Win the War Cook Book (Classic Reprint) Reah Jeannette Lynch, 2015-08-08 Excerpt from Win the War Cook Book
The great light of liberty justice and equality that burst upon the world in 1776 is today threatened to be put out with a hand of blood and iron Women of America awake We have a definite part to play in this the greatest tragedy in the world s history We need not form ourselves into battalions of death but into bat talions of life Save food and we save life We are unwilling to believe that the women of America are slackers in other words traitors to our beloved country and its beautiful emblem within whose folds are wrapped all that makes existence worth while A woman if there be such who says I will not use corn in place of wheat who says I will not save a teaspoonful of sugar each day who says I will eat beef mutton and pork daily is as truly a traitor to her country as was Benedict Arnold or Aaron Burr The object of this War Cook Book is to place within one cover all that which has been printed in manifold forms of the best thought of those capable of telling us how to use intelligently the substitutes which our Government has asked us to use Ours is the splendid burden of feeding the world It can be done in but one way The way of voluntary and larger resolu tion and action of the whole people in every shop and every kitchen and at every table in the land About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Industrial Colonies and Village Settlements for the Consumptive (Classic Reprint) German Woodhead, 2018-01-19 Excerpt from Industrial Colonies and Village Settlements for the Consumptive Symonds and we together examined the patients sampled the climate and other conditions and argued with Unger and Ruedi Then for the second time came Hope more solid Hope Given a fairly early case and three years and recovery was in the offing And so we went on cheerfully with Davos But Davos was not for every one nor was every case an early one Then came the discovery that lower altitudes would do if certain conditions were obtained and so arose the great sanatorium movement But slowly we found that patients could not spend their lives in sanatoriums and one day on making my way up to one of them in England I met on the way patient after patient slouching along bored to death with themselves and with each other and even worse in morale than in body Better discipline and better notions of therapeutics mended some of that still I could not forget those listless saunterers and it became evident to some of us however unwillingly that Hope was drooping again The sanatorium was doing a great educative work no doubt but at the end of its four or six months what then To send the patient away with recommendations about light jobs and a regime was almost a mockery or quite What about the wage and the family to be supported The next lesson was brought home to me by a visit

with other commissioners to certain cities concerning some such problems Before me now I see a gaunt hollow eyed man coughing and leaning against the wall as he tried to talk to us saying that his mates when he came out of the sanatorium good fellows as they were had bought him a milk that he might creep round and earn a bit The brave wife shawl on head and mill apron on had just come from the factory and apologised for the dirty house as well she might The poor thing was working all day at the factory to keep the wolf from the door All being dragged down together into the pit What is the value of a good house or a clean house if no wages What is there for the children And what is to stop the infection Who then would have the imagination the initiative the business capacity to lift this burden like lifting a world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Manly Meals and Mom's Home Cooking Jessamyn Neuhaus, 2012-03-15 A study of what American cookbooks from the 1790s to the 1960s can show us about gender roles food and culture of their time From the first edition of The Fannie Farmer Cookbook to the latest works by today's celebrity chefs cookbooks reflect more than just passing culinary fads As historical artifacts they offer a unique perspective on the cultures that produced them In Manly Meals and Mom's Home Cooking Jessamyn Neuhaus offers a perceptive and piquant analysis of the tone and content of American cookbooks published between the 1790s and the 1960s adroitly uncovering the cultural assumptions and anxieties particularly about women and domesticity they contain Neuhaus's in depth survey of these cookbooks questions the supposedly straightforward lessons about food preparation they imparted While she finds that cookbooks aimed to make readers mainly white middle class women into effective modern age homemakers who saw joy not drudgery in their domestic tasks she notes that the phenomenal popularity of Peg Bracken's 1960 cookbook *The I Hate to Cook Book* attests to the limitations of this kind of indoctrination At the same time she explores the proliferation of bachelor cookbooks aimed at the man in the kitchen and the biases they display about male and female abilities tastes and responsibilities Neuhaus also addresses the impact of World War II rationing on homefront cuisine the introduction of new culinary technologies gourmet sensibilities and ethnic foods into American kitchens and developments in the cookbook industry since the 1960s More than a history of the cookbook Manly Meals and Mom's Home Cooking provides an absorbing and enlightening account of gender and food in modern America An engaging analysis Neuhaus provides a rich and well researched cultural history of American gender roles through her clever use of cookbooks Sarah Eppler Janda History Reviews of New Books With sound scholarship and a focus on prescriptive food literature Manly Meals makes an original and useful contribution to our understanding of how gender

roles are institutionalized and perpetuated Warren Belasco senior editor of The Oxford Encyclopedia of American Food and Drink An excellent addition to the history of women s roles in America as well as to the history of cookbooks Choice

from the Old West Greg Patent,1996 **Beyond the Synagogue** Rachel B. Gross,2021-01-12 Finalist for the 2021 National Jewish Book Award in American Jewish Studies Honorable Mention 2021 Saul Viener Book Prize given by the American Jewish Historical Society Reveals nostalgia as a new way of maintaining Jewish continuity In 2007 the Museum at Eldridge Street opened at the site of a restored nineteenth century synagogue originally built by some of the first Eastern European Jewish immigrants in New York City Visitors to the museum are invited to stand along indentations on the floor where footprints of congregants past have worn down the soft pinewood Here many feel a palpable connection to the history surrounding them Beyond the Synagogue argues that nostalgic activities such as visiting the Museum at Eldridge Street or eating traditional Jewish foods should be understood as American Jewish religious practices In making the case that these practices are not just cultural but are actually religious Rachel B Gross asserts that many prominent sociologists and historians have mistakenly concluded that American Judaism is in decline and she contends that they are looking in the wrong places for Jewish religious activity If they looked outside of traditional institutions and practices such as attendance at

synagogue or membership in Jewish Community Centers they would see that the embrace of nostalgia provides evidence of an alternative under appreciated way of being Jewish and of maintaining Jewish continuity Tracing American Jews involvement in a broad array of ostensibly nonreligious activities including conducting Jewish genealogical research visiting Jewish historic sites purchasing books and toys that teach Jewish nostalgia to children and seeking out traditional Jewish foods Gross argues that these practices illuminate how many American Jews are finding and making meaning within American Judaism today
