William 520percent Miller The Ponzi Files 1:

William 520% Miller V. G. Oltmann, 2014-02-11 New York investors of 1899 discovered the hottest financial opportunity in the United States thanks to William Miller a twenty one year old man struggling to support his sick wife and baby Follow the story of the 21 year old man who defrauded 13 000 people of a total exceeding 1 million dollars in 1899 The full story behind this classic Ponzi scheme might never have been known if it weren't for the persuasive skills of a single district attorney who visited William Miller's jail cell and managed to penetrate his wall of silence Although many people credit Carlo Charles Ponzi with inventing the Ponzi scheme William 520 per cent Miller and his Franklin Syndicate scam predated Ponzi's postage coupon scam by 20 years and may have provided Ponzi with the inspiration for his own fraud Worldwide Human Corruption Robert H. Schram, 2014-10-21 I was inspired to write Worldwide Human Corruption after years of reading about corruption in every venue of human activity government business law arts politics medicine sports media etc The topic is so vast that initially I had trouble containing it Researching types and definitions of corruption allowed me to focus my attention on each type aided by international research on the subject *Anatomy of a Ponzi Scheme: Scams Past and Present* Colleen Cross, 2024-09-22 The unputdownable true crime financial thriller and instant 1 bestseller Wall Street sell offs and stock market meltdowns aren't the worst that can happen What if you're invested in a Ponzi Scheme It can happen to you Market volatility financial upheaval and economic uncertainty are the main catalysts for Ponzi scheme collapse and financially ruined investors Politics global instability trade wars and volatile stock markets can all be catalysts for a financial meltdown When markets collapse fraud Ponzi schemes and other investment scams are exposed but usually too late to get your money back Are you and your money protected Can you spot a Ponzi scheme Most people don't know that they're caught in a fraudulent investment until it's too late At best they lose their retirement funds college funds and nest eggs At worst they are financially ruined You owe it to yourself and your family to learn how to spot and avoid Ponzi schemes and protect your money Most of the 10 biggest Ponzi schemes collapsed during the Great Recession and financial crisis Today's financial markets are even more volatile with catalysts providing exactly the right conditions to trigger a Ponzi scheme collapse Unwitting investors will be financially ruined and left holding the bag The next massive Ponzi scheme collapse will surprise both veteran investors and financial experts alike and will dwarf Bernard Madoff's massive 50 billion fraud during the 2008 financial crisis Will you be a victim of the greatest fraud of the 21st century or will you be prepared Don't fall prey to the next wolf of Wall Street You will be surprised to learn you are probably already invested in one of these schemes either directly or indirectly as part of your mutual fund pension fund hedge fund or other investments Many innocent victims suffered financial ruin simply because they didn't spot the Ponzi scheme red flags and warning signs until it was too late Knowledge is power and by following a few simple steps you can protect yourself and your money You'll also discover exactly how Bernard Madoff Scott Rothstein Tom Petters and others defrauded investors for years and how they ultimately got caught Get *Anatomy of a Ponzi* today so you can
