creating Conservatism generates original insights about the struggle over what it means to think and speak conservatively in America

A Conspiratorial Life Edward H. Miller, 2024-05-31 A cleverly written finely textured and badly needed study of a pivotal and too often marginalized figure in the development of the modern American Right The Journal of Southern History Though you may not know his name Robert Welch 1899 1985 founder of the John Birch Society is easily one of the most significant architects of our current political moment In *A Conspiratorial Life* the first full scale biography of Welch Edward H. Miller delves deep into the life of an overlooked figure whose ideas nevertheless reshaped the American right A child prodigy who entered college at age twelve Welch became an unlikely candy magnate founding the company that created Sugar Daddies Junior Mints and other famed confections In 1958 he funneled his wealth into establishing the organization that would define his legacy and change the face of American politics the John Birch Society Though the group's paranoiac right wing nativism was dismissed by conservative thinkers like William F. Buckley its ideas gradually moved from the far right fringe into the mainstream By exploring the development of Welch's political worldview *A Conspiratorial Life* shows how the John Birch Society's rabid libertarianism and its highly effective grassroots networking became a profound yet often ignored or derided influence on the modern Republican Party Miller convincingly connects the accusatory conservatism of the midcentury John Birch Society to the inflammatory rhetoric of the Tea Party the Trump administration Q and more As this book makes clear whether or not you know his name or what he accomplished it's hard to deny that we're living in Robert Welch's America Offers a good angle from which to appraise the fractured state of American conservatism Financial Times

Catholic Intellectuals and Conservative Politics in America, 1950-1985 Patrick Allitt, 2019-01-24 At the end of World War II conservatism was a negligible element in U.S. politics but by 1980 it had risen to a dominant position Patrick Allitt helps explain the remarkable growth of the contemporary conservative movement in the light of Catholic history in the United States Allitt focuses on the role of individual Catholics against a backdrop of volatile cultural change showing how such figures as William F. Buckley Jr. Garry Wills John T. Noonan Jr. Michael Novak John Lukacs Thomas Molnar Russell Kirk Clare Boothe Luce Ellen Wilson Charles Rice and James McFadden forged a potent anti-liberal intellectual tradition *Catholic Intellectuals and Conservative Politics in America 1950-1985* is much more than a history of conservative Catholics for it illuminates critical themes in postwar American society As Allitt narrates the interplay of liberal and conservative politics among Catholics he unfolds a history both intricate and sweeping After describing how New Conservatism was shaped in the 1950s by William F. Buckley Jr. and an older generation of Catholic thinkers including Ross Hoffman and Francis Graham Wilson Allitt traces the range of Catholic responses to the cataclysmic events of the 1960s the election of John F. Kennedy the

civil rights movement the decolonization of Africa Supreme Court decisions on school prayer the war in Vietnam and nuclear arms proliferation He shows how the transformation of the Church prompted by the Second Vatican Council not only intensified existing divisions among Catholics but also shattered the unity of the Catholic conservative movement Turning to the 1970s Allitt chronicles bitter controversies concerning family roles contraception abortion and gay rights Next comparing the work of John Lukacs Thomas Molnar Garry Wills and Michael Novak from the 1950s through the 1980s Allitt demonstrates how individual Catholic conservatives drew different lessons from similar contingencies He concludes by assessing recent ideological shifts within American Catholicism using as his test case the conservative resistance to the Catholic Bishops 1983 Pastoral Letter on Nuclear Weapons Offering new insight into the subtle interplay between religion and politics Catholic Intellectuals and Conservative Politics in America 1950-1985 will be engaging reading for everyone interested in the postwar evolution of American politics and culture

The Encyclopedia of New York State Peter Eisenstadt, 2005-05-19 The Encyclopedia of New York State is one of the most complete works on the Empire State to be published in a half century In nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of New York State as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life The Encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history Did you know that Manhattan s Lower East Side was once the most populated neighborhood in the world but Hamilton County in the Adirondacks is the least densely populated county east of the Mississippi New York is the only state to border both the Great Lakes and the Atlantic Ocean the Erie Canal opened New York City to rich farmland upstate and to the west Entries by experts chronicle New York s varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state s diverse regions and peoples into one idea of New York State Lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the Encyclopedia is key to understanding the state s past present and future It is a crucial reference for students teachers historians and business people for New Yorkers of all persuasions and for anyone interested in finding out more about New York State

