Willing Life Memories Don Crawford:

Willing Don Crawford, 2015-12-16 Don Crawford was born the son of a gold mine engineer on the Philippine Island of Luzon approximately one year before Japan's attack on Manila during World War II. He spent his formative years not only as a refugee of war hiding in the jungles of Luzon but as a prisoner of war along with his father, mother, and two sisters in Santo Tomas Internment Camp in Manila. He was nearly four years old when his family was finally liberated. Don believes these early years, the legacy of his parents' sacrifice, and the stories he grew up hearing about these events shaped his outlook on life. He considers any trials he's encountered throughout his life as opportunities to walk in the footsteps of his parents to demonstrate a similar courage. This is an account of the daunting circumstances Don's family endured and their lasting effect on his own legacy. **The American Home Missionary**, 1916 **The Wiseman Review**, 1967 **Crawford's Affair**

Michael R.E. Adams, Bridgerton meets Virginia Woolf in this artfully entertaining romp. Crawford Manor once stood as the nexus of elite society. But now silence and ache consume the halls. Horatio Crawford and his family live very separate lives. So Horatio reignites the summer social season. He strives to reclaim glory. But youth rebels with romance. And enemies scheme. Can he uncover the secrets before his family falls to scandal? Diverse romances. Adventurously lyrical prose. Crawford's Affair celebrates the comedy of manners with offbeat humor and a nod to Mrs Dalloway. **Life** John Ames Mitchell, 1892 **Life**, 1892 **Primitive Methodist**, 1895 **The Dublin Review**, 1967 **Won over** Nellie Hellis, 1885 **Youth's**

Companion, 1914 **Writing the Breakout Novel** Donald Maass, 2002-08-01 Take your fiction to the next level. Maybe you're a first-time novelist looking for practical guidance. Maybe you've already been published but your latest effort is stuck in mid-list limbo. Whatever the case may be, author and literary agent Donald Maass can show you how to take your prose to the next level and write a breakout novel, one that rises out of obscurity and hits the best-seller lists. Maass details the elements that all breakout novels share regardless of genre, then shows you writing techniques that can make your own books stand out and succeed in a crowded marketplace. You'll learn to establish a powerful and sweeping sense of time and place, weave subplots into the main action for a complex engrossing story, create larger-than-life characters that step right off the page, explore universal themes that will interest a broad audience of readers, sustain a high degree of narrative tension from start to finish, develop an inspired premise that sets your novel apart from the competition. Then, using examples from the recent works of several best-selling authors, including novelist Anne Perry, Maass illustrates methods for upping the ante in every aspect of your novel writing. You'll capture the eye of an agent, generate publisher interest, and lay the foundation for a promising career. **Commerce Business Daily**, 2001-02 **Secrets of the Shipyard Girls** Nancy Revell, 2017-09-21

Modern Hatreds Stuart J. Kaufman, 2015-06-22 Ethnic conflict has been the driving force of wars all over the world yet it remains an enigma What is it about ethnicity that breaks countries apart and drives people to acts of savage violence against their lifelong neighbors Stuart Kaufman rejects the notion of permanent ancient hatreds as the answer Dissatisfied as well with a purely rationalist explanation he finds the roots of ethnic violence in myths and symbols the stories ethnic groups tell about who they are Ethnic wars Kaufman argues result from the politics of these myths and symbols appeals to flags and faded glories that aim to stir emotions rather than to address interests Popular hostility based on these myths impels groups to follow extremist leaders invoking such emotion laden ethnic symbols If ethnic domination becomes their goal ethnic war is the likely result Kaufman examines contemporary ethnic wars in the Caucasus and southeastern Europe Drawing on information from a variety of sources including visits to the regions and dozens of personal interviews he demonstrates that diplomacy and economic incentives are not enough to prevent or end ethnic wars The key to real conflict resolution is peacebuilding the often overlooked effort by nongovernmental organizations to change hostile attitudes at both the elite and the grassroots levels **Youth's Companion**, 1914 *LIFE*, 1971-02-19 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE.com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today's people and events They have free access to share print and post images for personal use

The Twenty-first Century African American Novel and the Critique of Whiteness in Everyday Life E. Lâle Demirtürk, 2016-05-25 This book examines the post 9/11 African American novels developing a new critical discourse on everyday discursive practices of whiteness The critique of everyday life in the racial context of post 9/11 American society is important in considering diverse forms of the lived experiences and subjectivities of black people in the novels They help us see that African American representations of the city have political significance in that the neo urban novel explores the possibility of a black dialogic communication to build a transformative social change Since the real power of Whiteness lies in its discursive power the book reveals the urgency to understand not only how whiteness works in everyday life in American society But it also explores how to cultivate new possibilities of configuring and performing Blackness differently as a response to the post 9/11 configurations of the culture of fear to produce new ways of interactional social relations that can eventually open up the space of critical awareness for white people to work against

rather than reinforce discursive practices of White supremacy in everyday life This book explores how the multiple subjectivities and transformative acts of blackness can offer ways of subverting the discursive power of the white embodied practices What defines post 9 11 America as a nation that is consumed by the fear of racialized terrorists is its roots in the fear of uncontrollable Blackness as excess and ominous threat in the domestic terrain through which the ideology of White supremacy has constructed for governing through Whiteness African American urban novels published in the twenty first century respond to the discursive power of normative Whiteness that regulates black bodies selves and lives This book demonstrates how black people contest white dominant social spaces as sites of black criminality and exclusion in an attempt to re signify them as the sites of black transformative change through personal and grassroots activism through their performativity of Blackness as an agential identity formation in their interpersonal urban social encounters with white people Hence the vulnerable spaces of Whiteness in interracial urban encounters as it pervasively addresses those moments of transformative change enacted by Black characters in the face of the discursive practices of whiteness in the everyday life These novels celebrate multifarious representations of black individuals who are capable of using their agency to subvert White discursive power in finding ways in their personal and grassroots activism to transform the culture of fear that locates Blackness as such in an attempt to make a difference in the American society at large
