From Pentecost to the Triune God Steven M. Studebaker,2012-12-19 In *From Pentecost to the Triune God* Steven Studebaker puts forth a provocative Pentecostal Trinitarian theology arguing that the Holy Spirit completes the fellowship of the triune God and therefore shapes the identities of the Father and the Son The Holy Spirit Studebaker maintains is not simply a passive end product of a procession from the Father and Son but rather a dynamic person who plays an active role in the Trinity and a constitutional consummational role in the history of redemption In the course of his study Studebaker shows the theological yield of the Pentecostal experience of the Holy Spirit and uncovers the biblical narratives of the Spirit from creation to Pentecost A constructive and ecumenical contribution to Trinitarian theology *From Pentecost to the Triune God* also engages major historical and contemporary figures such as Augustine the Cappadocians Weinandy and Zizioulas as well as representatives from the evangelical and charismatic traditions Finally Studebaker applies his Pentecostal Trinitarian theology to the theology of religions and creation care proposing that Christians embrace an inclusive posture toward people of other religious traditions and have an earth orientation that sees creation care as Christian formation **Hattanns** Petra Goedegebuure,Joost Hazenbos,2025-10-28 This volume honors Theo van den Hout the Arthur and Joann Rasmussen Professor Emeritus of Hittite and Anatolian Languages at the University of Chicago s Institute for the Study of Ancient Cultures and a preeminent philologist linguist and historian The thirty six essays offered here reflect the wide range of Professor van den Hout s research interests and include text editions studies on religion and writing and investigations into diverse lexical linguistic and literary topics "The" Tell El-Amarna Tablets in the British Museum Carl Bezold,1892 **Lloyd's Encyclopaedic Dictionary** ,1895 Zeus Arthur Bernard Cook,1914 Primitive Culture; Researches Into the Development of Mythology, Philosophy, Religion, Language, Art, and Custom Edward Burnett Tylor,1924 Primitive Culture Edward Burnett Tylor,1903 **A Corpus of Syriac Incantation Bowls** Marco Moriggi,2014-05-12 The Aramaic incantation bowls from Sasanian Mesopotamia are the most important source we have for studying the everyday beliefs of the Jewish Christian Mandaean Manichaean Zoroastrian and Pagan communities on the eve of the Islamic conquests In *A Corpus of Syriac Incantation Bowls* Marco Moriggi presents new editions of forty nine Syriac incantation bowls that were originally published between 1853 and 2012 with accompanying introductions translations philological notes photographs and glossaries Furthermore there is a detailed analysis of the Estrangela and Manichaean scripts as used on the bowls together with newly drawn script charts In gathering organising and updating most of the published Syriac bowls this book provides a valuable resource for further research into both their language and content This volume is a significant contribution to the study of the Syriac incantation bowls and it should be of great interest to scholars of magic in Late Antiquity as well as to those working in Syriac language literature and history since the Syriac incantation bowls are a fascinating yet often neglected component of the broader Syriac heritage Aaron M Butts Catholic University of America

Washington D C in JNES October 2015 Moriggi s new book will no doubt become an essential reference work for all interested in Syriac magical texts from late antiquity It is also an important contribution not only to our knowledge of the language of the Syriac incantation bowls but to the whole field of Babylonian Aramaic JBA and Mandaic Scholars of Aramaic are indebted to Moriggi for making this valuable and rewarding collection available It is certain to stimulate further interest and discussion in the field Ohad Abudraham Ben Gurion University of the Negev Beer Sheva Israel in *Orientalia* 2015 The volume certainly makes an enormous contribution to furthering studies on Syriac incantation texts and more generally on incantation bowls For any scholar who has an interest in incantation bowls this work is a must Erica C D Hunter SOAS University of London in *Orientalistische Literaturzeitung* 113 1 2018 *The New American Encyclopedic Dictionary* Robert Hunter,Edward Thomas Roe,Le Roy Hooker,Thomas W.