The Abandonment of the West Michael Kimmage, 2020-04-21 This definitive portrait of American diplomacy reveals how the concept of the West drove twentieth century foreign policy how it fell from favor and why it is worth saving Throughout the twentieth century many Americans saw themselves as part of Western civilization and Western ideals of liberty and self government guided American diplomacy But today other ideas fill this role on one side a technocratic liberal international order and on the other the illiberal nationalism of America First In The Abandonment of the West historian Michael Kimmage shows how the West became the dominant idea in US foreign policy in the first half of the twentieth century and how that consensus has unraveled We must revive the West he argues to counter authoritarian challenges from Russia and China This is an urgent portrait of modern America s complicated origins its emergence as a

superpower and the crossroads at which it now stands *The Conservative Intellectual Movement in America Since 1945* George H. Nash, 2014-04-08 First published in 1976 and revised in 1996 George H Nash s celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the volume s thirtieth anniversary includes a new preface by Nash and will continue to instruct anyone interested in how today s conservative movement was born **The Cambridge Companion to the Twentieth-Century American Novel and Politics** Bryan M. Santin, 2023-10-12 Surveying the relationship between American politics and the twentieth century novel this volume analyzes how political movements ideas and events shaped the American novel It also shows how those political phenomena were shaped in turn by long form prose fiction The book is made up of three major sections The first section considers philosophical ideologies and broad political movements that were both politically and literarily significant in the twentieth century United States including progressive liberalism conservatism socialism and communism feminism and Black liberation movements The second section analyzes the evolving political valences of key popular genres and literary forms in the twentieth century American novel focusing on crime fiction science fiction postmodern metafiction and immigrant fiction The third section examines ten diverse politically minded novels that serve as exemplary case studies across the century Combining detailed literary analysis with innovative political theory this Companion provides a groundbreaking study of the politics of twentieth century American fiction **Uncertain Empire** Joel Isaac, Duncan Bell, 2012-09-01 Uncertain Empire brings debates over national global and transnational history into focus and offers students of the Cold War a new framework for considering recent developments in the field **Price of Fame** Sylvia Jukes Morris, 2014-06-17 I hope I shall have ambition until the day I die Clare Boothe Luce told her biographer Sylvia Jukes Morris Price of Fame the concluding volume of the life of an exceptionally brilliant polymath chronicles Luce s progress from her arrival on Capitol Hill through her career as a diplomat prolific journalist and magnetic public speaker as well as a playwright screenwriter pioneer scuba diver early experimenter in psychedelic drugs and grande dame of the GOP in the Reagan era Tempestuously married to Henry Luce the powerful publisher of Time Inc she endured his infidelities while pursuing her own and remained a practiced vamp well into her crowded later years during which she strengthened her friendships with Winston Churchill Somerset Maugham John F Kennedy Evelyn Waugh Lyndon Johnson Salvador Dal Richard Nixon William F Buckley Ronald Reagan and countless other celebrities Sylvia Jukes Morris is the only writer to have had complete access to Mrs Luce s prodigious collection of public and private papers In addition she had unique access to her subject whose death at eighty four ended a life that for variety of accomplishment qualifies Clare Boothe Luce for the title of Woman of the Century Praise for Price of Fame The twentieth century history of this country seen through the eyes and actions of a remarkable woman one of the most fabulous intimate biographies I have ever read Liz Smith Chicago Tribune The epic Price of Fame is a thrilling account of one of the twentieth century s most intriguing and ambitious society figures

Amanda Foreman bestselling author of *Georgiana Duchess of Devonshire* *Delicious In Price of Fame* Sylvia Jukes Morris takes up the story she began in *Rage for Fame* Both books are models of the biographer's art meticulously researched sophisticated fair minded and compulsively readable Edward Kosner *The Wall Street Journal* Clare Boothe Luce was one of the twentieth century's most ambitious unstoppable and undeniably ingenious characters This full warts and all biography hauls her back into the limelight and does her full justice Janet Maslin *The New York Times* Poignant and profound nothing short of a triumph Marion Elizabeth Rodgers *The Washington Times* Compelling a brilliant biography Peter Tonguette *The Christian Science Monitor*
