Wine And Tourism A Strategic Segment For Sustainable Economic Development:

Wine and Tourism Marta Peris-Ortiz, María de la Cruz Del Río Rama, Carlos Rueda-Armengot, 2015-12-01 The aim of this book is to show how wine tourism can be used as a model for sustainable economic development driving economic growth and social development in some locations It will explore the interaction between tourism and viticulture in wine tourism destinations while also explaining some of the repercussions of these activities This book covers various topics including regional development environmental management sustainable viticulture quality management in wineries and wine tourism routes among others Wine tourism which combines two important yet distinct economic activities i e tourism and viticulture has recently emerged as a new tourism product driven by tourists search for new experiences and wineries need to diversify their businesses and seek new revenue streams to boost sales This new form of tourism which typically takes place in rural areas and which combines wine production with tourist activities is becoming important for such regions by providing a complementary income source It provides a model for sustainable economic development for these regions which for various reasons may otherwise struggle to develop Featuring cases and business implications from various locations this book provides an important source of knowledge both theoretical and practical suitable to academics scholars researchers and practitioners in the tourism sector and the wine industry

Tourism, Resilience and Sustainability Joseph M. Cheer, Alan A. Lew, 2017-08-07 In a world increasingly faced with and divided by regional and global crises resilience has emerged as a key concept with significant relevance for tourism A paradigmatic shift is taking place in the long term planning of tourism development in which the prevailing focus on sustainability is being enhanced with the practical application of resilience planning This book provides a critical appraisal of sustainability and resilience and the relationship between the two Contributions highlight the complexity of addressing social change with resilience planning in a range of tourism contexts from islands to mountains from urban to remote environments and in a range of international settings Case studies articulate how tourism is both an agent of social change and a victim of larger change processes and provide important lessons on how to deal with increasingly unstable economic social and environmental systems This is the first book to specifically examine social change and sustainability in tourism through a resilience lens This much needed contribution to the literature will be a key resource for those working in tourism studies tourism planning and management social geography and development studies among others

Food Tourism and Regional Development C. Michael Hall, Stefan Gössling, 2016-05-26 Food tourism is a topic of increasing importance for many destinations Seen as a means to potentially attract tourists and differentiate destinations and attractions by means of the association with particular products and cuisines food is also regarded as an opportunity to generate added value from tourism through local agricultural systems and supply chains and the local food system From a regional development perspective this book goes beyond culinary tourism to also look at some of the ways in which the interrelationships between food and tourism contribute to the economic environmental and social

wellbeing of destinations communities and producers It examines the way in which tourism and food can mutually add value for each other from the fork to the plate and beyond Looking at products e g cheese craft beer noodles wine attractions restaurants and events and diverse regional examples e g Champagne Hong Kong Jamaica Margaret River southern Sweden and Tuscany the title highlights how clustering networking and the cultural economy of food and tourism and foodscapes adds value for regions Despite the attention given to food wine and culinary tourism no book has previously directly focused on the contribution of food and tourism in regional development This international collection has contributors and examples from almost every continent and provides a comprehensive account of the various intersections between food tourism and regional development This timely and significant volume will inform future food and tourism development as well as regional development more widely and will be valuable reading for a range of disciplines including tourism development studies food and culinary studies regional studies geography and environmental studies Tourism Marketing Alastair M.

Gastronomy, particularly gourmet tourism, is widely acknowledged as having a powerful impact on local development. Public policies have developed in response to research highlighting gastronomy as key in a successful tourism economy. However, research thus far has not fully explored the underlying mechanisms of gastronomic tourism, in particular the marketing and perception of quality on economic development. This book considers how the quality of products, places and experiences contributes to the desirability and competitiveness of gourmet touristic destinations. The contributors present theoretical and empirical studies to create an original conceptual framework for regional development based on the quality of products, places and of touristic experience. It also examines the ways in which quality is linked to identity, diversity, innovation and creativity. With an interdisciplinary approach, this book will be of interest to researchers in tourism and hospitality, regional studies and human geography, as well as to tourism development professionals and policymakers in the areas of rural and local development. **Creative Industries and Entrepreneurship** Luciana Lazzeretti, Marilena Vecco, 2018. This book investigates the evolving paradigm of creative industries and creative entrepreneurship and their related economy over time. It explores different stages of the paradigm diffusion in first generation countries such as the US, Canada, Australia and Europe, and second generation countries in Asia.

South America and North Africa in order to identify new trends and their distinctive aspects By adopting a multidisciplinary approach the book develops a comprehensive overview of the composite phenomenon of the creative economy and its relationship with entrepreneurship
